INTER-STATE NURSERIES HAMBURG IOWA
AMERICA'S LARGEST DIRECT-TO-YOU NURSERIES

(TIGRIDIA PAV. GRAND)

AZTEC ^{TIGER} FLOWER

Pictured at the right is the rare, beautiful Tiger Flower of Old Mexico—sacred to the ancient Aztec sun worshippers. Opens its petals with the rising sun. Grows more glorious hourly 'till at noontime it stands upright with its gorgeous blooms fully unfolded, often six inches across. Then follows the declining sun to die at sunset. Blooms anew and dies, day after day, through the summer. Grows two feet tall. Simple planting instructions sent with every order. We have four separate colors: Red, Rose, Orange and Yellow—also the mixed colors.

CANNAS

Inter-State Cannas are well known for their large and beautiful flowers. A bed or border will give you a brilliant display all summer and fall till frost. You will say they are the finest, freest blooming you ever had.

Plant cannas 18 inches apart each way. A round 7 foot bed takes 19 bulbs—1 in center, 6 for 1st row, 12 for outside row. A 10 foot bed takes 37 bulbs—1 in center, 6 for 1st row, 12 for 2nd row and 18 outside row. We send big dormant bulbs, postpaid.

RED RUSSIAN LILY • VERMILLION BRILLIANT

An exceedingly beautiful lily which will be widely planted as soon as the stock is available. The flowers come in May-June, a rich scarlet-crimson, on stems about 2 feet tall. Perfectly hardy, easy to grow, succeed everywhere. Just plant them and leave alone. Postpaid, 4 to 5 inch Bulbs. Each 35c; 4 for \$1.00; 10 for \$2.00.

Lily, Hardy Red

This lily is often sold as Red Russian. Grows in most any kind of soil without special care or attention and lasts a lifetime. The orange-red flowers come in clusters in May-June on stems 2 feet tall. Postpaid, 5 to 6 inch Bulbs.

PHILIPPINE LILY

This magnificent new lily is sold under the names of Philippine, Formosa, Wonder and Dream. The flowers are fragrant, very large, twice as large as pictured. They are almost pure white, just a tinge of coppery-rose on the outside at the small end and a light touch of green on the inside back in the throat. They bloom for a long time, August to frost, grow 3 to 4 feet tall. Perfectly hardy, easy to grow, require no special soil or care. We have tested bulbs from Holland, Japan and various American growers and have found the Holland bulbs the best—larger flowers, better color, more blooms, more uniform growth. Therefore we imported our bulbs direct from Holland, from the world's largest bulb firm. We believe this is the finest, purest strain in commerce. We have made our prices so low that all can enjoy this wonderful new hardy lily this year and many years to come.

A black and white photograph of a tall, dense spike of flowers, likely a Delphinium. The image shows a vertical arrangement of many small, bell-shaped blossoms along a central stem. The flowers are dark in color, possibly purple or blue, and are tightly packed together. The background is light and slightly textured. The overall appearance is that of a botanical specimen or a garden plant in bloom.

A black and white photograph of a long, vertical, dense cluster of small, dark, rounded fruits or seed pods, likely from a plant like Mimosa pudica. The cluster is composed of many small, rounded, dark-colored fruits or seed pods, which are densely packed along a central stem. The leaves are small, dark, and appear to be arranged in a pinnate or bipinnate pattern, typical of Mimosa species. The overall appearance is that of a long, hanging raceme or panicle. The background is light and slightly textured.

A black and white photograph of a large, dense, upright plant with many small, light-colored flowers, growing in a garden bed. The plant is framed by a white, arched border.

Because We Grow and Sell Direct-to-You More Nursery Stock than Any Other Nursery, We Can Sell First Quality Stock at Low Prices

In your mind you have often pictured just what you would like to have—a good lawn, with shrubs, trees, flowers, a rose garden—an outdoor living room, with a flower and vegetable garden. This book will help you make those pictures, those plans, come true—and you will be surprised how little it will cost you.

America's Largest Direct-To-You Nurseries

Each year our business has shown an increase. We are proud and grateful that it has been our privilege to help hundreds of thousands of homes become better places in which to live. Our entire staff are here to serve you.

Greater values, better service and a sincere desire and effort to please you, have made us America's Largest Direct-to-You Nurseries.

This letter from Mr. Walter Adams, Allentown, Penna., tells better than we can, the ideal toward which we are striving.

"Received my nursery stock and I was very proud and satisfied with it all. I just have to let you know that by all means I am more than satisfied. So I want to thank you for your up-to-date stock, your honesty and your service. Remember, a satisfied customer is always the best advertisement. Take my word for it. I'm one. Thank you."

More than 10% of our business comes from those to whom we have never sent a catalog. Their friends and neighbors have told them about us and allowed them to use their catalog.

Guaranteed Quality

We are Nursery Specialists with a life-time of experience. We could write pages about new methods of propagation, about grading, about packing, but we can sum it all up in this sentence—*We realize that our success depends absolutely on your satisfaction.* Therefore we grow carefully, we grade carefully, we handle carefully, we pack carefully **SO THAT OUR STOCK WILL GIVE YOU SATISFACTION.** In fact, **WE GUARANTEE YOUR SATISFACTION.**

We do make mistakes, in spite of our best intentions and when we do **WE WANT YOU TO TELL US ABOUT IT.**

Inter-State Has the Equipment

We have the knowledge, we have the equipment, we have the organization.

No matter where you live, you have at your service all this knowledge, equipment and organization. Go through this catalog carefully, select what you want and send us your order. We **UNCONDITIONALLY GUARANTEE THAT OUR STOCK WILL REACH YOU IN PRIME CONDITION.**

Many Inter-State Prices are Lower

Nearly everything you buy today is higher than last year. Most nursery stock is being sold at a higher price. But you will find that many of our 1938 prices are **ACTUALLY LOWER** in 1938 than in 1937. Some are the same price and just a few items are slightly higher. We tell you frankly that the main reason we can reduce prices is simply because of the tremendous volume of orders you send us, the great increase in sales we are getting each year. Also the fact that we grow such large quantities of stock and have long time contracts, gives us a superior advantage. We have 988 acres of the finest nursery-growing land in the world. We have a fine organization for growing and handling stock.

Why You Should Buy From a Nursery

The growing and handling of nursery stock is a highly specialized business. It requires expert knowledge and handling. The average store or building **IS NOT SATISFACTORY FOR KEEPING NURSERY STOCK.** It is entirely too dry, too warm.

We completed last year what is generally conceded to be the finest and most modern building in America for handling our stock. We maintain a humidity of almost 100—the building is insulated with cork and kept cool and dark (not a single window in our main storage). There is not a floor of any kind, just dirt, because any kind of floor makes it too dry. Some items must be kept in sand, others in peat, some in dirt, etc. In short because Nursery Stock is **LIVING PLANTS** it must be handled properly and when you buy from **INTER-STATE**, there is no needless handling, no harmful exposure. The stock carefully packed and with all its natural vitality and vigor, is shipped from our plant **DIRECT TO YOU.**

PLANT Inter-State's Guaranteed Seeds

Because of increased volume, you will find that we have **MADE LOWER PRICES ON MANY SEEDS.** But most important to you is this—**INTER-STATE SEEDS ARE GUARANTEED TO GROW IN YOUR GARDEN.** We do not have the room to go into great detail about our seeds. We have selected only the best varieties. Whether for vegetables or flowers, send us your seed order. When you get them, notice how bright, fresh and clean they are—notice how many seeds there are in the packets. We guarantee your satisfaction. A trial will prove it.

INTER-STATE'S

Guarantee

and
the Men
Behind It

L. R. (Les) SJULIN

CARL O. (Billy) SJULIN

D. L. O. (Dave) SJULIN

1. We guarantee our nursery stock and seeds to be true to name; otherwise, we will replace free or refund the amount you paid us for it.

2. We guarantee our nursery stock and seeds to be first quality and to reach you in good, live, growing condition. Examine it carefully upon arrival, and, if you are not entirely satisfied, return it at once and we will replace it free, or refund your money.

3. Our stock is carefully handled and full of vitality and, under ordinary conditions should grow for you. But if it does not, owing to the weather and other conditions over which we have no control, we will replace it at half price the following season, if you notify us not later than October 1, 1938.

4. It is our earnest endeavor to satisfy our customers. We want you to be satisfied not only when you get our stock but also afterwards. When our fruits bear, when our roses bloom, when our seeds produce, etc., we want you to be enthusiastic about them. If you are not, and if you feel that it is our fault in any way, please write us. We want **YOU TO BE SATISFIED.**

INTER-STATE NURSERIES

AMERICA'S LARGEST DIRECT-TO-YOU NURSERIES

The Inter-State Nurseries are owned and operated by three brothers: Carl O. (Billy), Leslie R. and David L. O. Sjulín (this is a Scandinavian name and is pronounced "Shoe-lin"). We were practically born and raised in the nursery business. After years of experience with other nurseries, we started our own small nursery here at Hamburg, Iowa, in 1918. For many years we grew nursery stock for other nurseries, becoming one of the large growers in the middle west.

Finally we decided that as long as we were growing the stock, we should also sell it direct to the customer. So in the Spring of 1931 we issued our first catalog. Since then in the brief period of seven years, we have grown to be the Largest Direct-to-You Nurseries in America, with hundreds of thousands of customers from the Atlantic to the Pacific and Canada to the Gulf. This tremendous business has been built by

1st—Your Good Will, secured by giving Greater Values, Better Service and a sincere desire and effort to please you.

2nd—An unusually favorable location for growing good stock plus our practical knowledge and efficient organization.

3rd—Our catalog which is made so you can select exactly what you want. Moreover we list only the better varieties.

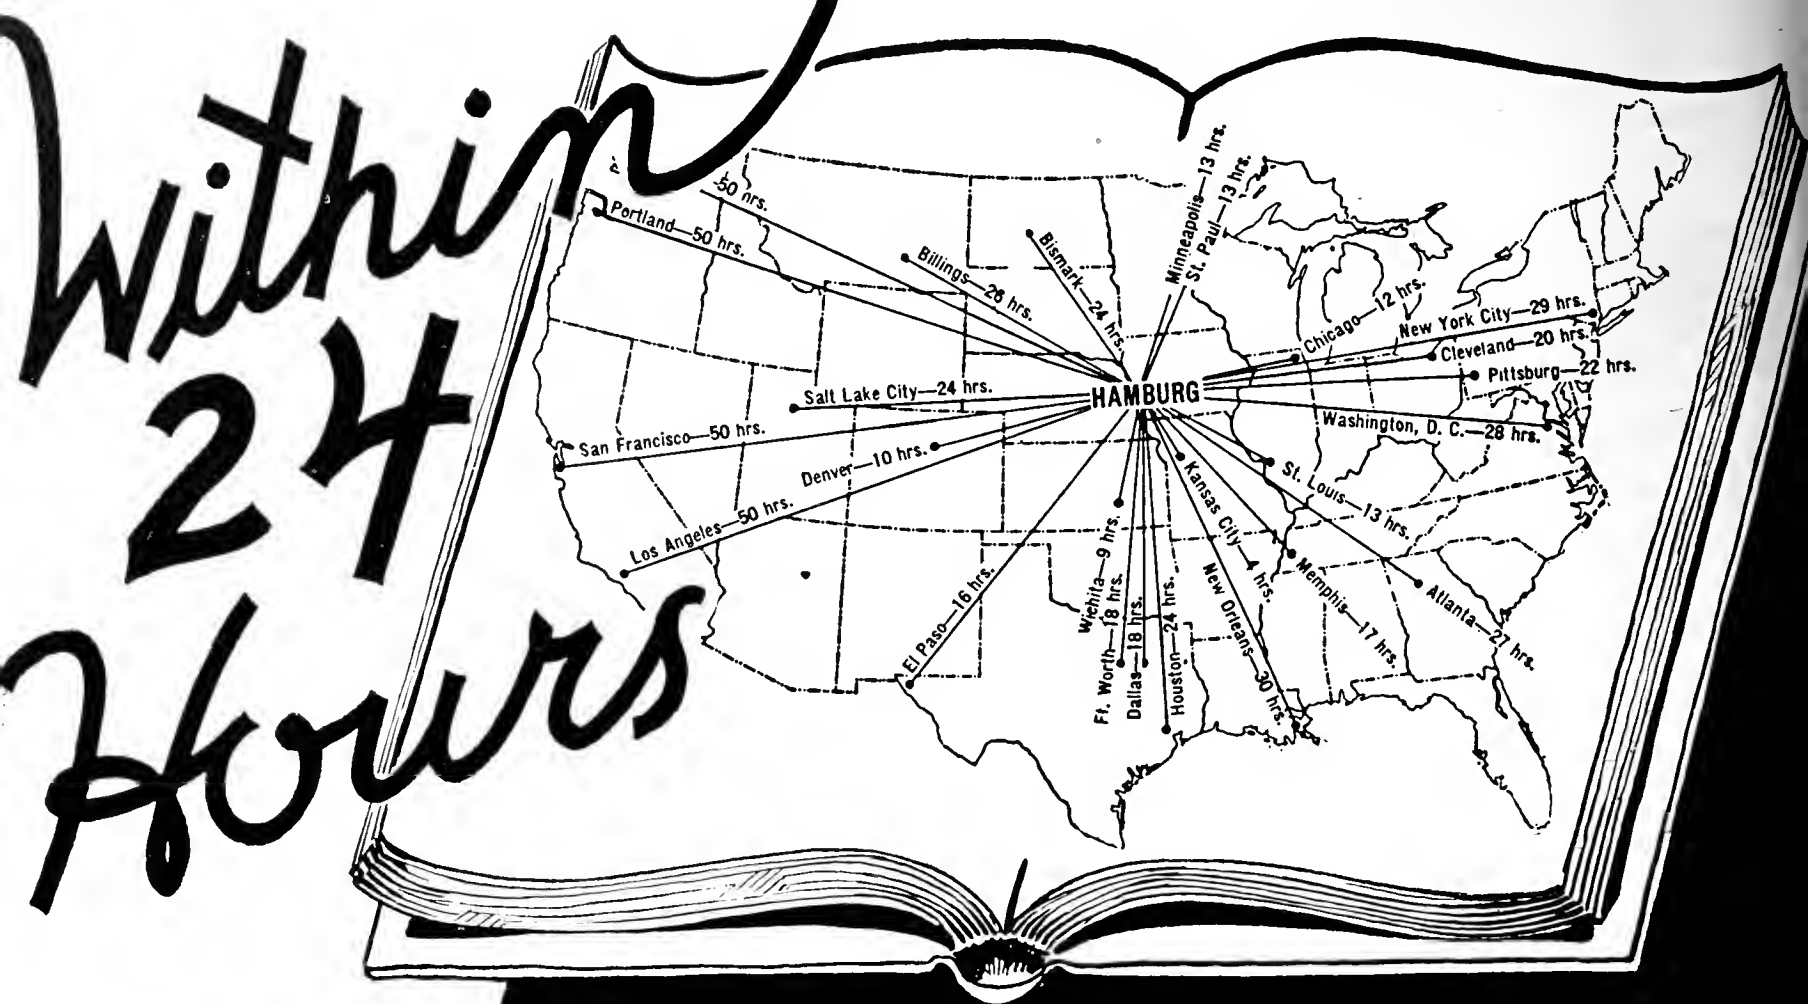

4th—Just plain hard work.

Good Will is the foundation of any successful enterprise. We owe our success to your Good Will; to the fact that you have found us worthy of your confidence and have not only sent us your own orders but have recommended us to your friends and neighbors. We sincerely appreciate what you have done and pledge our best efforts to deserve your continued patronage.

To you who have not tried our nursery stock and seeds, we can only request that you send us an order. You can rest assured that we will endeavor to so serve you that you will become not only a customer but a friendly, neighborly customer.

We hope you will enjoy looking through this book. Whatever you buy from it, will be a truly profitable investment. The joy, the pride, the satisfaction that comes from having a beautiful home, a fine garden, cannot be measured in mere dollars any more than can a Mother's love.

Friends, our sincere wish for you is—A Home of Happiness, A Home of Health, A Home of Beauty.

WE ARE WITHIN 24 HOURS OF ONE-HALF OF THE U. S.

As shown in the map above, Hamburg is within 24 hours of more than half the entire United States. The figures as shown in the map are the approximate number of actual train hours from Hamburg to the various cities. The first streamline high-speed train in America, the Burlington's Original Zephyr, makes its daily round trip run through Hamburg.

The mailman makes us neighbors. Right there in the quiet of your own home, you can carefully look through this catalog and select exactly what you want. In a few hours your letter reaches us and soon the stock is in your hands ready for planting. Of course stock which is ordered early in the season, is not shipped until the right time to plant. We unconditionally guarantee our stock to reach you in live, first-class growing condition, with all its natural vigor and vitality.

Thus you have right at hand, all the stock, all the service of the Inter-State Nurseries—stock and service that have made this the largest institution of its kind in America.

EASY TO ORDER

Nothing could be easier than sending us an order. You look through the book and select what you want. Between pages 4 and 5 is an order blank for nursery stock and between pages 60 and 61, an order blank for seeds. Of course you do not have to use these blanks but can write on any sheet of paper. If you put your seed order on a separate sheet from your nursery order, then the seed order goes right to the seed department without having to go through the nursery department.

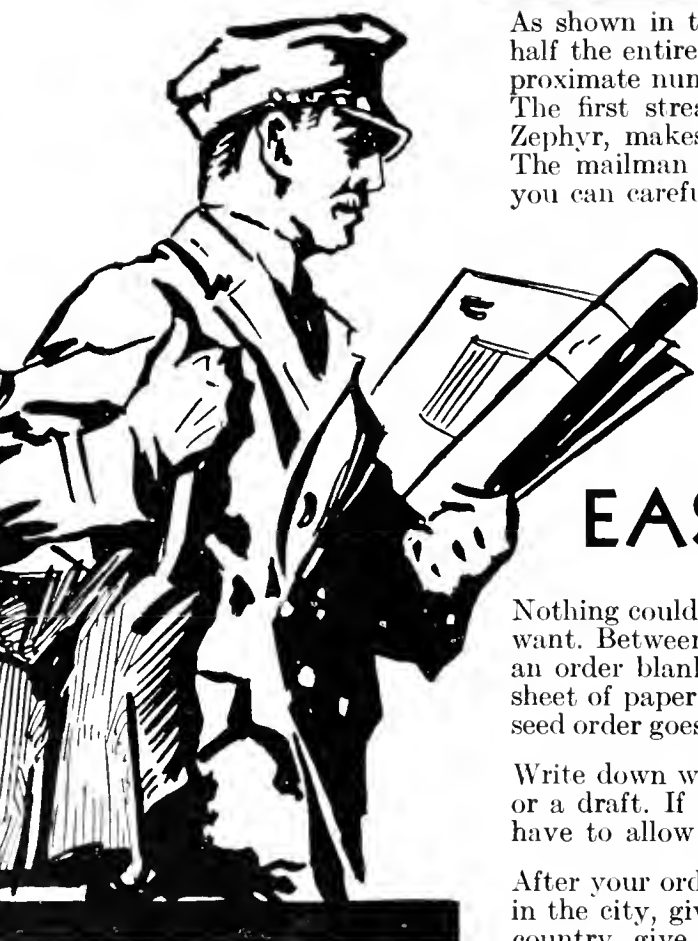

Write down what you want and add up the amount. You can send us Money Order, your check or a draft. If you send currency or cash, wrap it in paper and register your letter. You do not have to allow anything extra for postage as almost everything in this book is postpaid by us.

After your order is made out, be sure and write your full name and complete address. If you live in the city, give your street and house number or your postoffice box number. If you live in the country, give your rural route and box number. Please write your name and address very carefully and plainly.

If you order both seeds and nursery stock, the seeds are shipped to you at once. If it is time to plant, then the nursery stock is also shipped to you but in a separate bale. However if it is too early then the nursery stock is not shipped until the right time to plant.

Valuable Planting Guide Free

With every order of nursery stock, we send you Free a 24 Page Planting Guide. It gives you a world of real practical information with many illustrations. It tells you in a clear, simple way how to plant so that even if you have never before done any planting, you will have success. It tells you how to prune, how to water, how to care for plants over winter, how to arrange shrubs, how many bulbs for different size beds, etc. You would not take dollars for this book if you could not get another.

FREE Valuable Gifts for Ordering Early

So many folks wait until the last minute before they send in their orders. This makes it just like a Christmas rush in a big department store. If we get your order early, we can do all the preliminary work, such as booking order, writing labels and tags, zoning, etc.; then when the time comes for shipping, it is an easy matter to send out your order because everything is all ready to go

THEREFORE, IF YOU WILL SEND US YOUR ORDER FOR NURSERY STOCK REASONABLY EARLY, YOU MAY SELECT FREE PREMIUMS AS PER THE FOLLOWING SCHEDULE.

On nursery orders of \$3.00 to \$4.50, you may select ANY ONE of the 12 following Free Premiums.

On nursery orders of \$4.50 to \$7.50, you may select ANY TWO Free Premiums.

On nursery orders of \$7.50 and up, you may select ANY FOUR Free Premiums.

No. 1— 2 Boysenberries worth 50c

No. 2— 3 President Cannas worth 45c

No. 3— 2 Delphiniums worth 60c

No. 4—12 Chinese Elm, 18 to 24 inches worth 50c

No. 5— 3 Concord Grapes worth 45c

No. 6—12 Glads, all different, choicest colors, not labeled worth 50c

No. 7—3 Large Regal Lilies worth 50c

No. 8—2 Phlox (1 Mrs. Harding, 1 Starlight) worth 60c

No. 9—1 Prince Felix Everblooming Bush Rose worth 60c

No. 10—1 Paul's Scarlet Climbing Rose worth 40c

No. 11—2 New Snowberry Chenaulti Shrubs worth 50c

No. 12—2 Tigridia, Aztec Tiger Flower (1 Red, 1 Yellow) worth 50c

Thus you have your choice of 12 different Free Premiums, most of which are worth 50c or more. You will notice that these FREE PREMIUMS are popular varieties, stock that everybody wants and can use. We send you exactly the same high class stock as is used in filling orders. These Free Premiums will be included right with your other stock. Please be sure and write on your nursery order the Free Premiums you select. Otherwise none will be sent you as we will not know what you want.

REMEMBER, THESE FREE PREMIUMS ARE ONLY ON ORDERS FOR NURSERY STOCK.

Suppose your order of nursery stock amounts to \$3.85 (or any amount between \$3.00 and \$4.50) and you want the 3 Large Regal Lilies as your Free Premium. Then at the bottom of your nursery stock order, you simply write down "Free Premium No. 7." If your nursery stock

order amounts to \$5.35 (or any amount between \$4.50 and \$7.50) then you get two Free Premiums, alike or different, your choice of any of the twelve Free Premiums. If your order of nursery stock is \$7.50 or over, you may select any four Free Premiums, alike or assorted. Just write down the numbers of the Free Premiums you select.

Ordering early helps you because you get these valuable Free Premiums. Also you get the full benefit of planting early, because with early orders we have everything ready to ship just as soon as planting conditions are right, and you are sure to get what you want. Later in the season some items will be sold out. It helps us because it spreads the orders out over a longer period instead of bunching them up in just a few weeks. We can give you better service.

REMEMBER THAT WE DO NOT SHIP THE NURSERY STOCK UNTIL IT IS THE RIGHT TIME FOR YOU TO PLANT.

WE PAY POSTAGE

Please note that almost everything you order from this catalog is delivered to you, postpaid. This is a big saving to you as many firms charge extra for postage and the postage on the average \$5.00 order is 65c. In some cases we send by express prepaid rather than by parcel post.

OF COURSE, THE STANDARD AND SELECT SIZE FRUIT TREES AND SHADE TREES ARE TOO LARGE TO GO BY PARCEL POST, THEREFORE ARE SHIPPED BY EXPRESS NOT PREPAID. Nursery stock takes second class express rates which in many cases are as cheap as freight.

STOCK CAREFULLY PACKED

We pack our stock very carefully. The roots are first placed in damp moss and fibre, then wrapped in a special waterproof paper. Then the entire package is wrapped with several thicknesses of genuine Mosinee Kraft (an especially tough wrapping paper). We guarantee our stock to reach you in first-class growing condition.

Giant Latham

Giant Latham—The most popular raspberry and does well North, South, East and West. The fruit is larger than pictured, many are an inch long. Real red raspberry flavor. Firm and solid, not mushy. Delicious eaten fresh and makes the finest preserves, jam and sauce. Strong vigorous grower, bearing enormous crops.

Chief—Ripens two weeks before Latham.

St. Regis Everbearing—Produces a full crop in early summer then bears again in late summer and fall but not so heavily. Fruit medium in size, red, high quality. Sure bearer and bears FIRST YEAR.

Newburgh—A new red raspberry which is well worth trying. Very large, good quality, heavy producer. Many think it will replace Latham. Be sure and try a few.

Postpaid Prices on All Above Red Raspberries

Select No. 1 Plants

5 for 50c	20 for \$1.00
50 for \$2.35	100 for \$4.25

These plants are the finest grown, double inspected and almost always bear some THE FIRST YEAR.

Sodus—A new raspberry that we believe will bear more fruit than any other raspberry. The berries are very large, firm, good quality, a rich wine red-purple. Unsurpassed for home use. Select No. 1 plants. Postpaid.

5 for 50c; 5 for \$1.00; 25 for \$2.50.

GIANT LATHAM RED RASPBERRY

The berries are very large, firm, good quality, a rich wine red-purple. Unsurpassed for home use. Select No. 1 plants. Postpaid.

ELDORADO BLACKBERRY

BLACKBERRIES

Blackberries are easily grown and bear abundantly. They grow almost any place, even on a rough, steep hillside. What is more appetizing than a piece of blackberry pie or a dish of juicy, sweet blackberries and cream?

We send you Select No. 1 plants grown from root cuttings. These are much superior to cheap plants from suckers. A straw mulch is fine for blackberries and raspberries. It holds moisture in summer, prevents weeds and eliminates cultivating.

Eldorado—Our most popular variety. The sparkling jet-black berries are very large, sweet and delicious, and practically seedless. The plant is extremely hardy and vigorous and a regular heavy bearer.

Mersereau—Big black berries of finest flavor, freely produced.

Postpaid Prices on Eldorado and Mersereau

5 for 50c; 20 for \$1.00; 50 for \$2.35; 100 for \$4.25

... Delicious ... YOUNGBERRY

This new fruit, a cross of the Loganberry and the Dewberry, has become very popular, planted from coast to coast. It has such a wonderful flavor, delicious to eat fresh, and makes the finest sauce you ever tasted. The fruit is very large, a handsome dark wine-red color, sweet and delicious, highly flavored, almost seedless. A tremendous bearer. It is a very easy plant to grow. No other fruit has become so popular in such a short time. North of Mason, it should be covered over winter. This can be easily done with straw, leaves and a little dirt. Plant some this spring; you are sure to like them.

Postpaid Prices on Youngberry, Select Plants

5 for 30c; 5 for 50c; 15 for \$1.00; 25 for \$1.55; 50 for \$2.85; 100 for \$4.95.

YOUR CHOICE, alike or assorted, Giant Latham Red Raspberry, Cumberland Black Raspberry, Eldorado Blackberry.

Gives You Fresh Berries for Many Weeks

50 for \$2.35; 100 for \$4.25 Postpaid.

All INTER-STATE berry plants, Strawberry, Red Raspberry, Black Raspberry, Blackberry, Boysenberry, Dewberry, etc., are strictly select No. 1 plants, the finest grown. They are absolutely HEALTHY, DOUBLE-INSPECTED, DISEASE-FREE. They are far superior to smaller, less vigorous plants. They will produce enough more fruit in just one first crop alone, to more than pay the difference in cost. Inter-State Select No. 1 Plants will BEAR HEAVIER AND LIVE LONGER.

Inter-State's *Delicious* *Home Grown Berries*

Fresh From Your Own Garden . . . Whenever you Want . . . As Much as
You Want . . . for Just a Few Dollars

Figure Your Savings . . .

How much do you spend for fruit, both fresh and canned?

A few dollars will bring you enough fruit plants to give you plenty to eat fresh and also for canning, jelly and preserves. And you know fruit tastes so much better when it is picked fully ripe, right fresh from your own garden. Only a little room is required. Easily taken care of and quickly rewards you so abundantly. Last practically a lifetime. **FRUIT IS HEALTHY—GROW YOUR OWN**

BLACK RASPBERRIES

So Delicious Fresh or Canned

Cumberland—We believe our Selected Strain is the best black raspberry. Hardy, vigorous grower. Produces enormous crops of large, firm berries of finest flavor. Berries are juicy, not seedy. Our plants are carefully selected from heavy bearing, healthy, doubly inspected fields.

New Logan—A new black raspberry which is becoming popular in the commercial fruit districts because it ripens a week earlier than Cumberland. It bears heavily and the fruit is large and high quality. We suggest that you plant some of each.

Postpaid Prices on All Black Raspberries

Select No. 1 Plants—8 for 50c; 20 for \$1.00; 50 for \$2.35; 100 for \$4.25.

Lucretia Dewberry—This well known trailing plant is widely planted. The black fruit is sweeter, juicier and larger than blackberries. Productive even in poorest soils. We send No. 1 TRANSPLANTED PLANTS, which are better than tips.

Postpaid Prices on Lucretia Dewberries

6 for 50c; 15 for \$1.00; 25 for \$1.55; 50 for \$2.85

SENSATIONAL NEW BOYSENBERRY

The Best Berry Ever Grown . . . Immense Size, Delicious Flavor, Heavy Bearer, Hardy

Look closely at the picture above. It shows the amazing new Boysenberry. A cross of the blackberry, raspberry and loganberry, and is far more vigorous than any of its parents. When we tell you that the berries are actually larger than pictured here, then you will agree that they are immense in size. If you could taste them, you would also agree that in flavor they stand supreme. It is impossible to describe on paper their delicious sweet flavor. We simply tell you that whether eaten fresh or with cream, or canned for sauce, jam, jelly or preserves or in pies, tarts, short-cakes, it is superior in every way to any other berry grown. It is almost seedless; is firm and therefore a good shipping berry. The berries are produced in large clusters on long stems that stand away from the canes.

The plant is a tremendous, vigorous grower, and every cane is simply loaded with fruit. The fruit ripens over a very long period, almost two months. The plants will grow better if allowed to grow right on the ground, merely training the canes in straight rows. If you prefer, you can train the canes on a fence or wires. If you have only a small space in your garden, plant a few Boysenberries. You will be astonished at the amount of fruit you will get from only a few plants. Eat them fresh for weeks and can the rest. You never put in jars any fruit that tasted better.

Boysenberry is new, so we do not know exactly how far north it can be grown without winter protection. So far we have not

heard any reports of winter injury, plants standing 10 to 17 below zero without any damage. We recommend, though, that in extreme cold sections canes should remain on the ground for the first winter and mulched with straw.

You can make money selling the fruit. It is so large and handsome it sells on sight at very good prices. Folks have sold as much as \$1,700.00 worth from just one acre. Many acres have produced over \$1,000.00 worth. The average city lot will hold 200 plants. One grower made over \$300.00 in one season from just 100 plants. We again advise you to plant Boysenberries this spring. Plant real early and you will get a few sample berries the first season. But your big crop will come the second year, and so continue every year. Plant them for your own use. It is fun to pick them, the boxes fill up so fast. Plant enough so you will have fruit to sell. They will make you mighty good money. Be the first in your territory to have this wonderful new delicious fruit. Your customers will buy the fruit the first time because it looks so fine, and continue to buy because they like the fruit so well.

Our Boysenberry is absolutely guaranteed to be true to name, as they are grown from original stock. Our stock is limited, so get your order in early. **PLANT BOYSENBERRY THIS SPRING.** We send you Select No. 1 Plants postpaid right to your door and guarantee them to reach you in good condition.

Postpaid Prices on New Boysenberry

Each 25c; 5 for \$1.00; 10 for \$1.85; 25 for \$3.75; 50 for \$6.00; 100 for \$11.00; 500 for \$45.00.

We can also furnish a few thousand extra heavy 2 Year plants. Each 35c; 2 for 60c; 4 for \$1.00; 9 for \$2.00. Postpaid.

fresh from your Garden **Asparagus** that melts in your mouth

Actual
Size

PARADISE ASPARAGUS

A new variety that is the last word in asparagus. A tremendous yielder (2 to 3 times as much as others), stalks are very large, finest flavor and rust-proof. If you have only a limited space, then plant Paradise as it yields so tremendously. We have only a few thousand plants to send out. Extra Fine Plants. Postpaid.

6 for \$1.00; 12 for \$1.75; 25 for \$2.95

Genuine Giant Mary Washington

This is an improved strain of the Mary Washington, and we can recommend it as being the finest of all asparagus. It produces very large stalks, and they keep right on coming up, lots of them, for almost three months. They are extremely tender and do not get tough early as so many varieties do. They have the most delicious flavor. Rust-proof and will last a lifetime.

In every garden there is room for some asparagus. Set them 1½ feet apart. Just a little space in the garden or along the fence row or in front of a shed. You know how good fresh, home grown asparagus tastes. Also it is very rich in minerals and vitamins; so it is very healthful. We recommend planting the large size plants, as they will give you quicker results. Very easy to grow. Planting instructions sent with every order.

You can make money growing asparagus to sell. It brings good prices. Notice our low prices on the finest plants you ever saw. Plant a big bed this spring. Enough for your own use and some to sell.

NEW FAMOUS MACDONALD RED RHUBARB

Considered the finest of all rhubarb. Stalks are giant in size, twice as large as ordinary rhubarb. A bright red color. Very tender and stays tender a long time. It has the richest flavor. As fast as you pull up one stalk another comes up to take its place. Tremendous yielder. Very scarce. We have only 2000 divisions. Postpaid. Each 50c, 3 for \$1.25.

Fine for Sauce and Pies

Sharp, Snappy, Crispy HORSE RADISH

Our Horse Radish is the Bohemian variety which has that crisp, sharp, snappy taste yet is not bitter. Our crown plants will make fine usable roots the first season.

Postpaid Prices: Crowns, 5 for 50c, 12 for \$1.00.
Cuttings, 10 for 40c, 25 for 75c.

GRAPES

*Grapes are the most
dependable of all fruits
—bear every year.*

Every home, in city or country, should have some grape vines. They are the most dependable of all fruits, bearing every year, and they last a lifetime. They can be used in so many different ways; fresh, jellies, jams, sauce, grape juice. They are wholesome, healthful and appetizing. They give you pep. They grow in almost any soil and climate, do not require much room. You can plant them along the fence line, on arbors or trellis. When you plant the vines, you want fruit as soon as possible. Therefore, we recommend that you plant our strong 2 year vines. They will bear next year after planting. When you get these vines and see what fine tops and marvelous roots they have, you will understand why we absolutely guarantee that **THEY ARE THE FINEST GRAPE VINES GROWN IN AMERICA.**

The Old Favorites

- Agawam**—A large dark red grape, with rich aromatic spicy flavor.
Beta (Wine Grape)—Hardest of all grapes and a very strong grower. Medium size black fruit with a tang like the wild grape. Bears young and heavily. Fine for arbors.
Delaware—Red. Fruit not large but highest quality.
Moore's Early—Black. Ripens 2 weeks before Concord.
Niagara—Most popular white grape because the large fruit has such a delightful flavor. Heavy bearer.

New Extra Choice Grapes

Caco—We consider this the best hardy red grape. The fruit is very large, rich and sugary, with a delicious melting flavor. It is hardy, a vigorous grower, and bears young, heavily and regularly. Ripens in August.

Fredonia—A new grape which grape experts say will become the leading black grape in America. It ripens very early, 10 days before Moore's Early. The bunch and berries are large, with a juicy, delicious flavor. Vigorous grower and very productive and hardy. Be sure and plant some.

We have made our prices on these 2 fine new varieties so low that every home can now have them in their garden.

Plenty of

STRAWBERRIES

Fresh From Your Garden

Inter-State's Giant Everbearing MASTODON

The most widely grown everbearing strawberry—planted all over America. For many years now this fine variety has proven its worth. It will start bearing 90 days after planting and provide fresh strawberries all summer and fall, **THIS YEAR**. Our strain produces very large berries of good flavor and bright red color. They are perfect flowering, therefore can be planted alone. Just think! You plant this spring, and you pick lots of great big, luscious berries this summer and fall. Next year they will bear spring, summer and fall. This variety makes a large, strong plant which enables it to outbear and outgrow other plants less vigorous. **ORDER EARLY and PLANT EARLY.**

PRICES ON MASTODON

25 for 50c; 50 for 80c; 100 for \$1.45; 200 for \$2.50

All above prices are postpaid

BIG COMPLETE "ALL SUMMER" FAMILY BERRY PATCH

50 each of five of the finest varieties
only \$2.25, postpaid. (\$3.00 value).

25 OF EACH, (125 PLANTS) FOR ONLY \$1.35, POSTPAID. (\$1.95 VALUE).

INTER-STATE'S young, healthy plants are noted for their vigorous root system, which insures a stronger growth and larger crop of berries. We guarantee our plants to suit you. **PLANT STRAWBERRIES EARLY, JUST AS SOON AS THE GROUND IS READY.**

Some varieties make too many runners. Let only enough runners set to make 4 to 6 new plants to the square foot. This is much better than having the plants too thick.

FAIRFAX

A new variety originated by the Government. Very large, firm berries, fine color and very delicious flavor. Perfect flowering.

PRICES ON FAIRFAX

25 for 35c; 50 for 55c; 100 for 90c; 200 for \$1.65

Inter-State's Genuine GIANT GEM KING OF EVERBEARERS

Will Bear This Summer and Fall

Because of its outstanding performance, this variety is now the leading Everbearing Strawberry. It is very productive and the berries are large, smooth, good quality, a bright red and ripen evenly (do not have green tips). They will commence bearing in 90 days after planting and continue until severe freezing, thus giving you fresh strawberries this summer and fall. Next year, they will bear spring, summer and fall. They are perfect flowering, so can be planted alone.

give you shade, flowers and fruit—comfort, beauty and health. It will **SAVE YOU MONEY.**

If you have room enough for a small orchard, turn to page 23 where you will find special collections priced very low. Or you can make up your own collection at the low prices shown on this page (14).

But whether you plant one tree or a thousand, **PLANT THIS SPRING.** Get these fine guaranteed trees growing at your place.

SUMMER APPLES

Anoka—A wonderful new early apple which generally commences bearing the next year after planting. Large fruit, yellow streaked red, good flavor. Ripens in August but can be used a month earlier for pies and sauce. Extremely hardy—grows everywhere.

Duchess—The great midsummer apple which has made millions of fresh apple pies. Very hardy, bears young and heavily. Large fruit, red striped.

Early Red Bird—The best real early red apple. It ripens a week before Yellow Transparent. Fruit is large, bright red, good quality. Perfectly hardy, grows everywhere, heavy bearer.

Early Harvest—Medium size, yellow, ripens in July.

Red Duchess—Exactly the same as Duchess except the fruit is solid red.

Red June—The old-fashioned early red apple that every one likes so well.

Sweet Bough—Very fine early yellow sweet apple.

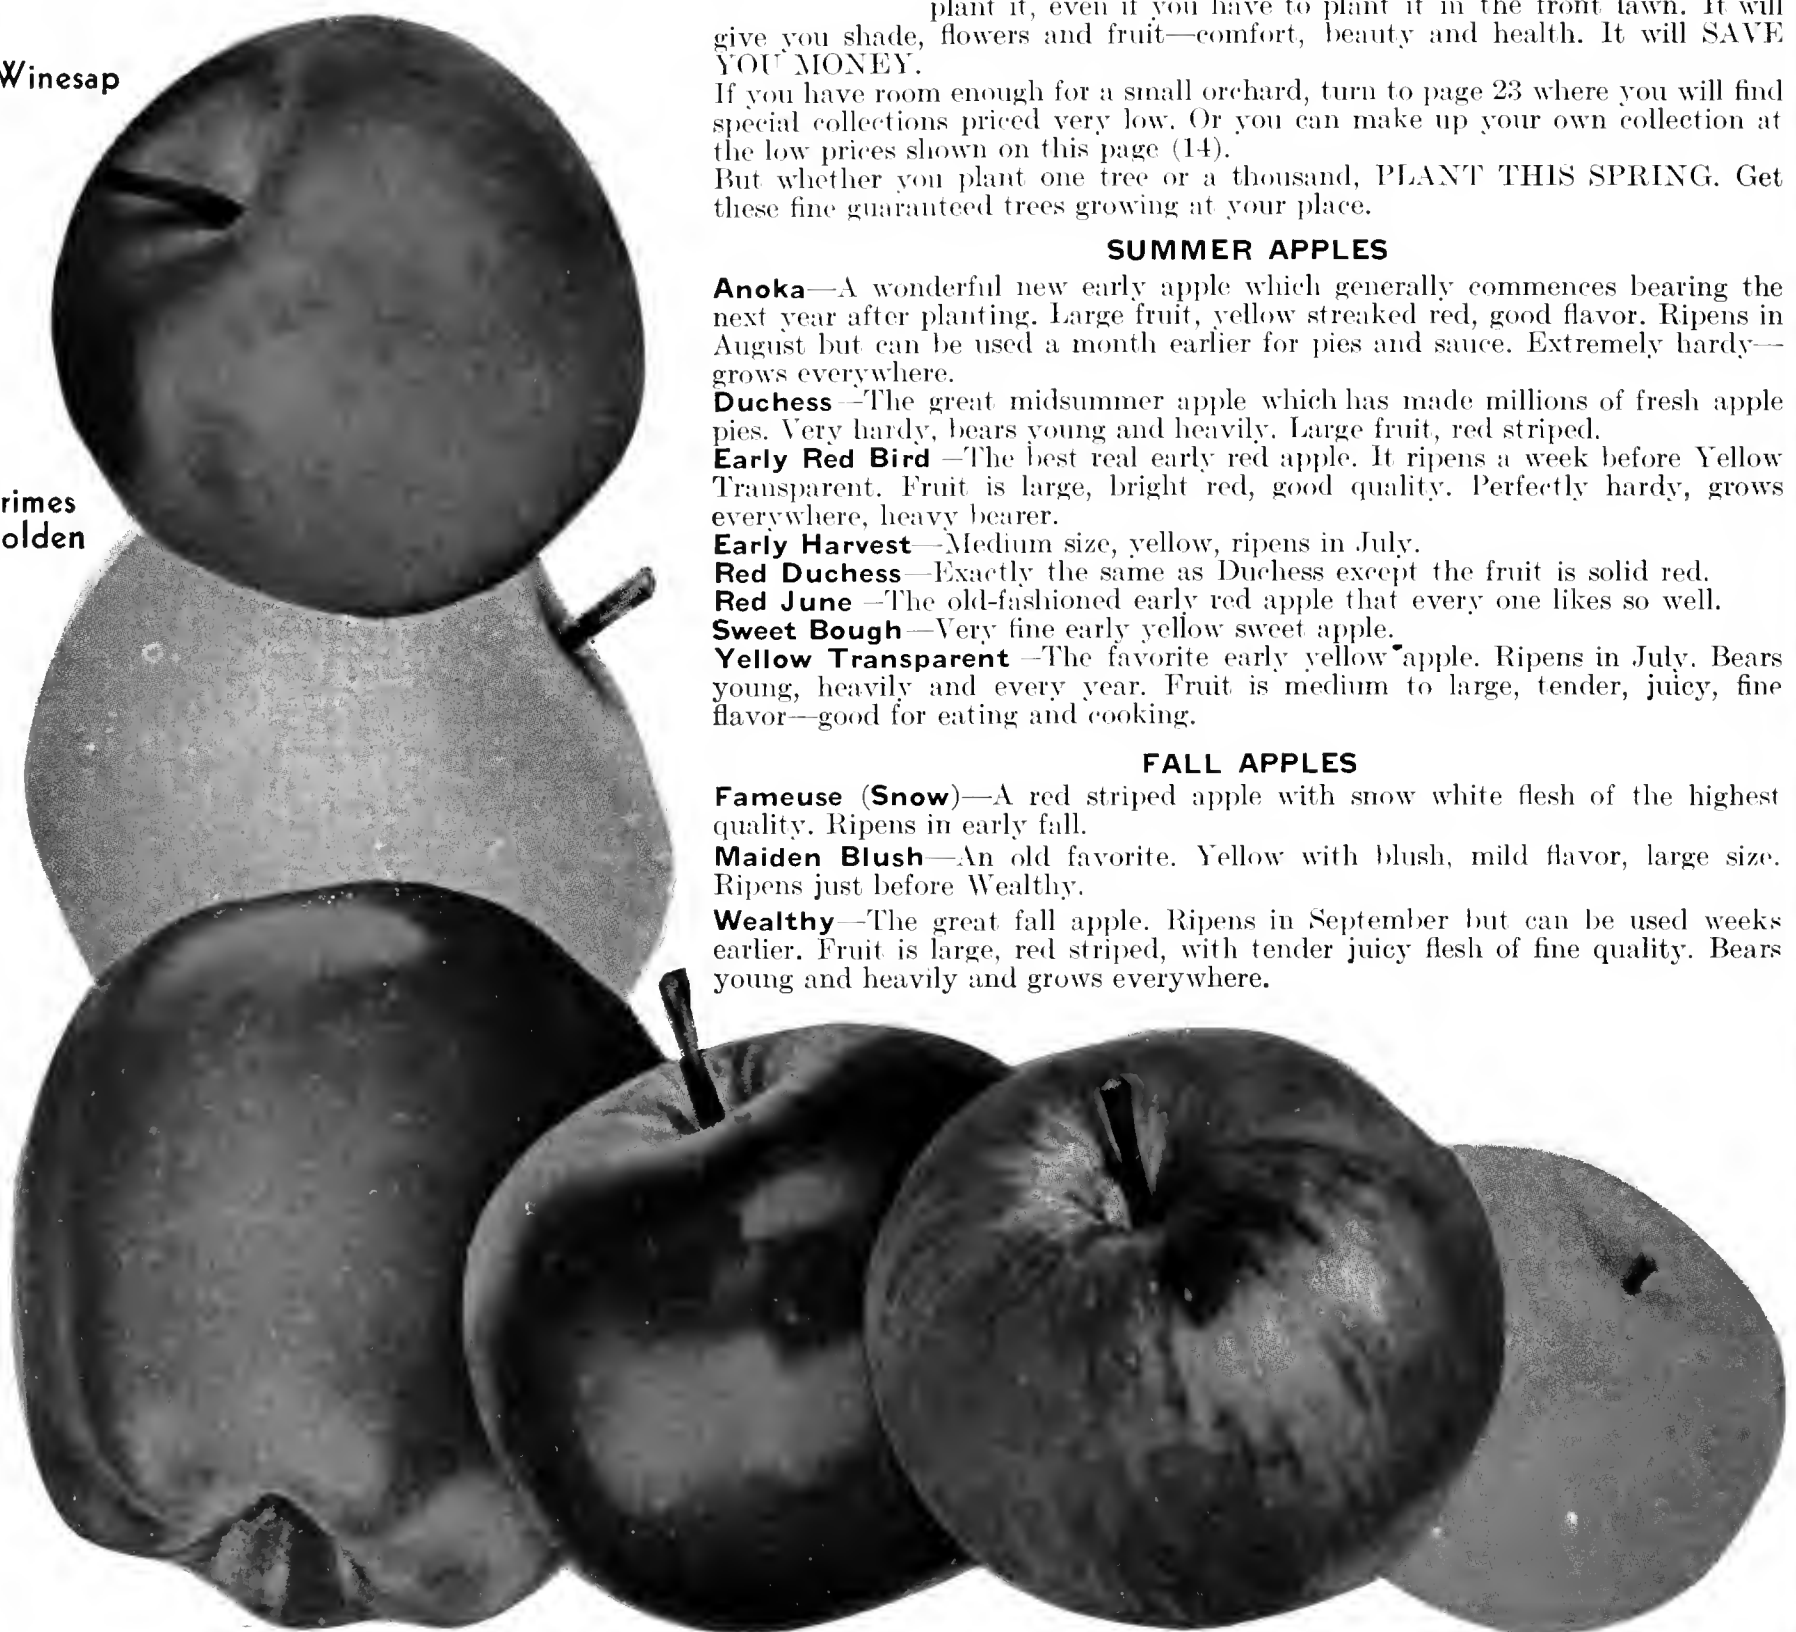

Yellow Transparent—The favorite early yellow apple. Ripens in July. Bears young, heavily and every year. Fruit is medium to large, tender, juicy, fine flavor—good for eating and cooking.

FALL APPLES

Fameuse (Snow)—A red striped apple with snow white flesh of the highest quality. Ripens in early fall.

Maiden Blush—An old favorite. Yellow with blush, mild flavor, large size. Ripens just before Wealthy.

Wealthy—The great fall apple. Ripens in September but can be used weeks earlier. Fruit is large, red striped, with tender juicy flesh of fine quality. Bears young and heavily and grows everywhere.

Solid Red Delicious

Jonathan

Wealthy

Yellow Transparent

SMASHED

Then You Can Have Fresh Apples All Year

WINTER APPLES

Baldwin—It made New York apples famous.

Banana—Most beautiful of all apples—golden yellow shaded crimson. Large size, rich flavor and wonderful bearer.

Ben Davis—An old stand-by because it bears so regularly.

Black Ben—An improved Ben Davis. Very heavy bearer. Long keeper.

Gano—It fills the barrels and keeps all winter.

Grimes Golden—A favorite for many years because it produces so abundantly its large, high quality yellow apples.

Haralson—A new winter apple for northern Iowa, Minnesota, the Dakotas and severe sections of Nebraska. Fruit is red, large and keeps all winter, even through spring.

Janet (Ralls Geniton)—An old favorite. Wonderful keeper.

Jonathan—Everybody knows and likes this fine bright red apple. Highest quality, crisp, tender and full of snap. Our most popular apple.

M. B. Twig—Very large red apple, keeps all winter in ordinary cellar.

McIntosh Red—The great red apple of the east.

Northern Spy—Another well-known eastern apple.

Red Delicious—The original Delicious, planted from coast to coast for its superb quality and mild juicy flavor.

Red Northern Spy—A solid red strain of Northern Spy.

Red Rome Beauty—This is an improved Rome Beauty with large, solid red apples of good quality.

Sharon—Originated by the Iowa State Experiment Station. This new apple is particularly for cold sections, northern Iowa and up. The fruit is very large, yellow striped red, very fine quality. An early winter apple. For cold sections, we recommend it very highly.

Solid Red Delicious—Considered by many to be the finest red apple. It bears younger, the fruit colors up several weeks earlier and keeps longer than the common Red Delicious. The fruit is large solid red and has a delicious flavor unequalled by any other apple. We now sell it at the same low price as the other varieties.

Stayman Winesap—Very large red apple. Fine for eating and cooking. Especially good in January and February.

Tolman Sweet—The favorite yellow sweet apple.

Turley Winesap—This is an improved Stayman Winesap and belongs in every orchard. Very large red fruit, fine quality, heavy bearer.

Winesap—The old favorite that should be in every orchard because it bears so well and the apples will keep right through winter and spring, that is, if you have enough so that you don't use them all up. Fruit is medium size, dark red, juicy, fine flavor.

Yellow Delicious—Many say this is the finest yellow apple. It bears young and heavily. The fruit is large, juicy and exceptionally fine quality. Every home should have at least one tree of this choice apple.

York Imperial—Large red apple, somewhat lop-sided. Keeps until June. Good bearer, good quality.

CRAB APPLES

Dolga—The best of all crabs. Bears young and heavily. Fruit is bright red, comes in clusters and makes the prettiest and finest jelly you ever tasted. The tree itself is beautiful enough to plant right on your front lawn, in fact, many do. Rather low-growing. In spring, just full of beautiful blush flowers. Don't fail to plant one. Makes fine jelly even after fruit is dead ripe.

Whitney—Listed among the crabs but really you can eat it just like an apple. Medium size fruit, red striped, fine quality. Makes wonderful apple butter. Bears young and heavily.

Yellow Delicious— $\frac{2}{3}$ Actual Size

Early Red Bird— $\frac{2}{3}$ Actual Size

Anoka—Bears Very Young

APPLES . . . for a few cents a bushel . . . when you grow them yourself! Why buy them every year when you can have all you want from your own trees, for so little?

"Polly"

Inter-State's Original Strain
—The Finest White Peach

Polly originated at the Iowa Experiment Station, Ames, and was sent to Mr. J. W. Carter, one of Iowa's leading orchardists. It started bearing in 1920 and BORE A FULL CROP EVERY YEAR FOR TWELVE YEARS. Then by mistake the original tree was destroyed. However some young trees had been propagated from the original. Even in the terrific drought of 1934 these young trees produced a good crop of fine fruit which was sold right at the orchard for \$2.00 a bushel to customers who had placed their order ONE YEAR IN ADVANCE. For nearly 20 years Polly has been tested. Every winter it has withstood below zero weather, as cold as 20 below.

The fruit is large, beautifully blushed—a perfect free-stone, ripening a few days before Elberta. The flesh is white, juicy, but firm and full of the richest, most luscious flavor. All who have been fortunate enough to taste Polly, agree that IT IS THE FINEST FLAVORED PEACH THEY EVER ATE. When

canned it stays firm and you ladies know that makes the sauce look so much nicer. Polly is best for home use and local markets as it will not stand long shipping. The tree is a healthy, very vigorous grower of semi-spreading upright form with strong branches. It is a heavy, regular bearer.

PLANT POLLY—NORTH, SOUTH, EAST, WEST

You folks living in the north even where it gets as cold as 15 below zero, even colder occasionally, can now raise your own peaches as Polly is so much hardier. But we want to emphasize this fact—POLLY IS NOT A PEACH JUST FOR THE NORTH. IT IS A PEACH FOR THE SOUTH, THE EAST, THE WEST. The fruit has such a wonderful flavor and is produced so abundantly, that it is an outstanding peach even where other varieties can be grown. POLLY IS THE FINEST WHITE PEACH.

POLLY HAS FINE FLAVOR— BEARS YOUNG

Mr. M. L. Adams, Maryville, N. Y., wrote us March 30, 1937—"Polly had 10 peaches on it last year and the finest peaches I ever tasted."

Mrs. Seef Van Orsdoll, Coffeyville, Kansas, wrote us April 19, 1937—"The Polly Peach that we set last spring, 4½ feet tall, now has about 20 peaches on it. Sungold only 3 feet tall has 9."

Polly was introduced exclusively by the Inter-State Nurseries in the spring of 1934. You will get the Original-strain from us.

SUNGOLD ORIGINATED AT DES MOINES, IOWA. WENT THROUGH BELOW ZERO EVERY WINTER AND BORE FULL CROPS FOLLOWING SUMMERS.

Several years ago one of the fruit judges at the Iowa State Fair noticed that each year, year after year, there was exhibited some large extra fine peaches. Central Iowa is considered too far north to grow peaches so he investigated these peaches. He found they came from a chance seedling at the home of Mr. W. H. Kirstein, Des Moines. Every winter this tree went through below zero weather, as cold as 22 below, and bore full crops the following summers.

FRUIT IS VERY LARGE, FREE-STONE, HIGH QUALITY, HEAVY BEARER

The fruit of Sungold is very large, yellow skin beautifully blushed. The flesh is firm, golden yellow, full of juice and the richest, sweetest flavor—exceptionally fine quality. It will be a great commercial peach because it will stand shipping and colors early. It ripens several days before Elberta. The tree is a strong, stocky grower, well-branched, with healthy dark green foliage. It is an extremely good, regular bearer.

SUNGOLD STOOD 35 BELOW ZERO

Mr. Max B. Cox, Fairview, Utah, wrote us on March 22, 1937 as follows: "The Polly and Sungold peaches purchased a year ago withstood 35 degrees below zero here last winter and I doubt if as much as 2 inches is dead on the tips of the small branches. I am amazed." However, we tell you frankly, if you live where it gets 35 below, you should not try to grow peaches. But Mr. Cox's report does show that Sungold and Polly are extremely hardy.

A GREAT PEACH FOR ALL AMERICA

We believe that Sungold will thrive in all states except those where the temperature falls to 20 or more below zero for long periods. We recommend it to those in the cold sections who have been unable to grow peaches regularly and profitably because they got a crop only now and then. **SUNGOLD IS VERY DEFINITELY A HARDIER PEACH.** We also recommend it to those farther south who can grow other varieties. They will find Sungold a very superior peach because of its **GREAT SIZE, BEAUTIFUL COLOR, HIGH QUALITY, and HIGH PRODUCTION.**

BETTER THAN ELBERTA AND J. H. HALE

Compared to Elberta, Sungold is much larger, better colored, very much better quality and far hardier. It lives and bears where Elberta dies. Sungold flesh is solid and firm for canning. Compared to J. H. Hale, it is larger, just as attractive, equal or better in quality, far hardier and is self-pollenizing so will produce far more fruit.

NOW YOU CAN HAVE DELICIOUS HOME GROWN PEACHES

We all know how delicious are home grown, tree-ripened peaches. We have always wanted them, but in the past the varieties we had, have been too uncertain in bearing. Now this is all changed. Plant Sungold and you will have peaches. If you have only a little room, plant a few trees. If you have more room, plant more trees and sell the fruit at good prices. **SUNGOLD BECAUSE OF ITS LARGE SIZE, BEAUTY AND FINE FLAVOR BRINGS TOP PRICES.** Sungold will make peach-growing **PROFITABLE.**

MR. H. L. LANTZ, FRUIT EXPERT, WRITES "Sungold looks like a winner."

In the October, 1937 issue of the American Fruit Grower is an article by H. L. Lantz, Secretary of the American Pomological Society and recognized as an authority on fruits. Mr. Lantz writes—"Sungold is as handsome as well grown J. H. Hale which it resembles in form. The quality is superb. Experts have rated it as good or even superior to J. H. Hale in flesh and quality. The skin is just right for handling purposes and is attractively covered with a bright carmine. The flesh is yellow, firm, tender, juicy and richly flavored. We have seen specimens from the original tree as large as 11 to 12 inches in circumference. In 1920, Melvin Kirstein, a school boy in Des Moines, planted a few peach seeds. One of the resulting trees grew rapidly and bore fruit at about five years of age and has been bearing regularly since that time. Trees propagated from the original tree have shown desirable vigor, strong foliage and productivity. Sungold looks like a winner."

INTER-STATE PEACHES

AT THEIR BEST WHEN PICKED FRESH FROM YOUR OWN TREES

The flavor and sugar in peaches are put there by nature the last thing; so, to be at their best, they should not be picked until they are fully ripe. You will never know how good peaches can taste until you pick them fully ripened from your own trees. The price of just one bushel of peaches will pay for enough trees to bear many, many bushels of deliciously flavored home-grown peaches. They need but little room, are easy to grow. Our Iowa-grown budded peach trees are hardy and bear young.

New Lower Prices on Peach Trees

Varieties alike or assorted	Each	Per 6	Per 12	Per 25
Postpaid, 2 to 3 feet	30c	\$1.50	\$2.35	\$4.25
Postpaid, 3 to 4 feet	40c	1.95	3.25	5.50
Not prepaid, 4 to 6 feet, selected	50c	2.70	5.10	9.75

VARIETIES

We have listed them in their order of ripening. Mayflower ripens here early in July; Elberta latter part of August.

Mayflower—Semi-cling. First to ripen, yet almost frost-proof because it blooms so late. Red all over, good quality, good size.

Rochester—Free-stone. Fruit is large, yellow blushed red. Yellow flesh, firm, fine flavor. We have found this a very hardy, extra good peach.

Golden Jubilee—Free-stone. A very fine new early, yellow-meated peach. Of extra high quality, beautifully colored red and yellow. It has proven very hardy.

Champion—Free-stone. Large, creamy white with red cheek. Flesh is white, juicy, sweet and highest quality. A heavy bearer and exceptionally hardy. Excepting Polly and Sungold it is the best peach for home orchard in the middle west.

South Haven—Free-stone. Large, yellow blushed red. Firm yellow flesh of very fine quality. Very hardy. Does exceptionally well here.

All-Season Peach Collection

8 FINE 3 to 4 FT. TREES FOR . . . \$2.25 POST PAID
(WORTH \$3.50)

1 Mayflower	1 Sungold
1 Golden Jubilee	1 Polly
1 Champion	1 J. H. Hale
1 Early Elberta	1 Elberta

Our most popular varieties, giving you fresh peaches for many weeks—and plenty to can—for little more than the cost of a bushel of fresh peaches.

We can also supply the same collection in 2 to 3 ft. trees for only \$1.75 postpaid (worth \$2.80).

Hale Haven—Free-stone. A wonderful new peach from Michigan. Heavy bearer of large peaches, yellow blushed red. A cross of J. H. Hale and South Haven and regarded very highly.

Early Elberta—Free-stone. Large, golden yellow with red cheek. Yellow flesh, firm, juicy, luscious flavor. Hardier than Elberta.

Chinese Cling—The best hardy yellow cling peach. Large size.

J. H. Hale—Free-stone. Very large, golden yellow blushed red with fuzzless skin. Flesh is yellow, solid, tender, of high quality and delicious flavor. Always sells well.

Elberta—Free-stone. Everybody knows this grand peach which fills millions of fruit jars every year.

Crawford Late—Free-stone. Large, yellow with blush. Yellow flesh, firm, juicy, high quality. Very hardy.

Mammoth Heath Cling—Best, most popular white cling peach. Large, good bearer.

FILL THOSE JARS WITH DELICIOUS HOME-GROWN PEACHES

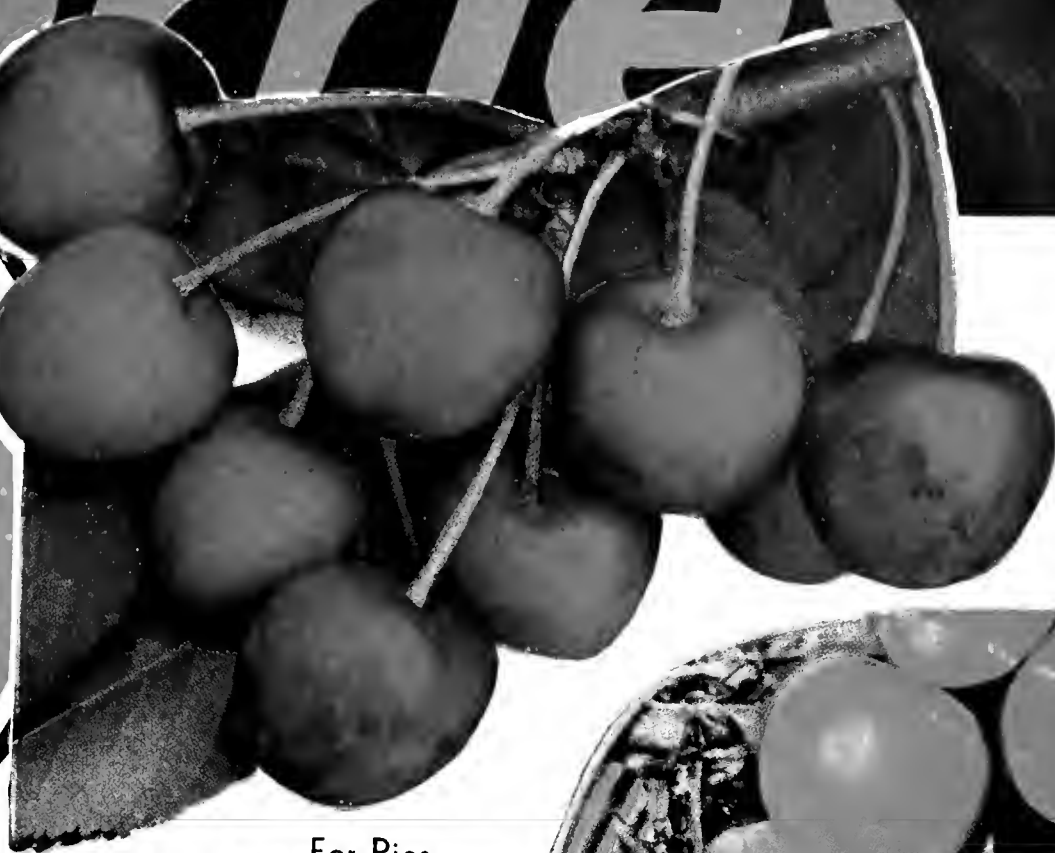

ALL-SEASON CHERRY COLLECTION

2 Early Richmond
2 Large Montmorency
1 English Morello

These will give fresh cherries for several weeks and canned fruit and preserves all winter. We send you our standard 4 to 5 ft. size trees which start bearing 2nd year after planting. You can get the same collection in our 3 to 4 ft. size for \$2.00 postpaid.

All Five for **\$2.25** not prepaid

Standard 4 to 5 ft. size trees

For Pies
EARLY RICHMOND

Early Richmond (May Cherry) The favorite early cherry. The fruit is bright red, juicy and of delicious flavor. It is a strong grower and heavy producer. This is the cherry which makes the boys and girls (and older folks, too) climb the trees in early June.

English Morello Bears younger and heavier than any other cherry. Fruit is good size, almost black and sprightly acid. Succeeds in dry sections where others fail. Fine for whole cherry pickles, preserves and canning. Ripens in July after others are gone.

Large Montmorency The most widely planted cherry. Does well everywhere. Bears large crops regularly, ripening 10 days after Early Richmond. The fruit is large; flesh firm and very fine flavor.

**YELLOW
GLASS**
Sweet Cherries

Belle Magnifique The best hardy red sweet cherry for the middle west. Fruit is large, firm, dark red and very fine flavor. Delicious to eat fresh and makes the finest cherry sauce you ever tasted.

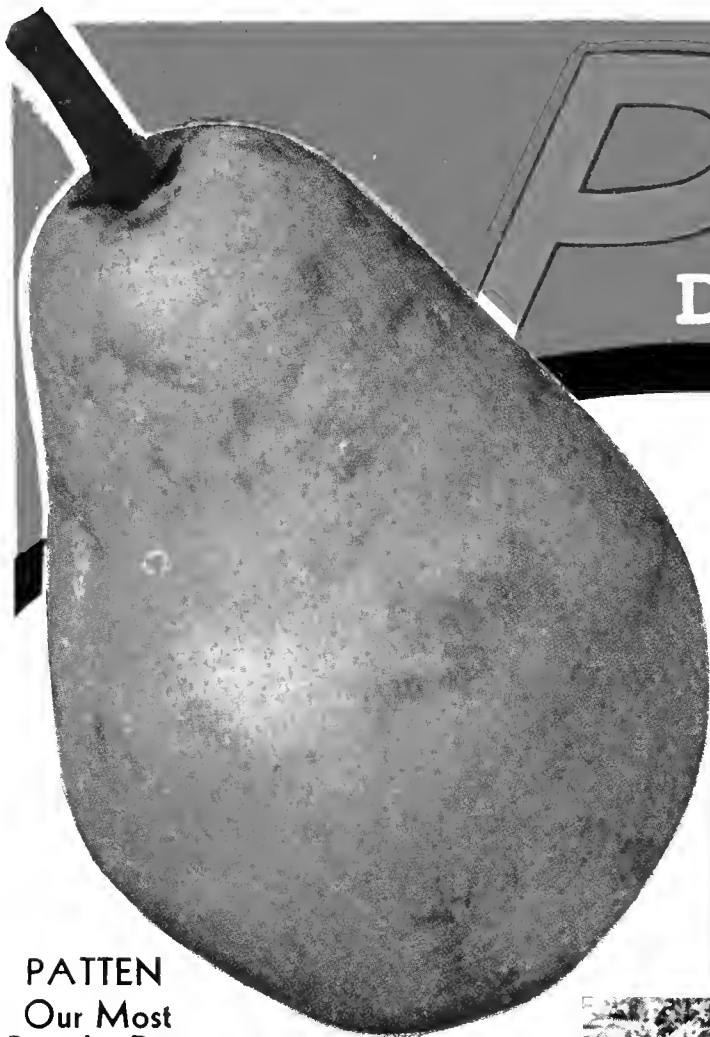

Black Tartarian Large, purplish-black cherries of finest flavor. Popular in the east.

Yellow Glass Here is a real hardy sweet cherry which has borne regularly here at Hamburg for over 20 years and we get as cold as 20 below zero. The fruit is large, golden yellow; flesh is firm and the most delicious sweet flavor. It makes quite a large tree which is beautiful enough in itself to deserve a place right in your front yard, to say nothing of the fruit.

Pears

Delicious • Easy to grow

Pears do fine planted in sod right in your yard. They do not need much room. It is best to plant more than one variety so they can cross-pollenize and thus bear much heavier.

No fruit is more delicious than a juicy, home-grown pear. Pear trees generally sell at high prices but as we grow them in large quantities, we are giving you the benefit and **THIS SPRING WE ARE SELLING THEM AT SUCH LOW PRICES THAT EVERY HOME CAN PLANT SOME OF THESE FINE TREES**, absolutely guaranteed to please you.

DOUGLAS—Bears
Second Year

Bartlett—The leading summer pear. Large, yellow with blush. Juicy sweet, high quality.

Douglas—A fall pear that is a heavy bearer and **STARTS BEARING NEXT YEAR AFTER PLANTING**. Fruit is large, yellow with blush. Considered blight proof.

Duchess—A fine fall pear. Fruit is very large, greenish yellow, russet spotted. Fine quality.

Kieffer—Most widely planted of all winter pears. Bears young and heavily.

Lincoln—A good, large, yellow, late-summer pear, bears young and heavily. Very blight resistant.

Patten—Our best pear. Grows everywhere. Fruit is greenish-yellow, large, juicy, luscious flavor, and keeps well. Bears young and heavily. Extremely blight resistant. Ripens in August.

Seckel—Called the Sugar Pear because of its sweet flavor. Fruit is not large, but highest quality. Bears young and heavily. Ripens in late summer.

See Page 7 for Free Premiums

"April 11, 1937. I am writing you in regard to the shipment of trees we received yesterday. They are the finest and best grade of trees we ever got from any company and they arrived here in the best shape. Mr. Fred Starbuck, Nuda, Colo."

"February 2, 1937, I am going to send Inter-State Nurseries another order this spring because I have never seen better, healthier, heavier-rooted trees, berries and grape vines than those I received from you good people last spring. Mr. Mansel H. Nelson, Prescott, Arizona."

APRICOTS

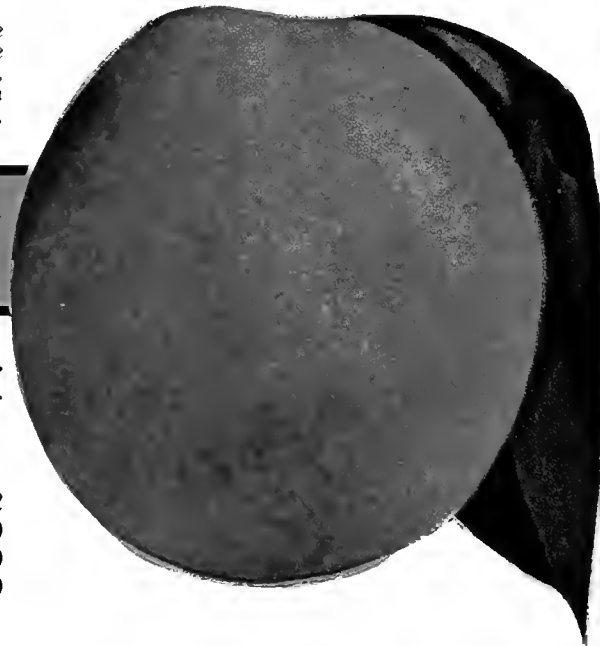

Another good backyard fruit—
very easy to grow

Who does not like apricot sauce and preserves? They ripen right after cherries and just before the early peaches. If you can, plant them on a north slope. They are so easy to grow. The late frosts may catch the blooms sometimes, but my gracious, the trees do not require any special care and are as pretty as a shade tree. Home-grown, tree-ripened apricots are one of the most delicious of all fruits.

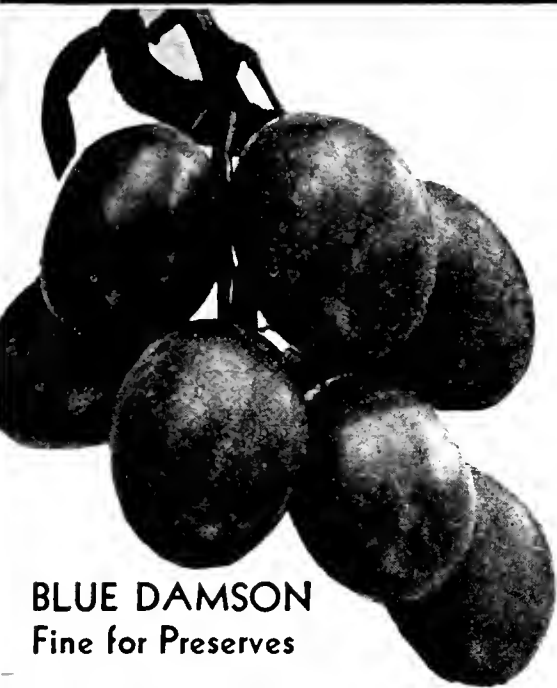

Superb—Best variety for the middle west. Hardy, productive, bears when others fail. Fruit is medium size, high quality.

INTER-STATE Plums Will Bear Next Year

BLUE DAMSON
Fine for Preserves

Blue Damson—The old favorite hardy blue plum which makes such wonderful preserves. A sure bearer. Free-stone.

Compass — Bears young, bears heavy and bears every year. The red fruit is juicy and makes good sauce. Free-stone.

German Prune—Our best prune-plum.

Green Gage—The sweetest eating and canning plum. The large, greenish-yellow fruit is produced freely. This fine plum should be in every yard. Free-stone.

Kahinta—We consider this an improved Waneta. The fruit is very large, free-stone, good flavor, dark red. Ripens in August. Very productive. Bears very young and grows everywhere. A great plum.

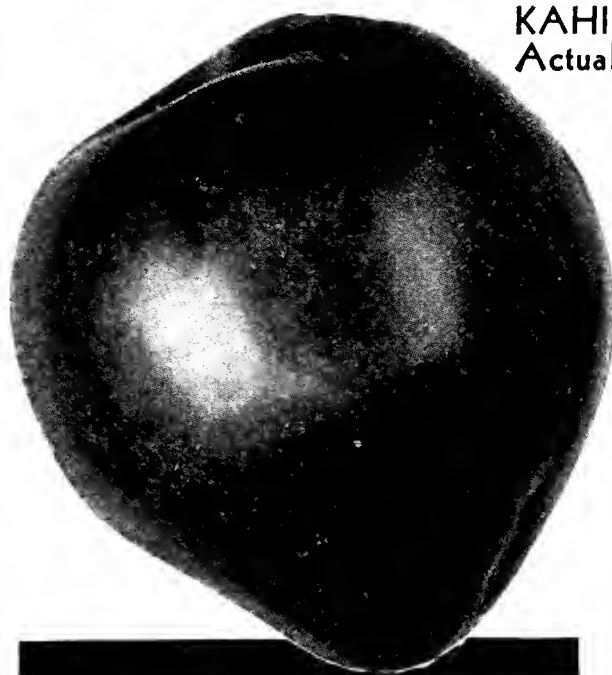

GREEN GAGE
Sweetest of All

We list here the best, thoroughly tested plum varieties. Compass, Kahinta, La Crescent, Sapa, Superior, Toka, Underwood and Waneta can be grown all over America. Blue Damson is especially popular in the entire middle-west. Green Gage and German Prune are planted in the central and eastern states. Practically all of them will bear next year. The way to get big plum crops is to plant several varieties together in a group so they can cross-pollenize. Compass, Superior and Toka are very good pollenizers.

KAHINTA
Actual Size

TOKA
Has
Apricot
Flavor

La Crescent—The best hardy yellow plum. Free-stone.

Sapa—This wonderful plum starts to

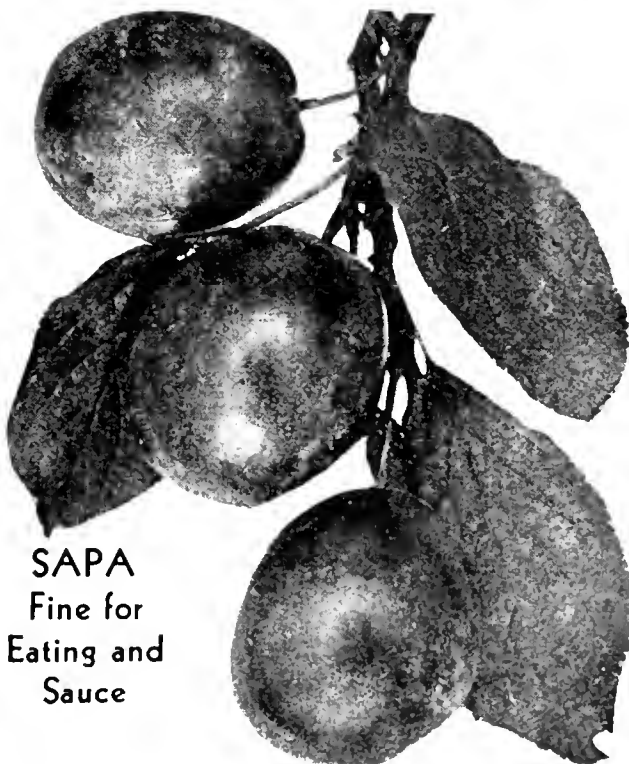

bear next year after planting and is a tremendous bearer, producing more fruit than any other plum. The fruit is medium to large, purple skin and purple flesh just full of the richest juice of fine flavor. It is especially fine for canning. Free-stone. Does well everywhere.

Superior—A new plum from Minnesota. Superior in size, quality and bearing. Bright red, meaty, semi-free-stone.

Toka—This is an improved Kaga. It is the most richly flavored of all plums, a rich plum-apricot flavor. You seldom can any because it is so good, you eat them fresh. Grows everywhere. Large, firm, purplish-red, free-stone.

Underwood — Bears regularly immense crops of large, red, delicious plums in late July. Planted everywhere. Free-stone.

Waneta—Planted everywhere, this great plum is very popular. The fruit is immense size, reddish-purple, good quality. A heavy, regular bearer. Bears young.

PLENTY OF FRESH FRUIT

Yes, You Can Have Plenty of Fresh Fruit, Sauce and Jelly

All over America are hundreds of thousands of homes with little home-grown fruit—many with none.

These two pages are made for the purpose of helping those homes to get their own home-grown fruit. Prices have been lowered to the lowest limit. We have selected our best and most popular varieties. We offer different collections and sizes to fit various needs.

AT THESE LOW PRICES, MANY THOUSANDS OF HOMES CAN SOON BE HAVING THEIR OWN HOME-GROWN FRUIT—will know the satisfaction and savings of having a full fruit pantry—with plenty of sauce, jelly and preserves all winter long. It costs so little when you have your own fruit trees.

SEE PAGE 7 FOR FREE PREMIUMS

Home-Grown Peaches from these fine trees in 2 Years

Showing Over a Quarter Million Fruit Trees

Plant a Small Orchard this Spring

The housewife who has to prepare three meals a day knows how much it helps to have plenty of jars of delicious home canned fruit for sauce, pies, cobbler and puddings—especially during the winter months when planning a wholesome meal is a problem. And remember the SAVING when you can open YOUR OWN JARS of fruit—fruit that you know was canned at the peak of its perfection, fully ripe, juicy and sweet. How the children and men enjoy real old-fashioned spicy apple butter and jelly! And home made pies that are often the key to a man's heart! Children's school lunches are made easier and more wholesome when you have plenty of home-grown fruit.

Why Buy Fruit? Grow Your Own

Plant a small orchard this spring. You will be planting HEALTH, WEALTH and HAPPINESS. You will be preparing for long winter months as well as providing plenty of FRESH FRUIT in season. The money you are spending for buying fruit will more than pay for a small orchard. Then you can have ALL THE FRUIT YOU NEED WHEN YOU WANT IT, FOR A LIFE-TIME.

FILL THOSE JARS WITH HOME-GROWN FRUIT

More than Half a Million Chinese Elm

Inter-State Nurseries Grow and Sell More Nursery Stock Direct-to-You Than Any Other Nursery

We are one of America's Large Growers of Fruit Trees. Here we show you large blocks of them—hundreds of thousands of trees—apple, peach, pear, plum and cherry—the very trees we will send out this spring. We wish you could hold some of them in your hand so that you could see the fine tops and most important of all, the wonderful root system. These trees are unconditionally guaranteed to be satisfactory to you.

Look at that fine block of Chinese Elm (described on page 39). They will be planted for windbreaks this spring and make thousands of farms more comfortable and more profitable.

We do not have room to show fields of Shrubs, Shade Trees, Vines, Peonies, Iris, Boysenberries, Asparagus, etc.

GROWN RIGHT, HANDLED RIGHT, PRICED RIGHT AND SOLD DIRECT-TO-YOU

ALL SEASON APPLE COLLECTION

We have made this collection for those who do not have room for the Farm Home Collection. There are 10 trees—each different—giving you fruit the year round—the Early Red Bird ripens first almost as soon as the spring flowers are gone—and the Winesap keeps through the late winter until spring comes again.

What Our Customers Say About INTER-STATE Roses

Each one of these letters was written to us voluntarily and entirely unsolicited on our part. We have literally hundreds and hundreds of letters coming from every state, praising Inter-State roses.

You can have just as good success.

October 7, 1937—"The roses I bought from you in the spring are lovely. They have bloomed all summer. There hasn't been a time I couldn't cut a lovely bowlful of buds for the house. I have grown roses for years and have never bought finer plants or had finer blooms. And, as you know, we were not blessed with an abundance of rain this summer." Mrs. Troupe Smith, Florida, Georgia.

May 5, 1937—"This is just a hurried note from a Chicago beginner in the field of gardening. It was your radio message during the Chicago Fair that began it. Some of your roses found their way into our backyard. This spring every rose bush is leafing and the spring flowers are a joy. Many thanks to you for the pleasure your plants have brought to our home." Miss Avis E. Haugen, 3941 Eddy St., Chicago, Ill.

March 3, 1937—"I would like to take this time to tell you that I bought three dozen rose bushes from you last spring and I had wonderful results from them. They all lived and bloomed all summer and when I cut them back in October, some of them had as many as a dozen buds in bloom on them." Wm. Perreault, 660 Broad St., East Weymouth Branch, Boston, Mass.

August 10, 1937—"My Stargold has roses all the time, had 16 buds at one time—pretty good for the first year, isn't it?" Mrs. Stella Robinson, 720 Keyte St., Owosso, Mich.

October 10, 1936—"Last spring I ordered the 'Gold Medal' dozen of Roses from you. You will be pleased, and I am happy to say I just received the first prize on roses of five dollars at our County Fair. I hope to be able to buy more this fall." Rev. Coyte Hunter, Bessemer City, N. C.

March 8, 1937—"Let me take this opportunity to express my more than complete satisfaction in the Roses you sent me this last spring. They are without a doubt the best roses I have ever grown. The weather here was very unfavorable to rose growing but your roses were the talk of the neighborhood." Leonard T. Pohner, Canton, Ohio.

June 25, 1937—"Last year I sent for 12 roses and they sure were beautiful and are almost ready to bloom now this year." Mrs. Edna Black, Box 1468, Ketchikan, Alaska.

February, 1937—"I am sending you another order and take the occasion to tell you that the trees, shrubs and bulbs that I bought from you last year all grew fine. Your roses are the finest I have ever seen, always full of bloom and buds, and everyone praised them highly. And your lily collection made a wonderful display of blooms and the Philippine Lilies were still blooming when killed by frost." Mr. A. W. Stutzman, Route 5, Box 448, Johnstown, Pa.

April 6, 1937—"I want to say these are the very finest roses I have ever bought from anybody any place at any price, and you may rest assured THE INTER-STATE NURSERIES will certainly receive my rose and nursery business in the future. I am Mrs. A. P. Briggs, Box 495, Childress, Texas.

April 24, 1937—"July and August of 1936 was very hard on all vegetation, as you will recall, but I brought all the roses through that you shipped me in the spring, and the blooms came in such profusion, size, and beauty as soon as our rains began in August, and continued right on up to freezing weather, that our rose garden was the talk of the town. It was, by all odds, the finest we have ever had in 42 years of married life, and all because of the fine stock you sent me." E. O. Garrett, 1322 Walnut St., Cedar Falls, Iowa.

April 15, 1937—"I have people from all over Marshall come to see my rose garden and flower garden. They say I have gorgeous roses. Nearly everything I have came from Inter-State." Mrs. John Sherman, 641 No. English Ave., Marshall, Mo.

July 19, 1937—"I promised you this spring that I was going to write you my criticism of the roses I bought from you, either constructively or adversely. Today, July 19, I have this to say to you in regard to Roses. For the last 10 years I have bought the best available roses from various well-known nurseries of our U. S. Your 'Gold Medal' dozen, I consider the very pinnacle that there is in the field of roses. The stock is extremely sturdy and healthy. The array of colors is superb. The ramblers I also bought from you are the very best I have ever had. A word of praise goes also for the grape vines I purchased at the same time. Needless to tell you I am a very pleased and delighted purchaser of your stock and feel relieved to know that in the future, the confidence I shall have in your nurseries will make my matter of choosing a much easier burden." Sabino Farese, Red Hook, N. Y.

The Greatest
GUARANTEE
Ever Given On
Roses

ROSE GUARANTEE

We believe that Inter-State roses are the finest grown in America. When you receive our roses if you do not agree with us, if you are not entirely satisfied, write us and we will refund the entire amount you paid us for the roses, **BUT YOU KEEP THE ROSES.** If the roses are not as good as we claim, we will give them to you free. We want to impress upon you this fact, that all roses are not alike, that there are degrees of quality in rose plants just as there is in almost all merchandise. When you get our plants, you will see for yourself their extra high quality. This better quality means more blooms, better blooms, longer life.

As you turn to this page, you are introduced to ROSE HEADQUARTERS, Hamburg, Iowa, the home of Inter-State Nurseries, who for two successive years, 1933 and 1934, were chosen to plant and exhibit the Official Rose Garden at Chicago's World's Fair, as America's Rose Representative.

Millions marveled at this beautiful sight and wondered how such marvelous roses could be grown in a section which was believed to be so unsuited for rose growing. You, too, can grow roses. Read some of the letters on page 24. From the North, the East, the South, the West, we have files full of letters telling us of the great success of Inter-State Roses.

Here is a fascinating selection of glorious roses from one of the World's great rose firms, offering hundreds of thousands of plants in the new varieties as well as the old favorites. Each year many thousands join the host of rose lovers who buy from this dependable list of Hardy Everblooming Roses. We believe that nowhere else in America can you select from such a complete and choice list of varieties at such low prices for **UNCONDITIONALLY GUARANTEED ROSES.**

These roses will commence blooming a few weeks after planting and continue throughout the season. We send you complete instructions on how to plant and care for your roses, summer and winter.

We offer you two sizes of rose plants. Both are strictly first quality, hardy, 2 year, field-grown budded plants.

The 2

Year No. 1 Selected Plants are the finest it is possible to grow. These roses have made Inter-State roses famous all over America. We absolutely and unconditionally guarantee that you cannot buy better plants.

The 2 Year Standard Size are smaller plants. This is the size plant used by most firms who merely describe their roses as 2 year field-grown. In fact, we believe, you will find our plants to be better. They are a great value at their lower price for they are genuine Inter-State roses and they will bloom this summer. You have your choice of exactly the same fine varieties. Our Unconditional Guarantee applies to this size also but of course, you must not expect the Standard Size to be as good as the 2 Year No. 1 Select Size.

PLANT YOUR ROSES EARLY, JUST AS SOON AS THE GROUND IS READY. THE SOONER YOU PLANT, THE SOONER THEY BLOOM.

Plant Inter-State's Guaranteed Roses

Agnes—The new yellow hybrid Rugosa. It makes a bush 5 to 6 feet tall. Perfectly hardy, grows everywhere.

American Beauty—This famous rose has been popular for many generations. Its large flowers are a beautiful carmine-red and extremely fragrant.

Ami Quinard—Each passing year we like this rose better. The flowers are graceful, semi-double, a rich, very dark crimson-maroon. Unquestionably one of the best dark roses. Free-blooming.

Austrian Copper—Single flowers of intense copper-red, reverse of petals bright yellow. Probably the most spectacular rose in existence. Makes a 5 ft. shrub.

Autumn—A very full rose of striking color, orange stained red and pink. In the Iowa State College test garden, it was one of the best performers.

Betty Uprichard—The lovely flowers are salmon-pink inside and carmine-red outside. They are lavishly produced all summer. A hardy, healthy, vigorous grower that belongs in every rose garden. A rose that will stay with you.

Briarcliff—The lovely pointed buds open into large, perfectly formed, fragrant flowers of silvery pink. The blooms are freely produced and come singly on long stems and last a long time.

Caledonia—The exquisite long buds of ivory change to purest white as the flowers open into large, double blooms of velvety texture. A superb rose, pictured in Gold Medal Collection.

Catherine Kordes—Large, long-pointed buds open into high-centered, double flowers of cerise. A great big strong bush producing an abundance of the large flowers of perfect form. Its only weakness is that the fragrance is not pronounced. Yet it is a great rose and wonderful performer.

Condesa de Sagato—A new, marvelously colored rose with large, cupped flowers of fiery coppery-red inside and rich yellow outside. It is one of the most striking roses of today. A strong vigorous grower. Pictured in Gold Medal Collection.

Dainty Bess—Clusters of large, single, dainty pink flowers. Becoming more popular each year.

EVERBLOOMING ROSES

Doctor Eckener—A grand rose that should be really planted among the shrubs as it makes a large bush 5 to 6 feet tall. All through the summer it produces large, fragrant, semi-double flowers of salmon-pink flushed gold. It also makes a fine pillar rose. Grows everywhere. Do not fail to plant it. It is a Rugosa hybrid.

Duquesa de Penaranda—A new rose with large, fragrant, double flowers of apricot-peach. Good grower, free-bloomer. Especially fine in the fall. Worth much more than we ask for it.

Edith Nellie Perkins—Easily one of the finest of all roses. The long pointed buds on long stems open into perfect flowers of orange-cerise outside and inside of salmon overspread gold. Grows vigorously and blooms freely. Pictured on page 31.

Editor McFarland—We consider this the finest pure pink garden rose today. Beautiful blooms on long stems all through the season. The buds, in particular, are absolutely perfect. Strong, healthy, vigorous grower. Pictured on pages 32-33.

E. G. Hill—This great red rose constantly produces beautiful deep crimson buds which open into large, very double flowers of enchanting red. Very fragrant and long-keeping. Pictured on page 31.

Etoile de Hollande—Turn to pages 32-33 and you will see why this is considered one of the greatest red roses ever produced. Fragrant, free-blooming, well-formed flowers on long stems, velvety scarlet.

F. J. Grootendorst—This extremely hardy Rugosa rose grows 5 to 6 feet tall and all summer it produces its clusters of small bright red flowers.

F. K. Druschki—The magnificent white rose beloved by all. Its buds are superb.

Gaiety—The long pointed buds open into large, double flowers of orange tinged gold, pink and coral. A lovely rose that does well everywhere. We recommend it highly.

George Arends—Extremely hardy and very easy to grow and stands all kinds of abuse. The large flowers are the purest and the most beautiful clear soft pink and very fragrant.

Golden Dawn—This lovely rose from Australia has taken the entire world by storm. The wonderful buds of yellow splashed carmine open into large, fragrant flowers of sunflower yellow. Hardy, vigorous, free-blooming. Pictured on pages 32-33.

Golden Pernet (Julien Potin)—Perfect flowers of bright yellow. Hardy, free-blooming, fragrant.

Gruss an Teplitz—The greatest of all red bedding roses. Makes a large bushy plant that all season is covered with clusters of fragrant brilliant scarlet flowers. An old favorite that has been with us for years and will be for many more.

Heinrich Wendland—An extremely double, brilliantly colored rose, inside is nasturtium red and outside bright yellow.

Hinrich Gaede—A strikingly beautiful rose. The flowers are large, double, orange deeply flushed red and gold. It catches the eye before any other rose.

Hortulanus Budde—Probably the brightest red of all roses, a dazzling scarlet. If you want a bed of really bright red roses, plant this.

Imperial Potentate—From Portland comes this large, perfectly formed shining pink rose. Fragrant, free-blooming, a very fine rose.

Impress—Very large, double flower of salmon-cerise suffused gold.

Independence Day—Brilliant orange-copper, always in bloom.

Joanna Hill—Perfect flowers of soft yellow, every one on a long stem. Fragrant, free-blooming.

John Russell—Large, well-formed, exhibition flowers of deep velvety crimson. Extremely hardy and easy to grow. Stands abuse.

K. A. Victoria—Absolutely perfect, fragrant, blooms of ivory white. An old favorite that even today has not been surpassed.

Killarney Queen—Remarkable for its extra long pointed buds and enormous size of petals. Sparkling pink, free-blooming, very fragrant and does well everywhere.

Lady Alice Stanley—Nearly 30 years old, yet one of the best of all garden roses. Large fully double flowers of light pink. Always dependable.

La France—The oldest Hybrid Tea rose. Deserves a place in your garden today because it blooms so freely and because the lovely pink flowers are so delightfully fragrant and so freely produced. Hardy, healthy, it stands neglect and blooms year after year.

Leonard Barron—A new, very hardy rose of immense size, often six inches across. The flowers are shell-pink tinged salmon and produced freely. We like this rose very much. Pictured on pages 32-33.

Margaret McGredy—Probably the most satisfactory and continuous blooming in the orange-scarlet group. Always in bloom, a thrifty, healthy, vigorous grower. Pictured on page 31.

Max Krause—Large, double flowers of golden yellow.

McGredy's Ivory—A magnificent creamy white rose, fragrant, deep-petaled. Considered by many to be the best white.

McGredy's Scarlet—This is unquestionably one of the best roses today. A fine grower, free-bloomer, with large, perfect blooms of vivid luminous carmine-red.

Mev. G. A. Van Rossem—An exceedingly fragrant rose of orange and bronze, beautifully veined.

Miss Rowena Thom—Enormous blooms of satiny pink shaded flame. Strong grower and free-bloomer. Fragrant. You just can not keep it from growing and blooming. Pictured on page 31.

Mme. Albert Barbier—Extremely hardy, all season it produces its large, cupped flowers of canary flushed pink and cream.

Mme. Jules Bouche—Generally considered the best garden white rose. Practically always in bloom, the flowers are glistening white shaded blush in the center. See page 31.

Mrs. A. R. Barraclough—Gigantic exhibition flowers of rose-pink.

Mrs. Charles Bell—This exquisite fragrant shell-pink rose should be in every garden. Free-blooming, hardy, vigorous.

Mrs. E. P. Thom—A grand rose of unfading clear yellow. Strong grower, free-bloomer. Has made good all over America. See pages 32-33.

Mrs. Henry Bowles—The lovely flowers come singly on long stems all through the season. Fine sparkling pink, perfectly formed. Ranks with the very best.

Mrs. John Laing—An old rose of exquisite beauty and most delightful fragrance, clear pink, almost thornless. Blooms very freely. Very hardy.

Mrs. P. S. DuPont—From early summer until freezing, this rose is a glorious sight with its rich yellow flowers. It has won more gold medals as an outdoor rose than any other variety. See page 31. It was the favorite rose in our World's Fair Rose Garden.

Mrs. Sam McGredy—A remarkable new rose from the world-famous rose house of McGredy. It is one of the most beautiful flowers, orange-salmon suffused gold. Free-blooming, vigorous and hardy. It does well everywhere. See pages 32-33.

National Flower Guild—A hardy, vigorous-growing rose that all season produces its fine flowers of unfading scarlet.

President H. Hoover—This beautiful rose is pictured on page 31. It is recognized everywhere, north, south, east and west, as being one of the finest garden roses. A glorious cerise toned orange, scarlet and yellow. Richly perfumed, free-blooming, long stems.

Prince Felix—An exceptionally fine red rose, worthy to go in any collection. Strong growing like a Radiance rose, exceptionally free-blooming and extremely hardy. The large flowers are a most brilliant scarlet. We rank it with the very best.

Above Roses are Priced on Page 26

OLD FAVORITE COLLECTION

Here are 6 roses that have been favorites for many years, the grand old sorts that will be with us for many years to come.

- 1 **American Beauty**—Rose.
- 1 **Betty Uprichard**—Salmon.
- 1 **Gross an Teplitz**—Scarlet.
- 1 **K. A. Victoria**—White.
- 1 **Lady A. Stanley**—Pink.
- 1 **Souv. de Claudius Pernet**—Yellow.

2 Year No. 1 Selected Plants
Two Collections for \$4.50

All 6 for \$1.95, Postpaid
2 Year Standard Plants
Two Collections for \$3.75

Radiance—The great American pink rose, planted everywhere because it has made good everywhere. The most widely planted rose. The fragrant pink flowers are produced freely all summer.

Radiance Red—The favorite red rose of millions all over America. Hardy, healthy, free-blooming, true rose fragrance.

Romance—A very promising new bright yellow rose.

Roslyn—Beautiful large ruffled flowers of bright yellow shaded orange on back of petals.

Sensation—All summer it produces its large, fragrant flowers of deep red on strong stems. A dependable rose.

Sir David Davis—A fine red rose which is very similar to E. G. Hill.

Sir Henry Segrave—The sensational new light yellow rose. The flowers are perfectly formed. Rose experts rate it very highly.

Soeur Therese—New, vigorous, free-blooming, fragrant yellow rose. The buds are exquisite.

All the Above Roses are Priced on Page 26

NEW AND RARE ROSES

You Will want some in your garden.
All Prices Are Postpaid.

Out of the many new roses recently introduced we have selected the following.

In our own tests the following roses have proven very satisfactory. However we realize that it takes years to find out how widely a rose can be planted.

Therefore we make this unusual proposition. If you should happen to live in a location where some of these new roses do not prove satisfactory to you, then we will share the disappointment with you. So if any of the following new roses do not prove satisfactory to you, you may select from our catalog, without cost, any stock you wish, equal to the amount you paid for the new roses.

Alice Harding—Plant Patent No. 202. A marvelous new yellow rose, pure gold. Perfect form, long lasting, very fragrant, long stems, free bloomer. A wonderful exhibition rose. Each \$2.00, 3 for \$5.00.

Countess Vandal—Plant Patent No. 38. A sensationally beautiful new rose that has taken the whole country by storm. The long pointed buds open into glorious flowers of coppery bronze suffused pink. A hardy, vigorous grower and free bloomer. A rose for everybody, everywhere. Each \$1.00, 3 for \$2.50.

Eclipse—Plant Patent No. 172. Won the Bagatelle Gold Medal in 1936, the highest award a rose can win. The long buds are so graceful and exquisite and open into beautiful flowers of rich yellow. Lasts an unusually long time on bush and also when cut. Very free bloomer. Each \$1.50, 3 for \$3.75.

McGredy's Yellow—A new rose that is our favorite of all yellow roses. The color is such a soft, clear, pure yellow, and the rose has a delightful charm all its own. The bush is a strong grower and produces flowers all through the season. We know of none other to compare with it. See pages 32-33. Each \$1.25.

Mme. Joseph Perraud—A new, beautiful exhibition rose. The long slender buds open into fragrant flowers of nasturtium buff flushed orange. Each \$1.25.

Mrs. Francis King—Plant Patent No. 253. This new rose opens ivory then turns pure white. An extremely free bloomer on a most hardy, vigorous bush. The flowers have an exceptionally fine fragrance. We regard it as the finest white flower today. Each \$1.25, 3 for \$3.15.

Nigrette—Plant Patent No. 87. Called the "Black Rose of Sangerhausen." Originator's description—"The flowers are medium size, deep maroon with blackish velvet sheen and quite fragrant." In the heat of summer this rose is maroon color but in the cool weather it is very dark, the darkest rose we have ever seen. Very free blooming. The rose everybody is talking about. Some like it, some do not. You try it now at our new low price, and if you do not like it, we will give you your money's worth in other stock, without charge. Each only \$1.00, 3 for \$2.50.

Queenland's Beauty—A new rose, a sport of that grand rose Golden Dawn. It has the same healthy foliage, strong growth. The flowers are same shape but are a lovely salmon-pink with a light copper tinge. A rose that will stand up under severe diffi-

culties. The late Dr. Nicolas, one of the world's greatest rose authorities, considers this rose superior to Nellie E. Hillock. Each \$1.00.

Rocket—Plant Patent No. 171. This remarkable rose was introduced by us in 1936. There are many very fine red roses today but for all around performance we believe this is the best of all. It blooms and blooms, through all kinds of weather. The bush stands cold and heat. The flowers are the richest deep crimson with velvety texture and of exceptionally fine form and very long lasting. Intensely fragrant with the real true rose fragrance. Now the price is only \$1.00 each, 3 for \$2.50.

Rome Glory—Patent applied for. This might be best described as a red Dame Edith Helen. It has the same perfect form but it excels in that it is a free bloomer. It is very winter hardy. The flowers are fragrant and a beautiful rich cerise-red. It is a grand rose and will go far. Each \$2.00, 3 for \$5.00.

Alezane—Plant Patent No. 116. The most strikingly colored rose, apricot and brown sorrel. Blooms very freely and stops every one who sees it. Each \$1.25, 3 for \$3.15.

Better Times—Plant Patent No. 23. A great new rose. Fragrant, large, double flowers of brilliant cerise, freely produced on long stems. Fine for garden and cutting. Each \$1.25, 3 for \$3.15.

Carillon—Plant Patent No. 136. A wonderful bedding rose. Its brightly colored blooms of coral, orange and scarlet are so freely produced all season. Grows rather short so can be used for a border. At the new low price you can plant a whole bed of them and what a gorgeous sight it will be. Each \$1.00, 3 for \$2.50.

Rouge Mallerin—Here is a new red rose that does not "blue" in the heat of summer. It is not an exceptionally free bloomer but we tell you that each bloom is so perfect, so gloriously colored, so fragrant, that you will feel repaid many times its moderate cost. A hardy, healthy bush. Pictured on pages 32-33. Each 75c.

Signora—Plant Patent No. 201. A new masterpiece. For cutting it is supreme, a glorious bud and large open flower of sienna and mandarin marvelously blended. A very free bloomer. Try it at our risk. Each \$1.50, 3 for \$3.75.

Stargold—Plant Patent No. 248. We introduced this rose last year. It is the first of a new race of roses, the Sub-zero roses. Originated by the Brownells and there withstood as cold as 30 below zero, blooming normally the following season. The flowers are the purest yellow and delightfully fragrant. The plant is healthy, vigorous grower and very free bloomer. This rose will improve each passing year. It is particularly adapted for those locations where ordinary everblooming roses cannot be grown. Each only \$1.00, 3 for \$2.50.

Texas Centennial—Plant Patent No. 162. A red sport of Pres. Hoover. Does unusually well in the south. Each \$1.00, 3 for \$2.50.

Victoria Harrington—This new rose was the sensation of the 1936 meeting of the American Rose Society at Des Moines, Iowa. The flowers have their own distinctive shape, the petals recurving and pointing, high centered. The color is a non-fading, velvety rich red. Strong, healthy grower. The aging flower neither fades nor blues. Pictured on pages 32-33. Each \$1.00.

EVERBLOOMING BABY ROSES (Polyantha)

THE ROSES FOR EVERYBODY — EVERYWHERE

ALWAYS IN BLOOM, FROM JUNE TO FREEZING—ESPECIALLY FINE FOR BORDER, FLOWERING HEDGE OR SOLID BEDS. VERY HARDY, EASY TO GROW.

These roses are very hardy, growing everywhere and requiring little care. They are especially fine for solid beds and for borders. Plant a border of them around your regular rose bed. Also they are ideal for cemetery planting because they are so easy to grow and bloom so freely. In fact they are **CONSTANTLY IN BLOOM** from early summer until freezing weather in the fall.

They are the easiest of all roses to grow. So if you think you cannot grow roses, plant some of these. They will all bloom this summer so freely, go right through the cold winter, and keep it up year after year.

You will notice that we are making very low prices on these roses. That is because we want everybody to plant them. We assure you that you will be more than delighted.

Cameo—A new variety with distinct color, shell-pink tinged gold and salmon, large sprays in continuous bloom. A real acquisition. Grows 18 inches tall.

Cecil Brunner—This is the old favorite Sweetheart rose. Extremely free bloomer with lovely fully double light pink flowers. Grows 18 inches tall.

Chatillon—This is considered by many to be the finest low growing pink. Immense heads of vivid pink blooms are produced all through the season. Grows 18 inches tall. On opposite page you can see what a lovely pink this is.

Else Poulsen—If we could have but one rose we believe this would be it. A magnificent rose that is always in bloom, from June until freezing, with great clusters of lovely apple-blossom pink flowers. Hardy as an oak, easy to grow. As a garden rose, for bedding and for a flowering hedge, there is no better. Many thousands will remember the long row we had in our World's Fair Rose Garden. It was a glorious sight all season. At our low price, you can plant it freely. Grows about 3 feet tall. The picture on the opposite page shows only a small cluster. It merely gives you a glimpse of how beautiful the entire bush in full bloom would be.

Gloria Mundi—As you can see from the picture on the opposite page, this is one of the brightest colored roses, brilliant orange-scarlet, in huge clusters. A great favorite. Grows 18 inches tall.

Golden Salmon—A glorious sight all season with its clusters of flaming-orange, tinged salmon. Grows 18 inches tall.

Gruss an Aachen—This variety has large flowers like the Hybrid Tea roses. The buds are orange-pink, the fully open flowers at first are soft orchid-pink then lighten to flesh. Always in bloom, this is truly a great bedding rose. Grows about 18 inches tall and is constantly in bloom.

Karen Poulsen—In 1936, this variety was the runner-up for the Gold Medal in the world-famous Bagatelle rose awards (the winning of the Gold Medal is considered the greatest honor a rose can win). On the opposite page, we show you a few blooms of this great rose. We only wish that we could reproduce on paper the glowing color, a rich brilliant scarlet with just a tone of crimson to add richness, and a sheen and texture like velvet. The flowers are larger than pictured. It is unquestionably one of the finest roses for bedding or border. It grows 24 to 30 inches tall. Each 60c.

La Fayette, Improved—On the opposite page, you can see how beautiful is this bright cherry-red rose. Blooms so freely all through the season. It grows 3 feet tall and is a perfect companion for Else Poulsen.

Nypol's Perfection—This is a new Baby Rose. It grows 24 to 30 inches tall and the large single flowers are a bright shining pink and produced freely all season. It makes a compact, nicely shaped bush. We expect it to become very popular. It should sell at a much higher price.

Sparkler—We consider this the best of the low growing red Baby roses. The color is a rich deep crimson as shown on the opposite page and it is always in bloom all through the season. It grows only 18 inches tall.

Sunshine—This is the nearest to yellow of any Baby rose. The buds are orange-gold tinged coral. Each 60c.

Tip Top—An exquisite, dainty flower of lemon edged pink, freely produced all season. Especially lovely as a corsage flower. Grows 18 inches tall.

Verdun—All season you will enjoy the immense clusters of vivid carmine-red flowers. An especially rich color.

White Baby—The pure white flowers are produced freely all season.

Golden Glow

—Pictured above. Plant Patent No. 263. Another rose that does not need to be petted and pampered. For beauty of color, for freedom of bloom, for vigor and hardiness, we believe it sets a new standard for hardy, yellow climbing roses. The blooms are rich golden yellow, fragrant and completely cover the plant for many, many days. It is a tremendous grower with attractive foliage. Allow it a year to get established, then spread out the canes so they get plenty of sunshine and you will be absolutely astonished at the tremendous amount of lovely flowers you will get. Postpaid.

Clematis Texensis

True Bittersweet—Produces bright orange-red berries that are so popular for winter bouquets. Plant 2 or 3 vines so they can cross-pollinize, giving lots more berries. Each 40c; 2 for 75c; 3 for \$1.00.

Bignonia (Trumpet Flower)—Immense, orange-red, trumpet-shaped flowers. Each 30c.

Hall's Japan Honeysuckle—Its fragrant white and yellow flowers are produced freely nearly all summer and leaves remain green almost all winter. Grows vigorously in sun or partial shade. Fine for porch, fence and covering cave or bank. Each 25c.

Scarlet Trumpet Honeysuckle—Similar to Hall's but flowers are bright red. Each 25c.

Boston Ivy (Japanese, Amp. Veitchii)—The best vine for clinging to walls as it clings so closely to any surface without support. Foliage colors in the fall. Extra fine plants priced low. This is the vine you see on most buildings. Each 35c; 2 for 65c; 4 for \$1.00.

Engleman Ivy—Grows rapidly, thrives everywhere and clings to brick, stone or wood, but needs a little help (just a few pieces of tape) the first season. Foliage colors in the fall. Each 30c; 2 for 50c.

Giant Purple Wisteria—Most magnificent of all vines, becoming more beautiful each year and lasting for generations. Lilac-purple flowers come in long clusters in June-July. Our plants are grown from blooming wood so you will get the true flowering type and almost always start blooming next year after planting. Each 50c.

SILVER LACE VINE

SILVER LACE—The fastest growing hardy vine. From middle of summer until late fall, it is completely covered with white flowers. Our strong No. 1 field-grown plants will give flowers and shade **THIS SEASON**, generally growing 15 to 20 feet the first year. Fine for porch and arbor. Now only

Each 60c; 2 for \$1.00

All Vines Listed Here Are Permanent, Winter-Hardy and Strong 2 Year Field-Grown Plants, unconditionally guaranteed to please you. All prices are postpaid.

CLEMATIS

Our Clematis vines are the finest 2 year, No. 1, hardy, field-grown plants AND WILL BLOOM THIS SUMMER. They are far better than smaller plants.

Clematis, Jackmani—A gorgeous vine that produces its immense royal purple flowers (4 to 6 inches across) nearly all summer. You have always wanted one of these beautiful vines. Each 85c.

Wisteria

Clematis, Henryi—Like Jackmani except the large lovely flowers are satiny white. Each 90c.

Clematis, Mme. E. Andre—Like Jackmani except the large striking flowers are velvety red. Each \$1.00.

Clematis, Montana Und.—A wonderful vine with deep green shiny foliage and hundreds of the loveliest pink flowers. Grows 10 to 12 feet high. Each \$1.00.

Clematis, Texensis—A rather rare variety which produces such an abundance of the beautiful red flowers. Priced low to promote quick popularity. Each 75c.

Clematis, Paniculata Japanese—In late summer, completely covered with small, fragrant white flowers. Each 30c; 2 for 50c.

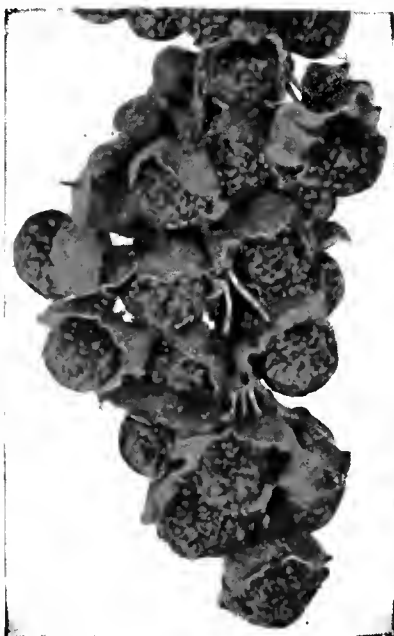

Clematis Jackmani

SPECIAL CLEMATIS OFFERS

1 each of Jackmani, Mme. E. Andre, Henryi, Mont. Und., Texensis for **\$3.65** (\$4.50 value).

1 each of Jackmani and Texensis for **\$1.35**.

True Bittersweet

Summer King (Gold-Flame)—Everblooming Honeysuckle. This is one of the choicest plants in our entire catalog. From June to October it is covered with hundreds of fragrant flowers, brilliant flame-scarlet outside and golden yellow inside. Fine for porch, arbor, trellis, fence and ground cover. It is perfectly hardy, easy to grow, a continuous bloomer and our strong No. 1 plants will **BLOOM THIS SUMMER**. Each 75c; 2 for \$1.25.

Summer King Honeysuckle

Five Wonderful Dahlias

No. 1—*Jersey Beauty*, the most popular pink.

PLANT INTER-STATE

PRIZE DAHLIAS

EVERY DAHLIA WE SELL IS ABSOLUTELY GUARANTEED TO BE SATISFACTORY, NOT ONLY WHEN YOU GET IT, BUT ALSO WHEN IT BLOOMS. When you get them notice how each tuber is wrapped separately with the eye carefully protected. On each tuber you will find a number stamped with indelible ink. This number was put on at the time of digging. That is why these dahlias ARE ALWAYS TRUE TO NAME. They are FULL OF PEP AND VITALITY and will produce for you big blooms and many of them.

With every order we send complete planting instructions telling you exactly how to plant them so you will grow PRIZE WINNING BLOOMS.

We offer you four extraordinary collection values, the greatest we have ever made. You may have 2 COLLECTIONS FOR \$1.90; 3 for \$2.75 and 4 for \$3.50. ALL DAHLIAS POSTPAID.

AMERICA'S MOST POPULAR DAHLIAS

Bonnie Blue—A very popular near blue dahlia which blends richly with almost any other color. It is a strong grower, a very free bloomer. **Each 20c.**

Jane Cowl—Recognized as the greatest of all dahlias. A glorious flower, buff and gold with just a touch of apricot at the center. It is much larger than pictured. Our special low price only **25c each.**

Jean Kerr—A fine white dahlia with long stems, fine for cutting. Blooms early and continuously. Very dependable. **Each 20c.**

Jersey Beacon—The enormous flowers are Chinese scarlet with a lighter reverse. Long strong stems. Very popular red. **Each 25c.**

Jersey Beauty—America's favorite dahlia. As a pink it stands supreme. Should be in every garden. Blooms very freely. **Each 25c.**

Kentucky—A sport of Jersey Beauty with the same splendid growing and free-blooming habit but the color is lovely apricot, salmon-orange. Belongs in every garden. **Each 35c.**

Laura Morris—We consider this the best large, deep yellow dahlia. Sturdy, healthy, free-blooming. An exquisite beauty. Larger than pictured. **Each 40c.**

Lord of Autumn—Most dahlia experts rate this as one of the two or three greatest yellow dahlias of all time. Many consider it the finest. The flowers are immense size, many almost a foot across, of perfect form and the most beautiful clear bright yellow you ever saw. Last year it sold at \$2.00 to \$3.00 each. But we are making a special low price of only \$1.00 each. Plant it, take good care of it as all fine things should be cared for, and next fall if you do not agree with us that it is the greatest yellow dahlia you ever had, we will refund your money. **Each \$1.00.**

Margaret W. Wilson—An exhibition

dahlia of great size and beauty. The immense flowers are creamy white suffused pink with deep pink reverse. **Each 25c.**

Monmouth Champion—Immense blooms of brilliant orange-flame on perfect stems. Unquestionably one of the choicest and most beautiful dahlias. Larger than pictured. **Each 40c.**

Mrs. I. De Ver Warner—Exquisite large blooms (larger than pictured) of old rose, richly suffused true lilac. A free and continuous bloomer. **Each 20c.**

Pride of Stratford—The best orange dahlia we have ever seen. A strong grower, profuse bloomer and large size throughout the season. Does well everywhere. **Each 30c.**

Ruth Vaughan—A lovely new dahlia. At first the color is shrimp pink which deepens to La France pink in the cooler fall days. Each petal is tipped and slightly edged with gold. The whole flower has a beautiful sheen and sparkle as though dipped in star-dust. We do not believe this fine variety was ever before sold at such a low price. **Each 40c.**

Sagamore—An exceptionally fine dahlia, amber gold shaded salmon, rose and orange. Large flowers on good stems. Always attracts attention. **Each 25c.**

Swift—This is a wonderfully beautiful yellow dahlia and is priced low only because of a large supply. **Each 20c.**

The Commodore—This dahlia just a short time back won the American Home Achievement Medal, one of the very highest awards that a dahlia can win. The beautiful pure yellow flowers are truly enormous, many 12 inches across. It certainly wins the prizes. Our low price only **Each 40c.**

Thomas A. Edison—The most gorgeous blooms of rich royal purple. Very distinct in form and color. One of the world's finest dahlias. **Each 40c.**

PRIZE Collection

- 1 Bonnie Blue—near blue
- 1 Jean Kerr—pure white
- 1 Jersey Beacon—scarlet
- 1 Margaret W. Wilson—white suffused pink
- 1 Pride of Stratford—orange
- 1 Sagamore—salmon-rose
- 1 Swift—rich yellow

Here are 7 fine dahlias for only
One Dollar (regular price \$1.60)

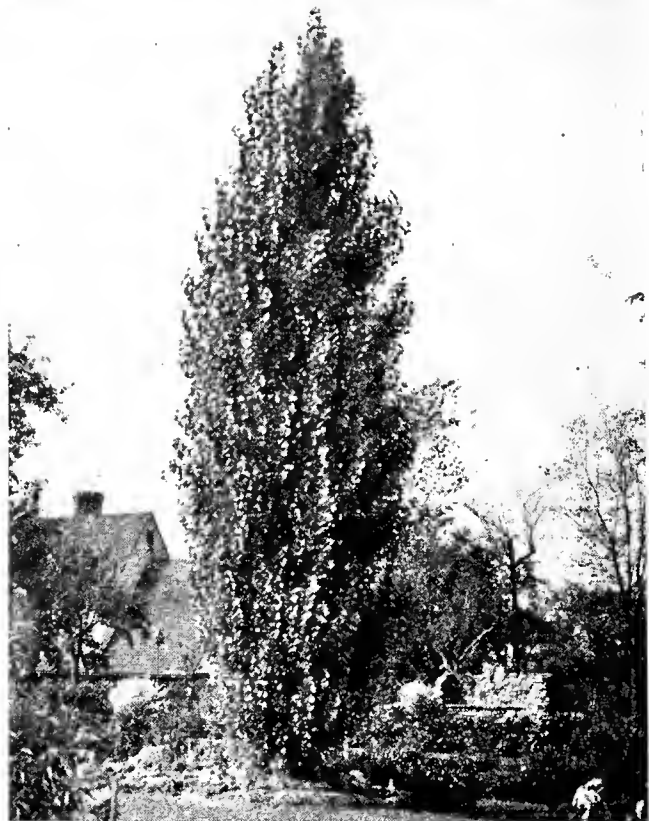

MIXED DAHLIA COLLECTION

10 Dahlias, each one different, not labeled for only \$1.00

This is a special "Clean-up Price." In this collection are Dahlias which by name sell for as high as 50c each. If you want beautiful flowers and do not care to know the names (many will easily recognize very choice varieties), this is our greatest offer.

FOR COMFORT

Shade

LOMBARDY POPLAR

Fine for screens and backgrounds

A magnificent tree for lawn or parking. In the spring, the foliage is reddish-purple; in midsummer, it is purplish green, in the fall, golden yellow. It makes a perfectly shaped tree.

Maple, Sugar (Hard)—Foliage, beautiful orange, yellow and scarlet in the fall.

Mountain Ash—Full of clusters of red berries from midsummer into winter.

Willow, Niobe—A weeping willow with yellow bark. Beautiful summer and winter.

Willow, Wisconsin Weeping—This is the popular green-barked weeping willow. With its graceful drooping branches, it gives an effect no other tree can give. Note our low-price on the 4 to 5 ft. trees.

Poplar, Lombardy—Everybody knows the striking appearance of this tall, narrow-growing tree, like a church spire. Fine for screens and background. Grows rapidly. You have always wanted some of these trees. Get them now at a **very low price.**

LOMBARDY POPLAR PRICES (Not Prepaid)

	Each	Per 4	Per 12
4 to 5 feet.....	35c	\$1.20	\$3.00

6 to 8 feet.....	50c	1.75	4.50
8 to 10 feet.....	75c	2.60	7.20

Tree of Fire (Paul's Double Scarlet Hawthorn)—Popular low growing tree. It is hardy, growing all through the eastern, central and western states. In May-June it is covered with double, scarlet flowers, followed by showy red berries. The luxuriant foliage is a rich, glossy green, and colors beautifully in the fall.

Not Prepaid, 4 to 5 feet..... Each \$1.25; 2 for \$2.25

PURPLE MAPLE

How inviting appears the home that is "framed" with lovely shade trees. Their beauty also proves itself practical by keeping off the intense heat in summer and cold winds in winter.

Help make your street more attractive by lining it with shade trees. If the hot afternoon sun shines into your home, plant a tree to the southwest. Shade trees will give you more permanent beauty and comfort per dollar than anything else.

Birch, Silver (Cut Leaf Weeping)—Delicately cut leaves on graceful, drooping branches. The gleaming white bark is beautiful summer and winter. Especially fine for lawns, as a specimen or in groups.

Hopa Flowering Crab—We consider this our finest ornamental tree. In spring it is covered with rose-red flowers followed by clusters of bright red fruit (they make fine jelly). At first in the spring the foliage is a striking maroon-purple, then turns a rich green and in the fall colors beautifully with shades of yellow, orange and red. It does not grow so tall and is unquestionably a fine tree for the lawn. Perfectly hardy, it will grow and thrive everywhere. We are making very special low prices. Pictured in color on page 46.

Maple, Norway—An exceptionally fine tree for lawn and street planting. As the picture shows, it makes a perfect tree. The rich green foliage colors a light yellow in the fall. Notice the very low price we are making.

Maple, Purple (Schwedler)—

Magnolia, Soulangeana—The hardiest Magnolia. Delightfully fragrant, large (3 to 5 inches across) flowers appear before the leaves, and are pink in bud, white when open. A full grown tree covered with thousands of blooms is a wonderful sight. They grow 8 to 10 feet tall and start blooming before they are 3 feet tall.

Special Low Price. Postpaid, 18 to 24 inches. Each \$2.25; 2 for \$4.00.

Kwanzan Flowering Cherry—You have seen pictures of the world-famous flowering cherries of Washington, D. C. In the early spring, the trees are completely covered with exquisitely beautiful double, rose-pink flowers. Not Prepaid, 4 to 5 feet. Each \$1.50; 2 for \$2.50.

AND BEAUTY CHINESE ELM

Because of its beauty and extremely rapid growth, the Chinese Elm has become the leading shade tree of America. It is planted in every state, standing intense cold and extreme heat extremely well. Under ordinary conditons, it makes excellent shade in five short years, as its average growth is five feet a year. It is by far, the fastest growing hard-wooded shade tree.

A WINDBREAK FOR EVERY FARM

Chinese Elm Windbreak Special

—POSTPAID—

100 Fine Trees, 2 to 3 feet tall
for \$2.95

200 for \$4.95

100 18 to 24 inches tall for
\$1.95

200 for \$3.25

20 2 to 3 feet tall for \$1.00

The dust storms of the past few years have shown us the urgent need of windbreaks in summer. And they break the force of the cold, wintery winds. If your farm buildings are protected by a windbreak, your cows will give more milk, your steers make more gains, your hens lay more eggs, and it will take less fuel to heat your home. A windbreak does good summer and winter. Makes farming more pleasant and profitable.

Below are listed younger Chinese Elm Seedling trees. They are especially fine for windbreak and wood lot planting. No tree will make a windbreak as quickly as these young Chinese Elm. It leafs out very early in the spring and the leaves hang on very late in the fall. It has such a dense mass of twigs, branches and limbs, that even with the leaves off, it makes a very effective windbreak. No matter whether you live in North Dakota or Texas or any state in between, plant Chinese Elm. It grows in all states. It stands cold, it stands heat, it even stands alkali. Plant them 4 to 6 feet apart.

We have a fine lot of these Chinese Elm and we are making the **lowest price we have ever made**, so that **EVERY FARM CAN HAVE A WINDBREAK**. Plant yours this spring. In less than 5 years, you will write us, telling us you wouldn't take hundreds of dollars for your windbreak.

INTER-STATE HARDY HEDGES

Protection
Privacy
Beauty

Spirea Van Houtte Our Most Popular Hedge 100 for \$4.95

A friendly, living hedge will give a touch of privacy to your home, yet it will not interfere with the view. Beautiful along walks, driveway and lot lines. Each passing year adds to its beauty. Our plants are grown especially for hedging. They are hardy, stocky, well-branched and nicely rooted. If you want a good tight hedge, plant one foot apart. With each order we send planting instructions telling how to make the best hedge.

Barberry, Japanese (Thunberg's)—A very popular low growing hedge. If not trimmed it makes a dense, rounded hedge 2 to 3 feet tall and almost as wide. But it can be trimmed to any desired height and width. Foliage is bright green, turning to a beautiful orange-scarlet in the fall. All winter the bright red berries gleam along the branches. Grows in sun or partial shade. This is the rust-free variety which can be planted everywhere. If there is a corner of your yard where people "cut across," plant some of these and they will stop it.

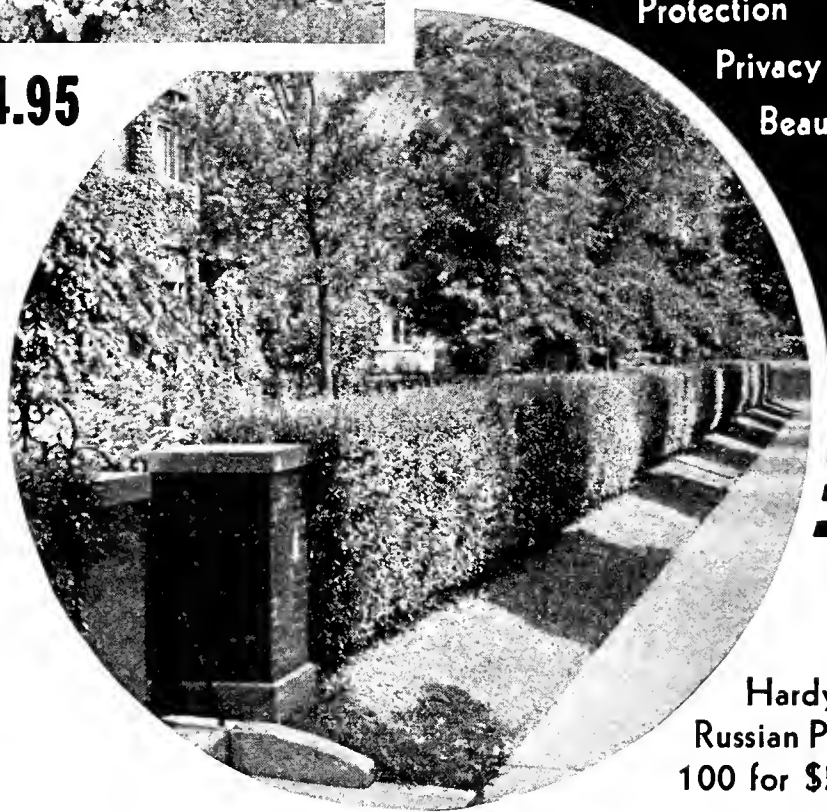

Chinese Elm—In China, its original home, it has been used as a hedge for centuries. It can be kept trimmed to a medium height hedge or a taller screen. Makes an immense number of small twigs, just full of leaves. Therefore when trimmed it makes a very compact, dense hedge. Perfectly hardy and planted in every state. Grows so rapidly that it will make a hedge in just a few months. The more you trim it, the bushier it gets. As it becomes known, we believe that it will be planted for hedging by the millions. **HARDY, BEAUTIFUL, FAST GROWING AND PRICED VERY LOW.**

Honeysuckle, Tartarian—Makes a fine tall hedge or screen, growing 8 to 10 feet tall. Pink flowers in May followed by great clusters of orange and red berries. It can also be trimmed, making a good medium height hedge. Grows in sun or partial shade. Grows everywhere.

Mulberry, Russian—A quick growing economical hedge.

Hardy Russian Privet (Amoor River North)—This is the most widely planted hardy trimmed hedge. The shiny leaves hang on late in the fall. Makes a fine trimmed hedge any height you want. This hedge is hardy, but California Privet is not hardy (that is why we do not list the California).

Spirea Van Houtte (Bridal Wreath)—We consider this to be the best plant for a hedge, whether you wish a medium tall untrimmed flowering hedge or a low trimmed hedge. It makes the most beautiful flowering hedge. When trimmed, it makes a dense, bushy hedge hugging the ground closely. It is absolutely hardy,

Hardy
Russian Privet
100 for \$5.95

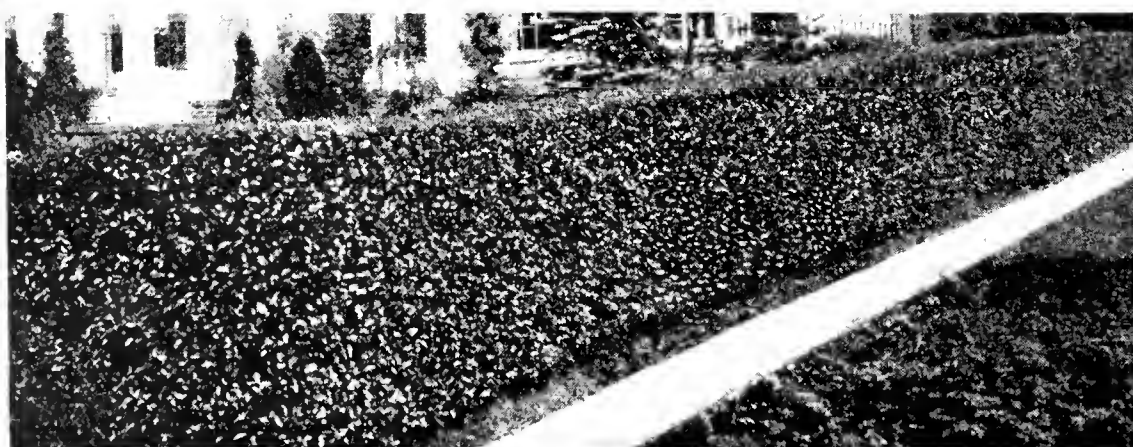

easy to grow and grows everywhere, in sun or partial shade. For a natural hedge, set 2 feet apart. For a trimmed hedge, set 1 foot apart.

18 to 24 inches..... Each 50c

OAK LEAF HYDRANGEA

Here is a rather new, hardy shrub that certainly belongs in every landscape. It cannot be excelled for foundation planting or for individual specimens. The heavy, beautiful foliage resembles oak leaves and colors beautifully in the fall. It has mammoth spikes of white flowers often a foot long in June. It makes a large spreading shrub that will be a center of attraction in your yard. It grows 5 to 6 feet tall and 8 to 10 feet wide.

- 1 **Snowberry Chenaulti** (see page 45)
- 1 **Red Spirea** (see page 45)

Strong 12 to 18 inch plants. Will give you flowers from early spring until frost. We can send the same collection in the 18 to 24 inch size for **\$1.35** Postpaid (worth **\$1.85**).

Althea, Rose of Sharon—A rather tall growing shrub which is fine for group and specimen planting, also for screens. Blooms freely, July till frost. A fine shrub that is widely planted. It is hardy here at Hamburg and we get 10 to 20 below zero. You have your choice of the following colors: Purple, Violet, Red, Rose or White with red eye.

Althea, Rose of Sharon, Snowdrift—Large flowers white as newly fallen snow are produced from midsummer till frost. It makes a handsome bush 5 feet tall and is easily one of the best white flowering shrubs.

Barberry, Japanese (Thunberg's)—Probably the most widely planted low growing shrub. Ideal for border and foundation planting. Makes a low, dense, rounded bush 3 feet tall. Grows in sun or partial shade. The foliage colors a beautiful red in the fall, with red berries which hang all winter. It is rust-free. Easy to grow and grows everywhere.

JAPANESE BARBERRY

In the center with Hydrangea P. G. at both ends. The vine is Engelman's Ivy which is described on page 35.

Strong 12 to 18 inch size.

We can send the same collection in the 18 to 24 inch size for **\$1.50** postpaid (worth **\$2.20**).

These are some of our most popular shrubs. They grow and thrive everywhere. You will have flowers all through the season.

Barberry, Red Leaved—See page 41.

Beauty Bush—See page 41.

Buddleia, Hartwegi—See page 46.

Buddleia, Ile de France—See page 46.

Butterfly Bush, Farquhar—Better than common Butterfly Bush as it grows more gracefully and not so tall, also blooms more freely and has better color. The lilac-purple flowers are produced freely July to frost. Grows 3 feet tall.

Deutzia, Lemoine—Showy white flowers in late spring and early summer. Grows in sun or semi-shade and makes a rounded compact bush 4 feet tall, with slender graceful branches.

Deutzia, Pride of Rochester—A splendid shrub which grows 6 to 8 feet tall in sun or partial shade. In May and June it is a lovely sight with its flowers of white tinged pink.

INTER-STATE'S SHRUB PRICES ARE VERY LOW

TARTARIAN HONEYSUCKLE

All shrubs on pages 42, 43 and 44 (except Spirea Van Houtte) are priced the same, alike or assorted, your choice, Postpaid.

12 to 18 inch size
25c each; 6 for \$1.35
12 for \$2.40

18 to 24 inch size
35c each; 6 for \$1.95
12 for \$3.60

All our shrubs are hardy. They are field-grown in wide rows where they have plenty of room to develop good tops and fine roots. They are the finest shrubs it is possible to produce. We guarantee them to please you. Many of them will bloom the first season.

DEUTZIA—Pride of Rochester

Dogwood, Red Barked—Creamy white flowers in spring followed by clusters of blue berries. In winter, its bright red bark makes a pleasing spot of color among the other shrubs. Grows 8 feet tall. Grows in sun or semi-shade.

Elder, Golden—The golden color of its leaves contrast richly with the green foliage of the other shrubs. Develops best color in full sunlight. Grows 8 feet tall.

Forsythia, Golden Bell, Spectabilis—Pictured on page 45. It is the first shrub to bloom in the early spring. It lights up the entire yard with its masses of bright yellow flowers which completely cover the bush. Without fail should be in every yard. This variety is by far the best of all.

Honeysuckle, Fragrantissima (Winter Honeysuckle)—An unusually attractive shrub with its rich, lustrous green foliage. It has fragrant white flowers in early spring and again in the fall. Makes a bush 4 to 5 feet tall with graceful, semi-drooping branches. You will like this shrub. It is beautiful and very unusual because the foliage hangs on far into the winter. In fact in mild winters, it is almost evergreen.

Honeysuckle, Tartarian—This is planted everywhere because it is one of the very best tall growing shrubs, attaining a height of 8 to 10 feet. Especially fine for backgrounds and screening unsightly views. Also good as a specimen because it naturally makes a well-shaped bush. Grows in sun or partial shade. In May and June it is covered with charming pink flowers followed by clusters of red and orange berries.

Hydrangea, Hills of Snow—See page 41.

Hydrangea, P. G.—See page 41.

Lilac, Chinese (Rothomagensis)—A fine shrub for background, growing 10 to 12 feet tall. This is, we believe, the best tall growing lilac. Its foliage is exceptionally attractive and the reddish-purple flowers are produced so freely in May and June. A grand shrub. Very easy to grow.

Quince, Japan Scarlet—This is the old-fashioned Fire Bush. In early spring just as the leaves are opening it is a gorgeous sight with its masses of brilliant scarlet blossoms. The foliage is dark green and glossy as though varnished. It grows 6 feet tall and fills a place no other shrub can.

Snowberry, Chenaulti—A magnificent new shrub that unquestionably will become one of America's greatest shrubs. It has everything that a good shrub should have: graceful shape, fine foliage, lovely flowers, attractive berries, perfectly hardy and grows everywhere. The foliage is a rich shade of green and the branches arch gracefully. In June it is full of pink flowers followed by a multitude of coral-red berries. It only grows 3 to 4 feet tall and makes a dense bush. Pictured on page 45. Plant it and if you are not enthusiastic about it, we will give you another shrub free.

Snowberry, White—This shrub actually grows better in the shade than in the sun. In June-July it is covered with rose-pink flowers followed by many clusters of large pearly white berries. Grows about 4 feet tall.

Spirea, Arguta—This lovely shrub blooms 2 weeks before Van Houtte and as shown in the picture it is absolutely covered with the pure white flowers from top to bottom. The foliage is very distinct, being fine and feathery. It grows only 3 to 4 feet tall and is one of the best medium low shrubs.

Spirea, Billardi—This is an exceptionally fine shrub for group and foundation planting, growing 4 to 5 feet tall. From July to September it produces long spikes of attractive rose-pink blooms. Succeeds everywhere.

Spirea, Bumalda—Similar to Red Spirea but flowers are pink.

Spirea, Callosa Alba—Similar to Red Spirea but the flowers are white and bush grows just a few inches taller.

WEIGELA ROSEA

in wet or dry places. The foliage is dense, silvery-blue and very fine and feathery. The bright pink flowers appear more or less regularly all thru the summer. You will love it.
Weigela, Rosea—One of the most popular of all shrubs. It grows 5 feet tall. In late spring and early summer it is a lovely sight with its beautiful bell-shaped pink flowers, borne profusely along great arching branches. Easy to grow, succeeds everywhere.
Weigela, Variegated—An attractive shrub, green leaves edged yellow. Pink flowers in May-June. Grows about 4 feet tall.

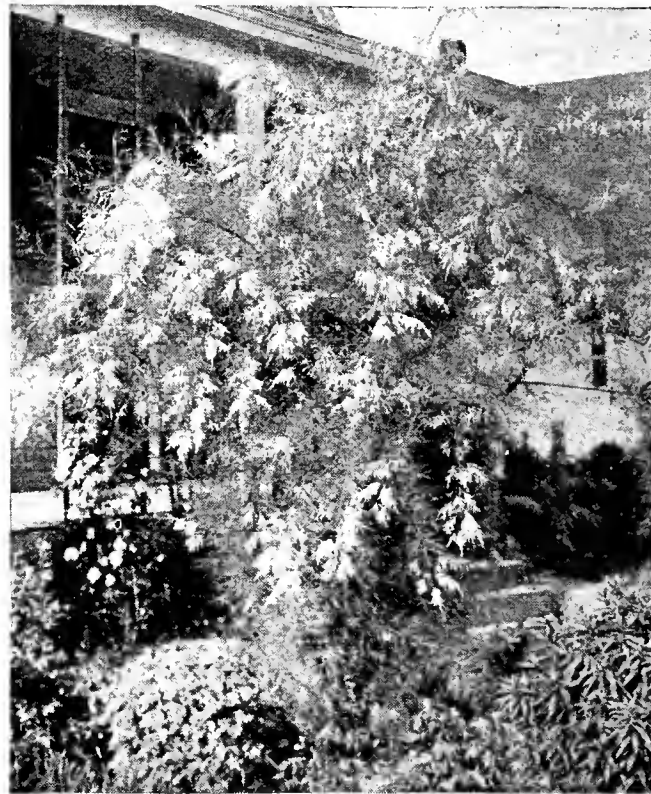

Above Shrubs Priced on Page 42

Spirea, Froebeli—One of our best shrubs. It makes a dense bush only 3 to 4 feet tall. In spring and fall the foliage is a striking wine color. In May-June the plants are covered with clusters of lovely bright pink flowers. Plant it freely.

Spirea, Red (Anthony Waterer)—Pictured on page 45. Very popular low growing shrub. All summer the rose-red flowers are produced. It makes a rounded, compact bush only 2 to 3 feet tall. Especially fine for borders and foundation planting. Succeeds everywhere.

Spirea, Thunberg's (Snow Garland)—A graceful shrub with bright green fine feathery foliage which turns orange-scarlet in the fall. It blooms very early, in April, before the leaves open, and each branch from tip to base is covered with the pure white flowers. It grows only 3 to 4 feet tall and is one of the finest shrubs for borders. It is not as hardy as Arguta so should not be planted where winter temperature falls regularly below zero.

Tamarix, Hispida—This is by far the best Tamarix and as a matter of fact is one of the finest of all shrubs. It grows 10 to 12 feet tall if not pruned but it can be kept down to any desired height. It grows in sun or shade,

TAMARIX

BRIDAL WREATH—Spirea Van Houtte

This grand shrub has done more to beautify the homes of America than any other. It is by far the most popular and widely planted. IT MAKES GOOD EVERYWHERE. NEW SUMMER LILAC →

Buddleia Hartwegi —Sold for the first time last spring, we consider this one of the finest plants ever introduced. The flower spikes are 12 to 15 inches long, a beautiful true lilac color, fragrant. Unsurpassed as a summer cut flower and as an ornamental lawn shrub. Makes a round compact bush four feet tall, with attractive dark green foliage. Blooms continuously all summer and fall. A truly gorgeous sight among the shrubs or flower garden. Our plants, No. 1 hardy field-grown, will bloom freely this summer and fall. Postpaid.

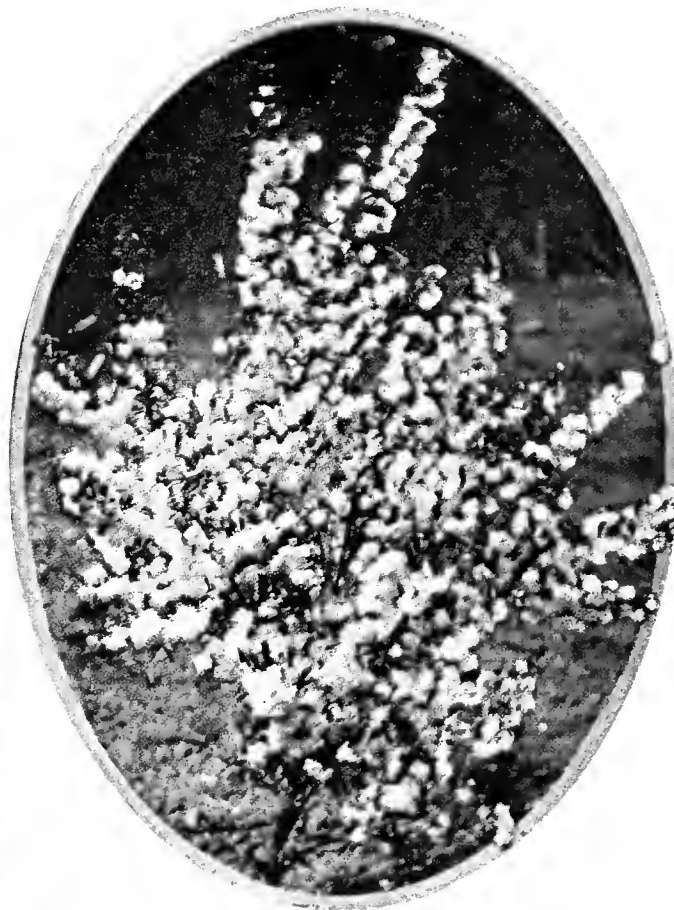

**Each 75c; 2 for \$1.25;
4 for \$2.00**

CHASTE TREE (Vitex Macrophylla)

A rare shrub growing 4 feet tall, with long spikes of beautiful blue flowers from July till frost. Everybody who has or sees this lovely shrub falls in love with it. Easy to grow. Will bloom this summer.

INTER-STATE'S HARDY PERENNIALS

Guaranteed to Please You

They are Big, Transplanted, Hardy, Field-Grown Plants that will bloom freely this summer because they were grown in the field in wide rows and not in seedling beds.

SPECIAL NOTICE

Varieties selling at the same price may be combined to get quantity prices. For example, you can get 1 Queen Mary Aster, 1 Victor Dwarf Aster, 1 Diener's Double Daisy, 1 Hollyhock and 1 Yellow Chrysanthemum, all 5 for \$1.00, because they are all priced the same. You could get 12 for \$2.00. All perennials are postpaid.

The figures following name give average height when in bloom.

Anchusa, Myosotidiflora—8-12 inches. Lovely dwarf plant with clusters of blue flowers in early spring. Fine for rock garden and edging. Also good for ground cover in the shade and under trees. Each 25c; 5 for \$1.00; 12 for \$2.00.

Hardy Asters—We offer below a fine selection of new and standard varieties. They bloom before the Mums and supply much needed color for the fall garden. Good for both garden and cutting.

Asters, Hardy, Amethyst—3-4 ft. A new aster, pictured above, which we consider the finest in this color ever produced. Good grower, free bloomer. Each 50c; 3 for \$1.25; 6 for \$2.00.

Asters, Hardy, Barr's Pink—4 ft. The finest bright pink, profuse bloomer. Each 25c; 5 for \$1.00; 12 for \$2.00.

Asters, Hardy, Chas. Wilson—3 ft. A new, especially striking bright red aster. Makes a compact bush, very free flowering. Pictured above. Each 50c; 3 for \$1.25; 6 for \$2.00.

Asters, Hardy, Climax—Very showy, large flowers of lavender-blue. Very free blooming. Each 25c; 5 for \$1.00; 12 for \$2.00.

Asters, Hardy, Col. F. R. Durham—3½ ft. A new aster which is completely covered with the double dark blue flowers for a long flowering period. The picture gives you but a glimpse of its great beauty. Each 60c; 3 for \$1.50; 6 for \$2.50.

Aster, Hardy, Frikarti—2½ ft. From midsummer until late fall it constantly produces its very large handsome flowers of blue with golden centers. Each 50c.

Asters, Hardy, Hybridus Luteus—Clusters of small bright yellow flowers on 18 inch stems, blooms from July to October if kept cut. Each 50c; 3 for \$1.25; 6 for \$2.00.

COREOPSIS, Golden Giant, Actual Size

GEUM, Prince of Orange, 1/2 Actual Size

Anthemis, Sancta-Johannis—Mr. E. C. Wood, the noted writer of many articles on perennials, says this is one of the very best new plants introduced in years. Large brilliant orange flowers on 18 inch stems during June and July. A fine garden flower and also very good cut flower. Likes the full sun and does best in soil that is not too rich. Each 50c; 3 for \$1.25; 6 for \$2.00.

Armeria, New Formosa Large-Flowered Hybrids—18 inches. If we had enough plants so that we could show these lovely flowers in natural color, everybody would want some. The flowers are ball-shaped, about 2 inches in diameter, shades of pink, red, purple, and are produced over a long blooming period. Perfectly hardy. Each 50c.

Artemisia, Silver King—3 ft. Its bright, frosted, silver-gray foliage combines perfectly with other flowers. Makes a fine background. Much used for winter bouquets. Each 25c; 5 for \$1.00; 12 for \$2.00.

Bleeding Heart, Fern Leaved (Eximia)—12 inches. Attractive fern-like leaves; lovely pink flowers all summer. Grows in sun or shade. Each 25c; 5 for \$1.00; 12 for \$2.00.

Bleeding Heart, Old-Fashioned—2 ft. Graceful, heart-shaped pink flowers in April-May. Prefers partial shade. Each 35c; 2 for 60c.

Campanula, Canterbury Bells—2 ft. Large, bell-shaped flowers in May-June. Blue, pink or white. Each 25c; 5 for \$1.00; 12 for \$2.00.

Campanula, Carpatia (Carpathian Harebell)—8 inches. Good for rock garden and border. Blue flowers all summer. Each 25c; 5 for \$1.00; 12 for \$2.00.

Campanula, Cup and Saucer—2 ft. Blue, pink or white. Each 25c; 5 for \$1.00; 12 for \$2.00.

Carnation, Hardy Grenadin—18 inches. Produces lovely, fragrant flowers from June to August. Your choice of red, rose, salmon, white or yellow. Pictured on page 49. Each 25c; 5 for \$1.00; 12 for \$2.00.

Chrysanthemums—See page 50.

Columbine (Aquilegia) Inter-State's New Improved Long-Spurred Hybrids—2 1/2 ft. These are the "last word" in Columbines. They have richer, better colors and larger flowers. We are making a special low price on these magnificent flowers, all colors mixed. See picture. Each 20c; 6 for \$1.00; 15 for \$2.00.

We can also supply them in separate colors as follows: Red, Pink, Blue, White or Yellow. Alike or assorted, your choice. Each 25c; 5 for \$1.00; 12 for \$2.00.

Columbine, Crimson Star—2 1/2 ft. This beautiful new Columbine is pictured on the front cover, in actual size. The immense flowers are a rich deep crimson with inner petals of white and are freely produced. A magnificent new flower, easy to grow, succeeds everywhere. Only 30c each; 4 for \$1.00.

Coreopsis—18 inches. Bright yellow flowers all summer. Each 25c; 5 for \$1.00; 12 for \$2.00.

Coreopsis, Double Sunburst—2 ft. Double flowers, 1 1/2 to 2 inches across, brilliant golden yellow. Very scarce. Each 30c; 4 for \$1.00.

Coreopsis, Golden Giant—2 1/2 ft. We picture just one flower of this glorious new variety. The blooms are immense, many 4 inches across, perfect in form, fragrant and freely produced for such a long time. The color is a true golden yellow. For garden effect and for cutting, no other yellow flower can surpass it. Each 40c; 3 for \$1.00; 7 for \$2.00.

Daisy, Shasta, Diener's Double—2 ft. Beautiful new white double Shasta Daisies. Wonderful for cutting. Priced very low. Each 25c; 5 for \$1.00; 12 for \$2.00.

Dianthus, Hardy Old-Fashioned Clove Pinks—15 inches. Lovely pink flowers with a spicy fragrance produced all summer. Each 25c; 5 for \$1.00; 12 for \$2.00.

Dianthus, Caesius (Cheddar Pink)—8 inches. Very compact, glaucous blue foliage with fragrant rose-colored flowers in May-June. Each 25c; 5 for \$1.00; 12 for \$2.00.

Euphorbia, Myrsinites—3 inches. Beautiful trailing plant for rock and wall garden. Silvery gray leaves with yellow flowers in May. Each 25c; 5 for \$1.00; 12 for \$2.00.

Ferns, Hardy Outdoor Mixed or Ostrich Plume—2 ft. Plant in shade. Each 25c; 5 for \$1.00; 12 for \$2.00.

Forget-Me-Not—6 inches. Dainty blue flowers in June-July. Each 25c; 5 for \$1.00; 12 for \$2.00.

GEUM, Fire Opal, 1/2 Actual Size

7 New Superior Perennials

Coreopsis, Golden Giant **Rudbeckia, The King**
Geum, Fire Opal **Trollius, Empire Day**
Geum, Prince of Orange **Veronica, Blue Spire**
Helenium, Orange Chippersfield

All **7** (1 each) only **\$2.00**
 (Regular Price \$2.90)

14 (2 each) for **\$3.65**

Gaillardia, Burgundy—2 1/2 ft. Large wine-red flowers, June until frost. Exceptionally fine. Each 25c; 5 for \$1.00; 12 for \$2.00.

Gaillardia, Portola Hybrids—2 1/2 ft. Much better than common Gaillardia. Flowers are larger (often 5 inches across) a brighter blend of red and gold. Blooms freely from June to frost. Each 25c; 5 for \$1.00; 12 for \$2.00.

Geum, Fire Opal—2 ft. A new, very hardy Geum which produces its large flowers of dazzling scarlet with orange sheen, from May to October. Beautiful foliage. A single plant may have 100 open flowers at one time. See picture above. Special low price. Each 40c; 3 for \$1.00; 7 for \$2.00.

Geum, Prince of Orange—2 ft. This lovely new Geum is pictured on page 48. The flowers are large, a deep orange, on long stems. The plant is very hardy and free blooming, all through the season. There is no other orange-colored flower to compare with it. Each 40c; 3 for \$1.00; 7 for \$2.00.

Gypsophila, Bristol Fairy—3 ft. Dainty double white flowers produced freely from June to September. Extra fine as cut flower. Each 50c.

Gypsophila, Pan. (Baby's Breath)—2-3 ft. Great masses of small, pure white flowers in July and August. Fine for winter bouquets. Each 25c; 5 for \$1.00; 12 for \$2.00.

Helenium, Chippersfield Orange—3-4 ft. The flowers come in such great clusters they simply cover the bush—bright orange with a slight flush of flame and central disk of mahogany. Blooms in latter part of summer and, early fall when flowers are so scarce. Easy to grow in any soil, in sunny location. New. Pictured above. Each 40c; 3 for \$1.00; 7 for \$2.00.

Hibiscus, Giant Mallow Marvels—4 ft. Immense flowers in August-September. Choice of Red, Pink or White. Each 25c; 5 for \$1.00; 12 for \$2.00.

Hollyhocks, Improved Double—6-7 ft. An improved strain with exquisite double flowers in the loveliest colors. Your choice of Scarlet, Lilac, White, Yellow, Pink. Special low price. Each 20c; 6 for \$1.00; 15 for \$2.00.

Lily of the Valley—8 inches. Everybody loves this fragrant white flower. Grows in sun or shade, even right under trees. 10 Pips for 30c; 25 for 65c.

Linum, Blue Flax—12 inches. Lovely blue flowers all summer. Graceful feathery foliage. Fine for rock gardens and border. Each 25c; 5 for \$1.00; 12 for \$2.00.

HELENIUM, Chippersfield Orange, 1/3 Actual Size

Linum, Yellow Flax—12 inches. Like above except flowers are lemon yellow. Each 25c; 5 for \$1.00; 12 for \$2.00.

Lupines—3-4 ft. A stately plant with long spikes of beautiful flowers like Giant Snapdragons, in June-July. This is the Harkness Regal strain, the finest we ever saw, mixed glorious colors of rose, blue, mauve, buff, etc. Give them plenty of water. Each 25c; 5 for \$1.00; 12 for \$2.00.

Penstemon, Barbatus Torreyi—3 ft. Bright scarlet flowers on spikes 2 feet long, from June to August. Each 25c; 5 for \$1.00; 12 for \$2.00.

Phlox—See back cover.

Phlox, Subulata (Creeping, Moss Pink)—4 inches. Completely covered with bloom in April-May. Moss-like evergreen foliage. For rock gardens, borders, for carpeting the ground and banks. Your choice of Alba (white), Lilacina (blue) or Vivid (bright pink). Each 25c; 5 for \$1.00; 12 for \$2.00.

Platycodon (Balloon Flower)—18-24 inches. All summer it produces its lovely, bell-shaped flowers on long stems. Your choice of blue or white. Each 25c; 5 for \$1.00; 12 for \$2.00.

Pyrethrum (Painted Daisy)—2 ft. This popular plant produces its lovely flowers in spring and early summer. Finely cut foliage. Your choice of red, rose or white. Each 25c; 5 for \$1.00; 12 for \$2.00.

Pyrethrum, Double Red—2 ft. Double and semi-double flowers of rich red, freely produced. Select a sunny spot, fertile soil, give plenty of water in dry weather and you will be gloriously rewarded. Each 25c; 5 for \$1.00; 12 for \$2.00.

Pyrethrum, Pink Bouquet—2 1/2 ft. On the front cover we picture this magnificent flower. We believe it is the outstanding new perennial of 1938, and will be sold exclusively by us this spring. The bloom is very large, many four inches across, with a double row of the sparkling pink petals, a snow-white center with just a touch of yellow at the heart. The flowers come 7 to 9 on a spike, with a long stem for each flower. The plant stands right up and does not fall over. Blooms through June into July. You can imagine what a full size plant full of these large, exquisite flowers will look like. The petals stand out straight, never drooping. We believe this flower will sweep the country as soon as enough plants are available. We have only 5000 plants this spring, so we suggest you order early. Each 75c; 2 for \$1.25.

Scabiosa, House's Hybrids—2 ft. A greatly improved new strain. Flowers are large, ruffled, light to dark blue, with delicate shades of lilac and mauve. Long stems, freely produced. Especially fine for cut flowers as they last so long. Each 25c; 5 for \$1.00; 12 for \$2.00.

Sedums—America's greatest rock plants, because they will live in dry, sunny locations in the rock garden and rock wall. Your choice of 5 varieties listed below: Each 25c; 5 for \$1.00; 12 for \$2.00.

S. Acre (Golden Moss)—3 inches. Green foliage, bright yellow flowers.

S. Album—3 inches. Thick, waxy, round foliage with white flowers on pink stems. Spreading.

S. Glaucum—2 inches. Blue-green foliage, pink flowers.

S. Spurium—6 inches. Bronze foliage, pink flowers. Spreads fast, good for covering sandy and rocky banks.

S. Stolonifera Coccinea—6 inches. Evergreen foliage in rosettes, purplish-pink flowers.

Sempervivum (Hen and Chickens)—We offer two varieties. **Globiferum**, gray-green foliage lightly tinted brown, yellow flowers. **Tectorum**, leaves tipped reddish-brown, pale red flowers; this is the real, old-fashioned House Leek. Each 25c; 5 for \$1.00; 12 for \$2.00.

PREMIUMS

PYRETHRUM, Double Red
Described and priced on page 49

Rudbeckia, The King—5 ft. The picture above gives but a glimpse of the majestic beauty of this new perennial. It starts blooming in early July and continues till fall. The flowers are large, 4 inches across, bright pink with large center cone. They last such a long time, both on the bush and when cut. It is a strong grower and tremendous bloomer. Perfectly hardy and easy to grow. Each 50c; 3 for \$1.25; 6 for \$2.00.

Statice Latifolia (Sea Lavender)—2 ft. Immense heads of small violet-blue flowers in July and August. Make fine winter bouquets. Plant in full sunshine and in light soil. Each 25c; 5 for \$1.00; 12 for \$2.00.

Sweet Pea, Perennial—Train this climber on a trellis, fence or bank, it will produce its lovely flowers all summer. New growth from the roots each year. Your choice of Red, Pink or White. Each 25c; 5 for \$1.00; 12 for \$2.00.

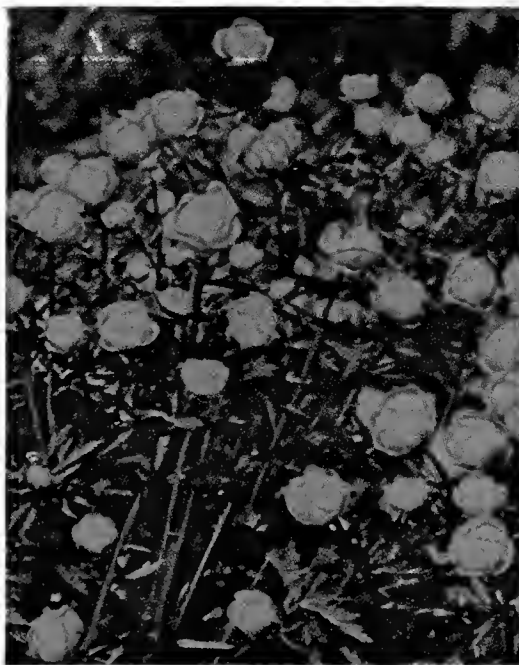

Sweet William—12 inches. Sweet, clove-scented flowers in great profusion during May and June. Choice of Red, Salmon, White or Pink. Each 25c; 5 for \$1.00; 12 for \$2.00.

Sweet William, Everblooming Red—12 inches. Produces bright red flowers all summer. Each 25c; 5 for \$1.00; 12 for \$2.00.

Tritoma (Red Hot Poker)—3 ft. Bright orange-scarlet blooms borne on stems 3 feet tall in August-September. Protect over winter or dig up and put in sand in cool cellar over winter. Each 25c; 5 for \$1.00; 12 for \$2.00.

Trollius, Empire Day—2 ft. The flowers are much larger than pictured, a rich golden orange color. Blooms profusely in May and June and generally

Inter-State's Hardy Perennials are guaranteed to please you. They are Big, Transplanted, Field-grown Plants that will bloom freely this summer because they were grown in the field in wide open rows and not in seedling beds. All varieties selling at the same price may be combined to get quantity prices. For example, New Dwarf Hybrid Aster, Barr's Pink Hardy Aster, Diener's Double Shasta Daisy, Columbines Separate Colors, Hollyhocks, Pyrethrums (except Pink Bouquet), Sedums, Sweet Williams, Yucca, etc., can all be combined to get 12 for \$2.00 or 5 for \$1.00.

TROLLIUS, Empire Day

Mr. W. F. Donaldson, Independence, Mo., wrote us on April 21, 1937—"Of some 12 or 15 orders in the past, every one has been delivered promptly and have been eminently satisfactory."

Mrs. Grace Cornell, Sidney, Ohio, wrote us on April 15, 1937—"I received my plants in good condition. They are growing fine, so I am ordering more. Satisfied customers are always steady customers."

Mrs. F. E. House, Etna, Calif., wrote us on April 15, 1937—"Wish to say I get the best plants from you, I have ever gotten from any nursery."

Mrs. C. Hollenbeak, Riggins, Idaho, wrote us on April 19, 1937—"I was very pleased with my other plants received from you. I never received nicer, better rooted, healthier stock from any nursery. All the plants are doing fine."

BUSH BEANS

Make several plantings of beans. Planted in July you get a good fall canning crop.

401 Burpee's Stringless Green Pod—The finest, round, green pod bush bean. Long meaty pods, always tender, always stringless even when full grown. Very fine flavor. Early and very productive.

402 Early Bountiful—Long flat green pods, tender, perfectly stringless. Extra early, long bearing and very productive especially on light sandy soils.

403 Tendergreen—A new bean that has proven its quality and merit. Long green pods, tender and perfectly stringless.

404 Improved Rustproof Golden Wax—Best known yellow pod bean. Fleshy, solid, and brittle pods with a rich butter flavor. One of the finest for home gardens.

405 Inter-State Stringless Wax—Round, light yellow, straight pods, stringless and tender. The finest variety

in our own gardens this season. Best for home gardens and canning.

406 Pencil Pod Black Wax—The best black seeded wax bean. Long, straight, stringless pods and very productive. Very tender and bear over a long period. Prices on all Bush Beans. Large pkt. 10c, ½ lb. 20c, 1 lb. 30c, 2 lb. 50c.

407 Improved Navy—The finest for field planting.

408 Great Northern—A little larger than the Navy and preferred by some.

409 Red Kidney—The best for shell beans.

Price on above three beans. Large pkt. 10c, ½ lb. 15c, 1 lb. 25c, 2 lb. 40c.

BUSH LIMA BEANS

410 Burpee's Bush Lima—Immense bearer. Large meaty beans of delicious flavor, tender, sweet and juicy.

411 Henderson's Baby Lima—Very early and productive, producing right up until frost. Fine for the middle west.

Prices on Bush Lima's. Large pkt. 10c, ½ lb. 20c, 1 lb. 30c, 2 lb. 55c.

POLE BEANS

412 Kentucky Wonder—Most widely planted and produces fine crops of large, green pods. Thick, meaty, tender, and good quality.

413 King of the Garden Lima—Best yielder and finest quality of all the pole limas.

414 New Hopi Lima—A new family of beans discovered on the Hopi Indian Reservation in northern Arizona. Disease free, grows everywhere, large lima flavor, and can be used either green or dry.

Prices on Pole Beans Large Pkt. 10c, ½ lb. 20c, 1 lb. 35c, 2 lb. 60c.

BEETS

Detroit Dark Red

430 Crosby Egyptian—The most tender early maturing sweet beet. Fine for home gardens. Pkt. 5c, 1 oz. 10c, ¼ lb. 25c.

431 Detroit Dark Red—Perfect Strain. The most popular of all beets. Tremendous yielder. A smooth, round, solid deep red beet that stays tender and very sweet. Pkt. 5c, 1 oz. 10c, ¼ lb. 30c.

432 Ohio Canner—A new beet used largely by canners, but fine for home gardens. The dark red roots remain tender and sweet. Pkt. 5c, 1 oz. 10c, ¼ lb. 30c.

433 Early Blood Turnip—Smooth, round, medium size beets of very fine quality. Stays red when cooked. Pkt. 5c, 1 oz. 10c, ¼ lb. 25c.

434 Swiss Chard, Lucullus—Belongs to the beet family but it is grown for its leaves, which make very fine greens. Cook the stalks like asparagus. Grows right through the hot summer. Pkt. 5c, 1 oz. 10c, ¼ lb. 25c.

435 Stock Beet, Mangels, Mammoth Long Red—The heaviest yielding, growing to an immense size. Easy to keep. Fine feed for poultry and stock. 1 oz. 10c, ¼ lb. 20c, 1 lb. 50c.

436 Stock Beet, Mangel Giant Half Sugar Rose—An unusually heavy

yielding variety. Keeps well. Unequalled for poultry and stock feed. 1 oz. 10c, ¼ lb. 20c, 1 lb. 50c.

CARROTS

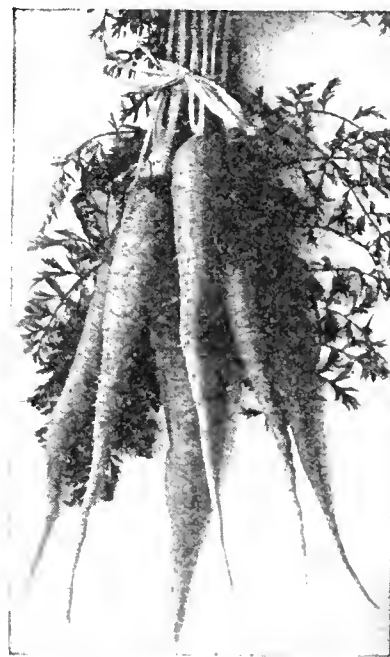

437 Improved Chantenay—We like this the best because of its delicious flavor, fine grained, sweet, tender with no hard core. Very productive. Rich orange color. Good keeper. Pkt. 5c, 1 oz. 10c, ¼ lb. 35c.

438 New Coreless—One of the sweetest and tenderest with no hard core. Smooth orange-scarlet color, and very uniform. Pkt. 5c, 1 oz. 15c, ¼ lb. 35c.

439 Imperator—One of the most outstanding new carrots. The deep orange 8-inch roots tapering to a blunt end make it fine for bunching. Pkt. 5c, 1 oz. 10c, ¼ lb. 30c.

440 Danver's Half Long—Well known, crisp, tender carrot of high quality. Very productive. Pkt. 5c, 1 oz. 10c, ¼ lb. 30c.

441 Oxheart—Short and thick, with no hard core. Always tender and sweet. Good keeper. Pkt. 5c, 1 oz. 10c, ¼ lb. 30c.

Improved Chantenay Carrot

CELERY

451 Golden Self Blanching—Thick solid stalks which blanch easily to a clear yellow. Crisp, delicious, good yielder. Pkt. 5c, ½ oz. 30c.

452 Select White Plume—Best white celery. Uniformly large, crisp, tender, rich flavored. Early, easily blanched. Pkt. 5c, ½ oz. 25c.

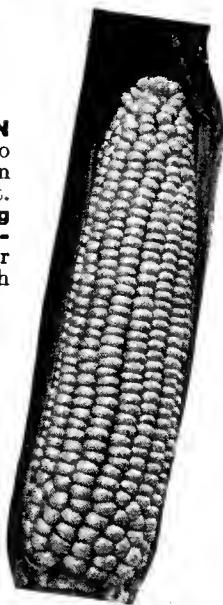

CAULIFLOWER

453 Dwarf Erfurt—An extra early home and market garden variety. Snow white, round, compact heads. Finest quality. Pkt. 10c, ¼ oz. 40c.

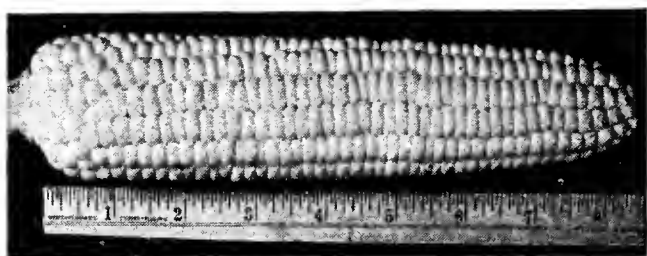

DELICIOUS SWEET CORN

Howling Mob

Golden Bantam

Stowell's Evergreen

DELICIOUS SWEET CORN
Only the home gardener, who picks and serves sweet corn fresh, can enjoy it at its best. One large packet each, **Howling Mob**, **Golden Bantam**, **Stowell's Evergreen**, postpaid for 20c; ½ lb. each 35c; 1 lb. each 60c.

CABBAGE

442 Copenhagen Market—Largest, early round headed cabbage, averaging 7 to 10 pounds. Pkt. 5c, ½ oz. 15c, 1 oz. 25c.

443 Danish Ballhead—The best round head winter cabbage. Heavy solid heads, unequalled for keeping and shipping. Pure white, crisp, tender, delicious. Fine for kraut. Pkt. 5c, ½ oz. 15c, 1 oz. 25c.

444 Early Jersey Wakefield—Very early, solid, conical shaped heads. Outer leaves thick and heavy, so stands more cold weather than any other sort. Extra early strain. Pkt. 5c, ½ oz. 15c, 1 oz. 25c.

445 Golden Acre—A selected early variety with round, firm, and uniform 3 to 4 pound heads and few outer leaves, permitting closer planting than other varieties. Resists bursting. Pkt. 5c, ½ oz. 15c, 1 oz. 25c.

446 Marlon Market—A yellow resistant strain similar to Copenhagen Market. A sure header, main crop, non-bursting variety. This is the finest cabbage for home or the market gardener. Pkt. 5c, ½ oz. 20c, 1 oz. 35c.

447 Premium Late Flat Dutch—Best flat head winter cabbage. Very large heads, fine quality, solid, good keeper. Fine for kraut. Tremendous yielder. Very reliable. Pkt. 5c, ½ oz. 15c, 1 oz. 25c.

448 Chinese Cabbage, Wong-Bok—Largest and most generally planted variety. Short thick heads. Pkt. 5c, ½ oz. 20c.

449 Chinese Cabbage, Pe Tsai—One of the finest and surest vegetables. Heads blanch easily. July is proper planting time. Pkt. 5c, ½ oz. 20c.

450 Red Rock Cabbage—The red pickling sort. Round, very solid, with deep red color. Pkt. 5c, ½ oz. 20c.

In order to have sweet corn for a long time grow several varieties. Plant early, medium and late, and enjoy more delicious roasting ears.

422 Howling Mob—One of the best early varieties. Large 12 to 16 rowed ears and very prolific. Clear white kernels, plump, and of fine quality. Large Pkt. 10c, ½ lb. 15c, 1 lb. 25c, 2 lbs. 45c.

423 Golden Cross Bantam—The greatest advance in sweet corn since Golden Bantam was introduced. Bright yellow, 12 rowed corn with 8 inch ears. Highest quality. Matures a few days after Golden Bantam, but is 2 or 3 times as productive. Resists bacterial wilt. Don't fail to plant some of this wonderful new corn. Fine for eating fresh and canning. Large Pkt. 10c, ½ lb. 20c, 1 lb. 35c.

424 Tendergold—For tenderness, succulence and high quality, we have never seen its equal. Matures a few days earlier than Golden Bantam, and generally twice as productive. Attractive, golden, 12 rowed ears 8 inches long. Remains tender longer than other corns. Resists bacterial wilt. Fine for eating fresh and also canning. The best extra yellow corn. Large Pkt. 10c, ½ lb. 20c, 1 lb. 35c.

425 Golden Bantam—Most popular yellow sweet corn. Ears are small but highest quality. Tender, sweet, delicious. Very early. Planted wherever sweet corn is known. Large Pkt. 10c, ½ lb. 15c, 1 lb. 25c, 2 lbs. 45c.

426 Country Gentleman—Long narrow deep grained, irregularly arranged on the cob. White. Late. Large Pkt. 10c, ½ lb. 15c, 1 lb. 25c, 2 lbs. 45c.

427 Hybrid Evergreen—By far the best white sweet corn. Large ears, deep kernels, sweet and tender. A tremendous yielder. Wonderful for canning. Plant some sure. Large Pkt. 10c, ½ lb. 25c, 1 lb. 40c.

SWEET CORN

428 Stowell's Evergreen—The standard main crop white sweet corn. Large ears, sweet and stay tender a long time. Very heavy yielder. Especially fine for canning. Large Pkt. 10c, ½ lb. 15c, 1 lb. 25c, 2 lbs. 45c.

429 Pop Corn—Japanese Hulless. The old standby but by far the best. Wonderful popping quality. Large Pkt. 10c, ½ lb. 20c, 1 lb. 30c.

CUCUMBERS

454 Chicago Pickle—Most popular cucumber for pickling. The right size, shape and color. Heavy yielder. Pkt. 5c, 1 oz. 10c, ¼ lb. 30c.

Imp. Long Green Cucumber

455 Improved Long Green—Considered the best all purpose cucumber. Does well everywhere. Can be used small for sweet pickles and large for dill pickles. Fine for slicing. Solid white flesh. Pkt. 5c, 1 oz. 15c, ¼ lb. 35c.

456 Davis Perfect—Dark green color, crispness, and vigorous growing qualities make this variety one of the best. Pkt. 5c, 1 oz. 10c, ¼ lb. 30c.

457 Improved White Spine—Most popular white spined variety for home use. Crisp, solid, white flesh. Very productive. Pkt. 5c, 1 oz. 10c, ¼ lb. 30c.

458 Straight Eight—The new All-America winner. Vigorous and productive, with long straight fruits averaging about 8 inches long, and an ideal dark green. Pkt. 5c, 1 oz. 15c, ¼ lb. 40c.

459 Dill—A commonly used herb. Can use both seeds and the leaves. Pkt. 5c, ½ oz. 15c.

EGG PLANT

460 Black Beauty—Thick, smooth dark purple fruit. Very early. Finest quality. Pkt. 5c, ½ oz. 20c.

ENDIVE

461 Green Curled—One of the finest for autumn and winter salads. Frost improves its quality and flavor. Pkt. 5c, 1 oz. 20c.

KALE

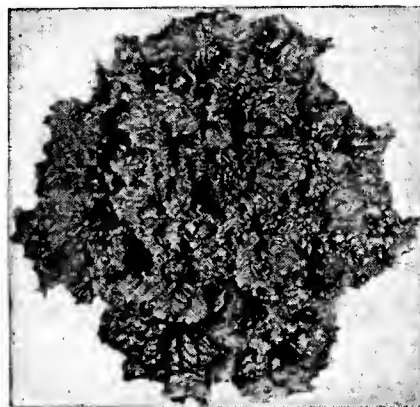

462 Green Curled—Valuable for greens in early fall, winter and spring. Easily grown. Fine for salads. Pkt. 5c, 1 oz. 15c.

KOHLRABI

463 Early White—Mild, crisp, white flesh makes this variety the choice of many. Very tender. Pkt. 5c, ½ oz. 15c.

LETTUCE

464 Black Seeded Simpson—Most widely planted early leaf lettuce. Does well everywhere. Broad frilled light green leaves are crisp, tender, fine quality. Grows early and quickly. Stands lots of hot weather and slow to go to seed. Pkt. 5c, 1 oz. 10c, ¼ lb. 35c.

Black Seeded Simpson Lettuce

465 Early Curled Simpson—Grows quickly. Large, light green ruffled leaves are crisp, sweet, excellent quality. Pkt. 5c, 1 oz. 15c, ¼ lb. 40c.

466 Early Prizehead—Large loose heads of crisp tender curly leaves tinged brownish red. One of the finest for home use. Pkt. 5c, 1 oz. 10c, ¼ lb. 35c.

467 Grand Rapids—Makes large compact bunches of light green leaves. Very tender and sweet. Pkt. 5c, 1 oz. 15c, ¼ lb. 35c.

468 Iceberg—Stands more hot weather than any other Head Lettuce. Heads are large, solid, white inside, crisp and fine quality. Pkt. 5c, 1 oz. 15c, ¼ lb. 35c.

MUSTARD

469 Giant Curled—The popular curled leaf variety. Produces a heavy crop and makes fine greens. Easy to grow. Pkt. 5c, 1 oz. 15c.

MUSKMELON

470 Hale's Best—One of the earliest round melons. Thick, fine grained, deep salmon flesh, richly flavored. Pkt. 5c, 1 oz. 10c, ¼ lb. 25c, 1 lb. 75c.

471 Hearts of Gold—This is our favorite. Salmon-orange flesh is very thick and is good right out to the rind. Medium size and unusually fine, sweet flavor. Pkt. 5c, 1 oz. 10c, ¼ lb. 30c, 1 lb. 90c.

472 Honey Rock—One of the sweetest, highest flavored and most ideal sized melons for home and market garden. Salmon colored flesh and almost round as a ball. An All-America Gold Medal Winner. Pkt. 5c, 1 oz. 10c, ¼ lb. 35c, 1 lb. 95c.

473 Osage—An old favorite. Does well in most any soil. Thick salmon flesh of very fine, luscious flavor. Pkt. 5c, 1 oz. 10c, ¼ lb. 30c, 1 lb. 85c.

474 Original Rockyford—The standard of all green meated melons. Planted all over. Thick meat good to the rind. Pkt. 5c, 1 oz. 10c, ¼ lb. 25c, 1 lb. 85c.

WATERMELON

475 Cole's Early—A good real early melon. Medium size, almost round. Flesh is crisp, tender and delicious flavor. Fine in states with short season. Pkt. 5c, 1 oz. 10c, ¼ lb. 30c, 1 lb. 95c.

476 Early Klondike—One of the finest melons for our section, and the north and west. Thin rind, dark red flesh, dark seeded, just right for the home garden.

477 Kleckley Sweet—Most popular of all watermelons and deserves to be. Large, oblong melons are glossy dark green. The bright red flesh is crisp, tender, and the sweetest and finest flavored of all. Rind is thin. Pkt. 5c, 1 oz. 10c, ¼ lb. 25c, 1 lb. 65c.

478 Stone Mountain—A new, very large, round melon which is very popular. Solid dark green. Ripens medium early. Exceptionally fine sweet, delicious flavor, and solid flesh. Pkt. 5c, 1 oz. 10c, ¼ lb. 25c, 1 lb. 65c.

479 Tom Watson—The great shipping melon. Like Kleckley's except the rind is tougher and seed is brown. Crisp, juicy, sweet flesh. Pkt. 5c, 1 oz. 10c, ¼ lb. 25c, 1 lb. 65c.

480 Early Kansas Sweet—A good early melon used largely by shippers, but also fine for home and market garden. The almost round, dark red flesh melons average about 30 to 40 pounds. Grown extensively in Kansas and Nebraska. Pkt. 5c, 1 oz. 10c, ¼ lb. 30c, 1 lb. 90c.

MARKET GARDENERS' ATTENTION

Special prices on large Quantities gladly given on request.

PARSNIPS

Hollow Crown Parsnip

486 Hollow Crown—The best parsnip. Smooth white skin with rich, tender, sweet flesh. Enormously productive. Pkt. 5c, 1 oz. 10c, ¼ lb. 35c.

PARSLEY

487 Parsley, Moss Curled—One of the finest Parsleys for garnishing. Rich deep green and compact plants. Pkt. 5c, 1 oz. 15c.

PEANUTS

488 Peanuts, Big Jumbo—Let the children grow a few for fun and it's worth while too. Large Pkt. 5c, ½ lb. 15c, 1 lb. 25c.

PEAS

415 Alaska—Earliest of all peas. Very hardy. Smooth seeded. Not as sweet as the wrinkled kinds, but they taste mighty good because they come so early. Large Pkt. 10c, ½ lb., 15c, 1 lb. 25c, 2 lbs. 45c.

416 Alderman—Best main crop vining pea. Very productive. Tall growing, so must be staked. Big pods of finest quality peas. Large Pkt. 10c, ½ lb. 15c, 1 lb. 25c, 2 lbs. 45c.

417 American Wonder—Popular early wrinkled pea. Dwarf. Good bearer, with 2½ to 3 inch pods of tender, sweet peas. Large Pkt. 10c, ½ lb. 20c, 1 lb. 35c, 2 lbs. 55c.

418 Giant Laxtonian—An exceedingly fine pea, and heavy bearer. The peas are large and very fine sweet flavor. Early. Large Pkt. 10c, ½ lb. 20c, 1 lb. 30c, 2 lbs. 55c.

419 Laxton's Progress—Grows 18 inches tall. Large pods with 8 big peas of extra fine quality. Ripens a few days before Giant Laxtonian. Large Pkt. 10c, ½ lb. 20c, 1 lb. 30c, 2 lbs. 55c.

Little Marvel Peas

420 Little Marvel—The choice of most home gardeners in the Middle West. Grows 18 inches tall and is just full of 3 inch pods, filled with 6 to 8 large, deep green, most delicious peas. Early. Large Pkt. 10c, ½ lb. 20c, 1 lb. 30c, 2 lbs. 55c.

421 Inter-State's Extra Early—One of the best early varieties for home gardens. Blunt light green pods with 6 to 7 peas of fine quality and flavor. Seeds medium sized and wrinkled. Large Pkt. 10c, ½ lb. 20c, 1 lb. 30c, 2 lbs. 55c.

PEPPERS

Treated for Fungus

489 California Wonder—Very fine, extra thick flesh. Juicy, sweet and very mild. Very large, sometimes weighing a pound. Heavy yielder. Pkt. 10c, ½ oz. 25c.

490 Ruby King—Popular because of its sweet, mild flavor. Fine for pickles. Pkt. 5c, ½ oz. 20c.

491 Pimiento—Sweetest pepper grown. Thick flesh. Productive. Bright red when ripe. Pkt. 5c, ½ oz. 20c.

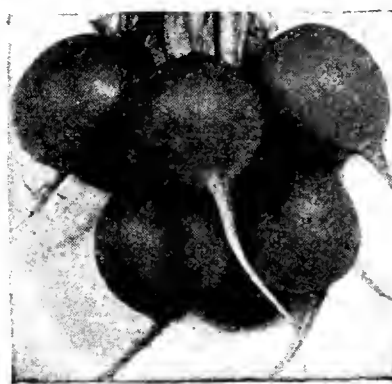

492 Long Red Cayenne—Bright red skin and deep red flesh, hot and biting. Pkt. 5c, ½ oz. 15c.

PUMPKINS

493 Connecticut Field—A large orange-yellow flesh pumpkin planted extensively with corn for stock feed. Also fine for canning and pies. Pkt. 5c, 1 oz. 10c, ¼ lb. 25c, 1 lb. 50c.

494 Small Sugar Pie—The finest for pies. Flesh is rich orange yellow, thick, sweet and fine flavor. Keeps well. Pkt. 5c, 1 oz. 10c, ¼ lb. 25c, 1 lb. 65c.

RADISH

Early Scarlet Globe

A new planting of radishes every 10 days will give a more crisp and delicious supply.

495 Early Scarlet Globe—One of the most popular early, crisp and tender radishes. Mild, globe shaped, and of the finest quality. Pkt. 5c, 1 oz. 8c, ¼ lb. 20c.

496 New Saxa—A quick growing, brittle and tender root with small top. Bright scarlet skin with crisp, juicy flesh. Pkt. 5c, 1 oz. 10c, ¼ lb. 25c.

497 French Breakfast—A favorite everywhere. Early, olive shaped, red with white tip. Crisp, tender, mild. Pkt. 5c, 1 oz. 10c, ¼ lb. 25c.

498 Scarlet Turnip White Tip—Grows to 1½ inches in diameter without getting pithy and bitter. Crisp, tender, sweet. Pkt. 5c, 1 oz. 10c, ¼ lb. 25c.

499 New Crimson Giant—Noted for its large size. Flesh snowy white. An attractive deep crimson color. Pkt. 5c, 1 oz. 10c, ¼ lb. 25c.

White Icicle Radish

501 White Icicle—Generally considered the finest of all radishes. Long white roots which stay crisp and mild a long time. Very tender and finest quality. Pkt. 5c, 1 oz. 8c, ¼ lb. 20c.

502 California Mammoth White—An excellent fall and winter radish. Long 7 to 8 inch roots are very thick. Crisp, white flesh. Pkt. 5c, 1 oz. 10c, ¼ lb. 25c.

SPINACH

503 New Zealand—This variety gives you fresh, tender greens all summer. The more you cut, the more it grows. Pkt. 5c, 1 oz. 10c, ¼ lb. 25c, 1 lb. 75c.

504 Nobel's Giant Thick Leaf—Large somewhat crumpled leaves, and one of the heaviest yielding varieties. Pkt. 5c, 1 oz. 10c, ¼ lb. 20c, 1 lb. 55c.

505 Savoy Bloomsdale—This is the earliest spinach. Very hardy, so can be planted real early. Some plant in the fall. Large leaves are curled and crinkled, rich deep green. Pkt. 5c, 1 oz. 10c, ¼ lb. 20c, 1 lb. 50c.

506 Mustard Spinach or Tender-green—A quick growing home garden green that withstands heat and drouth. Combines flavors of mustard and spinach. Leaves are oblong, broad and fairly smooth. Pkt. 5c, 1 oz. 15c.

TOMATOES

All our tomato, pepper and egg plant seed is treated for fungus. It prevents such large damping off losses, and gives more rugged plants.

512 Earliana—Most popular extra early. Medium size, bright red. Pkt. 5c, ½ oz. 20c, 1 oz. 30c.

513 Giant Ponderosa—Our selected strain produces fruit of immense size and smoother than most strains. Nearly seedless, very solid, fine flavor. Pkt. 5c, ½ oz. 25c, 1 oz. 45c.

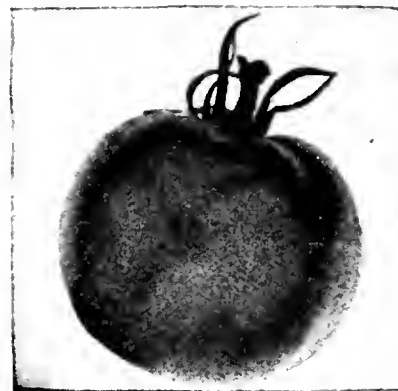

514 Greater Baltimore—Large, firm, smooth tomatoes of deep scarlet red. Very productive and bear over a very long period. Extra fine for canning. Pkt. 5c, ½ oz. 20c, 1 oz. 35c.

515 New Stone—One of the finest for canning and home use. Bright scarlet, smooth, solid, and a good yielder. Pkt. 5c, ½ oz. 15c, 1 oz. 25c.

516 Marglobe—Produces large, smooth, beautiful globe shaped, deep red tomatoes in enormous quantities. Very popular. Wilt resistant. Pkt. 5c, ½ oz. 25c, 1 oz. 45c.

517 Oxheart—Very large, often weighing 2 pounds. Almost seedless, solid, fine sweet flavor, pink. Especially fine for slicing. Pkt. 10c, ½ oz. 45c.

518 Pritchard Scarlet Topper—A new self-topping disease resistant tomato that is rapidly becoming very popular. Medium size fruit, fine, smooth, globe shaped, rich red color outside and inside. Does not crack. Especially fine flavor. Yields very heavily. One plant will bear 70 to 80 tomatoes. Pkt. 5c, ½ oz. 25c, 1 oz. 45c.

Rutger's Certified

519 Rutgers Certified—Our choice of all the red, meaty tomatoes. Does well in all sections, and is a good cropper. An unusual variety, ripening from the inside out. Fine for home gardens. Pkt. 10c, ½ oz. 35c.

520 Yellow Pear—Pear shaped yellow preserving tomato with a delicious flavor. Pkt. 5c, ½ oz. 30c.

HERBS MAKE A COMPLETE GARDEN

 Perennials are marked with an *.

ODD BUT USEFUL VEGETABLES

(Your Choice 5c per pkt.)

- 536 Brussels Sprouts, Long Island Improved.
 537 Broccoli, Italian Green Sprouting.
 538 Cress or Pepper Grass—Fine for garnishing.
 539 Chicory, Witloof—For salads.
 540 Collards—For greens.
 541 Corn Salad—For salads.
 542 Leek, American Flag—For soups and stews.
 543 Okra, Dwarf Green—Fine for soups and salads. 1 oz. 15c.
 544 Rutabaga, American Purple Top—Swede Turnip. ½ oz. 15c.

SALSIFY

- 507 Mammoth Sandwich Island—One of the most nutritious and most delicious vegetables, with a decided oyster flavor. Looks like a parsnip and keeps in the ground over winter, but should be dug in early spring before growth starts. Pkt. 5c, 1 oz. 15c, ¼ lb. 40c.

SQUASH

- 508 Chicago Warty Hubbard—Most popular winter squash. Keeps all winter. Pkt. 5c, 1 oz. 10c, ¼ lb. 35c.
 509 Acorn, Table Queen—Finest quality of all. Just right size to cut in half for serving. Shell is thin, baking in 20 minutes. Dark green color changes to bright yellow after storing. Good keeper. Yields enormously. Pkt. 5c, 1 oz. 10c, ¼ lb. 35c.
 510 Early White Bush (Patty Pan)—Very popular summer squash. Pkt. 5c, 1 oz. 10c, ¼ lb. 30c.
 511 Early Yellow Bush—Bright yellow flesh of choicest quality. Pkt. 5c, 1 oz. 10c, ¼ lb. 30c.

TURNIPS

- 521 Purple Top Strap Leaf—Very quick growing and a good keeper. Roots are flat, medium size, purple above ground and white below. Flesh is tender and mild. Pkt. 5c, 1 oz. 10c, ¼ lb. 20c, 1 lb. 50c.
 522 Purple Top White Globe—Well known turnip. Globe shaped, good size. Flesh is white, tender, fine grained and mild. Pkt. 5c, 1 oz. 10c, ¼ lb. 20c, 1 lb. 50c.

Purple Top White Globe

Home Lawn Mixture—A good lawn is the initial step in beautifying the home. Inter-State's Selected Home Lawn mixture of extra heavy Kentucky Blue Grass, White Dutch Clover, Red Top and other choice grasses will make your lawn a beauty spot. There is no timothy in this mixture, and only a small amount of quick growing nurse seeds to protect the Blue Grass until it is started. You are sure of the finest, most permanent, deep rooting lawn from this mixture. 1 lb. 40c, 3 lbs. \$1.00, 5 lbs. \$1.50, 10 lbs. \$2.75.

Shady Lawn Mixture—Use home lawn mixture for your ordinary lawn but if you are troubled with bare spots under shade trees or other places where ordinary grasses will not grow, try this Special Shady Lawn Mixture. It contains 25% Chewing's Fescue for dry, shady places with poor soil, 30% Poa Trivialis for moist shady places, and the balance carefully blended to give you a beautiful lawn. A Very Choice Mixture. ½ lb. 30c, 1 lb. 50c, 2 lbs. 90c, 4 lbs. \$1.65.

Extra Heavy Kentucky Blue Grass—This is our choice lot of extra fancy, heavy New Crop seed with the highest germination and purity. By far cheaper to use than light, chaffy, low priced seed because it goes much farther. Produces a close, compact turf and makes a Good Lawn. The same as used in our Home Lawn Mixture. 1 lb. 35c, 3½ lbs. \$1.00, 5 lbs. \$1.40, 10 lbs. \$2.55.

White Dutch Clover—The best clover for lawns that thrives well in any soil. Of close, compact growth and fine texture. ½ lb. 30c, 1 lb. 55c, 2 lbs. 95c.

PLENTY OF SEEDS

in every packet

You will find that Inter-State Seed Packets contain a very liberal amount of seeds, much more than many firms put in

Read Our Guarantee on Page 53

Manhattan, Kansas, Jan. 26, 1937.

I have planted your garden seed for three years and I honestly believe that every seed came up. The fruit trees and strawberries were the best I have ever planted.

Wm. Nelson, Rt. 1.

Hunter, Okla., Feb. 23, 1937.

Ordered your seed collection last year. From the cucumber seed we planted 14 hills and sold over \$30.00 worth besides a hundred quarts I canned.

Mrs. Otto Meier, Rt. 1.

Dunlap, Iowa, April 27, 1937.

I was so well pleased with your seeds last year, I wouldn't buy any others.

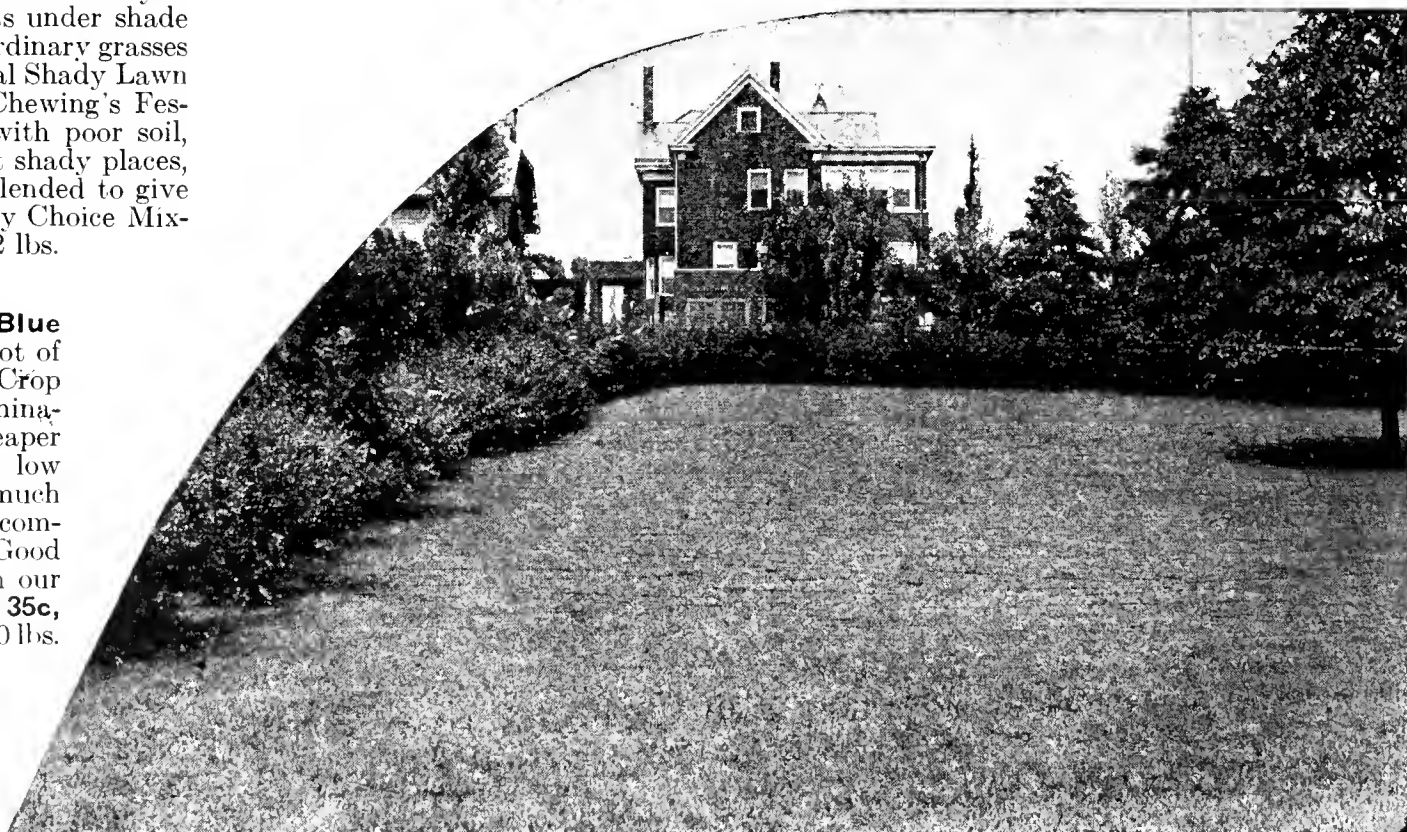

Mrs. D. E. Talbott

Armstrong, Ind., Feb. 24, 1937.

I am sending my order for seed to you again this year because I like to get what I order and I can count on your seeds to be exactly as described. My husband used to say that it is impossible to raise peas and beans as abundantly and perfectly as those pictured in the seed catalogs. But since we have been buying from you, he says that they beat any picture he ever saw.

Mrs. Bertha Steinkuhl, Rt. 1.

A Green Velvet Carpet FROM Inter-State's Lawn Grass

FLOWER SEEDS

EVERY ONE GUARANTEED TO GROW
IN YOUR GARDEN

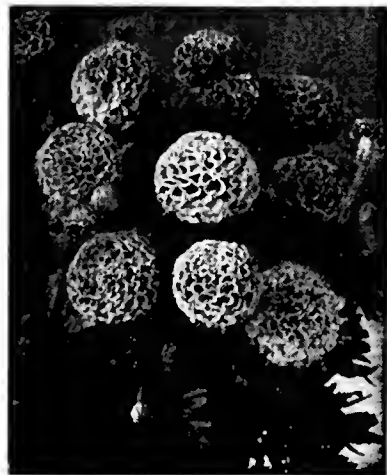

ASTER, Wilt Resistant

ALYSSUM, Little Gem

COSMOS, Mammoth

MARIGOLD

Plant some of these new flower varieties this year. The glorious colors of these improved strains will amaze you. For only a few cents a whole season of delightful flowers is yours to enjoy. Figure following name gives height of bloom in inches. Remember all seeds are Postpaid and Unconditionally Guaranteed to grow in your garden.

101 Abronia, Sand Verbena (6)—Trailing rock garden annual with ver-bena-like heads. Very fragrant. Of slow germination, flowering in late summer and fall.

102 Acroclinium, Double Hybrids, Strawflower (20)—When cut in the bud and dried these graceful daisy-like flowers are useful in winter bouquets. Early blooms.

103 African Daisy, Hybrida Mixed (12)—Single daisy-like blossoms of orange, gold, white and salmon. Compact bush plants always in bloom. Fine for cutting.

104 Ageratum, Little Blue Star (5)—A free flowering, quick growing annual. Covered with blue lavender toned flowers all season. An attractive, easily grown plant for border, edging, and rockery.

105 Alyssum, Saxatile compactum (9)—Brilliant golden yellow flowers. Early flowering rock garden and border plant. Very hardy.

106 Alyssum, Little Gem (6)—The most beautiful white, carpet-like border plant. A profuse flowering, edging plant, vigorous and easy to grow. Prefers transplanting for best results.

107 Alyssum, Procumbens (4)—Snow white beautiful blooms. Plants more dwarf than Little Gem. Best for rock garden work.

108 Amaranthus, Joseph's Coat (30)—A vigorous ornamental foliage plant. Likes hot, sunny locations for best results.

109 Anchusa, Blue Bird (18)—Large vivid indigo-blue forget-me-not-like flowers in a luxuriant bouquet at the top of the plant. Fine for brilliant bed and border effects. Blooms all summer.

110 Annual Rock Garden Mixture—A choice blend of the best annuals for the rock garden. Many varieties, and colors.

Aster Crego Wilt Resistant (27)—Large, double, and well formed blooms with curled and twisted petals. Beautiful for garden color and fine for cutting.

111 Giant Crego W. R. Mixed

112 Giant Crego W. R. Crimson

113 Giant Crego W. R. White

114 Giant Crego W. R. Purple

115 Aster, Imp. Branching Wilt Resistant (30)—Large double flowers in a vivid color range, with long stems fine for cutting.

116 Aster, Wilt Resistant Mixed (30)—Inter-State's special mixture of all varieties gives a long season of bloom in lovely colors. The finest for home gardens and for cutting.

117 Bachelor Button, Centaurea Blue Boy (24)—An easily grown annual with large, fully double flowers of lovely blue. Long stems are fine for cutting.

118 Bachelor Button, Centaurea Dbl. Mixed (24)—Showy, double flowers of blue, rose, white and red on long stems. Broadcast seed in a rich soil bed and they will flower freely from July until frost.

119 Balsam, Lady's Slipper, Finest Mixed (20)—An old favorite. Many showy flowers, free blooming and brilliantly colored. Likes the hot sun and rich soil.

120 Bean Scarlet Runner (Climber)—A very popular vine in the North. Plants strong, quick growing, with many bright flowers.

121 Balloon Vine (Love-in-a-Puff)—A clean growing vine with delicate clusters of bloom. Inflated seed pods resemble small balloons.

122 Brachycome, Swan River Daisy (12)—Free flowering and dainty blue, white, and pink blooms resemble small cinerarias. A fine edging and bed plant.

123 Browallia (10)—A compact and profuse blooming little plant covered with white and blue flowers. Likes rich soil, fine for cutting.

124 Calendula, Sunshine (18)—The buttercup yellow Calendula with large double flowers, resembling Chrysanthemums.

125 Calendula, Imp. Pot Marigold Double Mixed (18)—An old-fashioned free flowering annual. Especially lovely in late fall. Many shades of yellow and orange.

126 Calliopsis, Bicolor Dwarf Mixed (15)—Thrifty, vigorous plants with color variations of yellow, orange, brown, and maroon. Easily grown and bloom throughout the summer.

127 Campanula, Cup and Saucer (20)—A choice mixture of blue, rose, and white flowers in profusion. An easily grown biennial.

128 Columbine, Aquilegia, Crimson Star (18)—Large blooms with sepals and long spurs of deep coppery-crimson with white petals, a unique color combination. A vigorous and profuse flowering perennial.

129 Chinese Woolflower (24)—A choice mixture of crimson, rose, and yellow flowers on compact, pyramidal plants. One of the finest Celosia's.

130 Candytuft, Umbellata (10)—For mass planting with carmine, purple, lilac, rose and white flowers remaining in bloom for a long time. Make successive plantings for longer bloom.

131 Canterbury Bell, Annual Mixed (24)—A new desirable annual with strong plants bearing 6 to 8 flower spikes Blue, pink, rose, and white blossoms the first year from seed

132 Cardinal Climber, Ipomea Hyb.—Everybody admires this strong and rapid growing annual vine. Grows 15 to 20 feet, and is covered with fiery red flowers from midsummer until frost.

133 Carnation, Marguerite Special Mixed (16)—The most popular early flowering carnation. Robust and long stemmed plants give a continuous season of fragrant bloom.

134 Castor Bean, Ricinus (120)—A tall growing background plant with ornamental foliage. Plant a few in the border to keep away the moles.

135 Centaurea, Dusty Miller (10)—A very attractive foliage plant with its thick silvery white and green leaves. Easy to grow.

136 Chorizanthe, Turkish Rugging—Forms a dense mat of delicate pink statice-like flowers. One of the easiest grown rock garden plants.

137 Cockscorn, Celosia Plumosa (30)—Attractive crimson, scarlet and yellow plumes to brighten the garden from midsummer until frost.

138 Cockscorn, Spicata (36)—Round spike-like blooms of a soft bright rose changing to a silvery white. A very attractive garden flower.

139 Cockscorn, Celosia Cristata (30)—The old-fashioned celosia with its attractive velvety red heads is very beautiful.

140 Colx, Job's Tears (36)—An ornamental grass with curious seeds.

141 Coleus (15-20)—The most handsome foliage plant. Many attractive shades and colorings of yellow, copper, red, etc.

142 Cosmos, Mam. Early Flowering Mixed (48)—Makes a lovely bush of feathery green foliage covered with large single flowers of red, pink and white on long stems, from midsummer until frost.

143 Cypress Vine, Ipomea—A graceful climber with fern-like foliage covered with red and white blossoms in late summer and fall. Best planted with other vines.

144 Dahlia's, Unwins Finest Mixed (24)—The new dwarf hybrids make a glorious display of orange, red, lavender, yellow and maroon semi-double flowers. Bloom until frost.

145 Dianthus, Sweet Wivelsfield (12)—Large flowers in a wide range of brilliant colors, growing like Sweet William. Blooms first year from seed.

146 Dianthus, Heddewigi, Garden Pink, Double Mixed (12)—Easy to grow. Crimson, maroon, pink and violet flowers freely produced for many weeks. Fine for cutting.

147 Didiscus, Blue Lace Flower (36)—A dainty, charming blue and lavender flower. Excellent for bedding and cutting.

148 Euphorbia Heterophylla, Annual Poinsettia (30)—Similar to our popular Christmas plant. Glossy green leaves with vivid scarlet bracts makes it very attractive.

149 Four O'Clocks, Marvel of Peru (24)—An old-fashioned but beautiful hedge with its glossy foliage. Fairy flowers of red, yellow, white, and lilac from July until frost. Blooms profusely.

150 Gaillardia, Annual Blanket Flower (18)—A very profuse bloomer, rich in blends of red, orange, and gold. Choice colors add beauty to the garden all summer.

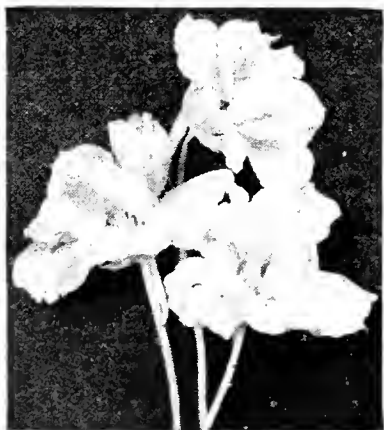

151 Gaillardia, The Dazzler (24)—Striking, daisy-like flowers of bright yellow with intense crimson center, all summer and fall. Fine for cut flowers and garden display.

152 Globe Amaranth, Gomphrena Everlasting (18)—One of the prettiest of the everlastings. Attractive colors, and showy blooms from midsummer until late fall.

153 Gourds, Ornamental Mixed—A useful vine for covering fences, slopes and unsightly places. A special mixture of small types that are very decorative.

154 Godetia, Upright Single Mixed (18)—One of the most attractive hardy annuals. Poor soil gives profuse bloom. A richly colored, satiny textured flower, very showy.

155 Gypsophila, Annual Baby's Breath (15)—Charming little plants thickly covered with tiny white blossoms. Make several sowings for a continuous bloom.

NASTURTium, Golden Glim.

MARIGOLD, Little Giant

All flower seeds on pages 57, 58, and 59 are all 8c per packet, 4 packets for 25c—alike or assorted, your choice (Postpaid).

156 Hollyhocks, Double Mixed (72)—Chater's very choice strain of large double flowers in many beautiful colors. Hardy.

157 Hunnemannia, Mexican Tulip Poppy, Sunlight (15)—Magnificent golden yellow poppy-like, semi-double flowers in bloom from July until frost. Sea-green feathery foliage.

158 Kochia, Mexican Fire Bush (30)—Easily grown and a favorite for home garden hedges. Moss-like clear green foliage turns bronze red in the fall.

LARKSPUR

159 Larkspur, Annual Mixed (36)—One of the best annuals. Blooms profusely for many weeks. Fine for cut flowers and also bedding. This is an improved strain with the widest range of colors, blue, pink, violet, scarlet, white, etc.

160 Linaria, Fairy Bouquet (8)—A new strain of distinct flowers with colors such as rose, yellow, pink, lavender and many others. The small snapdragon-like flowers are so dainty. Thin plants for best results.

161 Linum, Scarlet Flax (16)—A free flowering summer annual. Make successive plantings for a continuous supply of crimson-orange flowers.

162 Lobelia, Crystal Palace (4)—A very desirable edging plant, also fine for bedding. Simply loaded with rich, deep true blue blossoms all season.

163 Lunaria, Honesty Plant (45)—An annual with purple flowers followed by silvery seed pods and useful in winter bouquets.

164 Lupines, Texas Blue Bonnet (15)—An easily grown, free flowering annual with dark, glossy foliage. Fine for cutting, beds, and also for borders. Likes part shade.

165 Marigold, Fr. Dwf. Monarch Strain (12)—An All-American winner, very double, and in a wide range of colors. Combinations of orange bronze, yellow and mahogany. Easily grown. Does well in dry weather.

166 Marigold, Giant African Dbl. (30)—A marvelous selection, giving you an abundance of yellow, brown, lemon and orange blooms all summer. Fine planted with larkspur. Very easy to grow.

167 Marigold, Little Giant (8)—This is a dwarf, neat and compact edging plant with an abundance of gay, glowing orange flowers. Very dainty, with fern-like foliage all summer and fall.

168 Marigold, Guinea Gold (24)—A distinct type covered with almost double flowers from midsummer until frost. Gay, glowing orange flowers and little odor.

169 Marigold, Yellow Supreme (30)—Creamy yellow blossoms of the carnation flowered type. Easily grown. Does well everywhere.

170 Mignonette, Finest Mixed (15)—Delightfully fragrant flowers of red, yellow, gold and white. Everblooming. Useful for cutting and combining in bouquets.

171 Morning Glory, Giant Japanese Mixed—This is a selected strain with mammoth flowers. Gay colors that will astonish you. Plant in full sun for best bloom.

172 Nasturtium, Dwarf Mixed (12)—Our own mixture of the most popular dwarf annual. Easy to grow on poor soil, and blooms for weeks. Fine for beds and borders.

173 Nasturtium, Tall Trailing Mixed—This is a giant flowering strain strong in colors of red, yellow, salmon and orange.

174 Nasturtium, Golden Gleam—Large, double, fragrant golden yellow flowers on long stems are fine for cutting. Blooms profusely, and is beautiful in the garden. Won an All-America Gold Medal, and is probably the most widely planted of all the new flowers.

PETUNIA, Calif. Giants

175 Nasturtium, New Glorious Gleam Hybrids—Large, double and sweet scented flowers. Fine for beds and borders. Magnificent colors. Award of Merit 1935.

176 Nasturtium, Scarlet Gleam—Immense flowers of a fiery orange scarlet color. The long stemmed sweet scented blossoms completely cover the plant. Ideal for your garden. A Gold Medal Winner.

177 Nasturtium, Dwarf Dbl. Golden Globe—The sweetly scented, semi-double golden yellow flowers freely cover the compact bush type plant. Easily grown. Very popular. Award of Merit 1936.

178 Nicotiana, Sweet Scented Tobacco (30)—These stately plants with large trumpet shaped blooms of assorted colors are very easy to grow. From midsummer to frost their evening perfume gives your gardens fragrance.

179 Nigella, Love-In-a-Mist, Miss Jekyll (15)—Cornflower blue large flowers set in a mist and fern-like foliage. Very attractive.

Petunia (12)—An easily grown annual, blooming early and continuously until frost. Most successful flower in our garden decorations. Improved colors give exquisite beauty in beds, borders, and terraces. The Balcony or trailing types are best for window boxes.

180 Exquisite Mixed—Finest for bedding.

181 Purple—Royal Purple, almost like velvet.

182 Rose of Heaven—Brilliant rose. An improved rosy morn.

183 Flaming Velvet—Rich, velvety, wine red flowers.

184 Periwinkle—A pastel blue shade.

185 California Giants—Finest mixed. Large, ruffled, and fringed.

186 Balcony Blue—A velvety violet blue.

187 Balcony Rose—A striking fiery rose.

188 Balcony White—One of the finest, pure snow white.

189 Pansy, Giant Superb Mixed (6)—We recommend this highly because of its beautiful color range. A very large flowering strain.

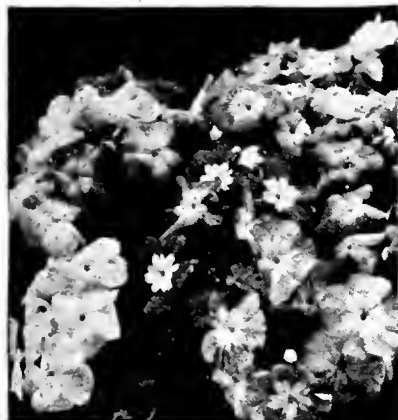

190 Phlox, Drummond Annual Mix. (12)—One of the easiest grown and most satisfactory of all flowers. Our special strain with its rich variety of clear, vivid colors will delight you. Blooms profusely, forming a sheet of color, even in the hot weather.

191 Phlox, Starred and Fringed (12)—A new flower with fringed and cut blossoms of many colors. Look almost like twinkling stars.

192 Poppies, Giant Double Mixed (36)—A wonderful annual mixture of the mammoth carnation-flowered poppies. Double fringed flowers in many shades of pink and red.

193 Poppies, Eschscholtzia, Calif. Mixed (12)—A showy free blooming annual rich in crimson, pink and orange-scarlet shades. Sow in the fall or real early spring.

**All flower seeds
on pages 57, 58,
and 59 are all 8c
per packet, 4
packets for 25c—

PHLOX, Drummondii

PORTULACA, Double

STOCKS, Double Mixed

SNAPDRAGON, Rust-proof

194 Poppies, American Legion (20)—A beautiful satiny and brilliant scarlet flower with a white maltese cross.

195 Poppies, Shirley, Fine Mixed (20)—Satiny flowers of various colors, all with the white center.

196 Portulaca, Single Mixed (4)—Brilliant colors. Like a hot sunny place and bloom until frost.

197 Portulaca, Rose Moss, Double Mixed (4)—Our unsurpassed choice doubles. Thrive on poor soil and during dry weather when everything else is out of bloom, these dainty flowers are at their best. The delicate green foliage is simply covered all season with brightly colored flowers. Resemble small roses.

198 Rudbeckia, Bicolor Superba (20)—A colorful golden yellow flower with dark markings. Fine for cutting.

199 Salpiglossis, Painted Tongue Trumpet Flower (27)—A profuse blooming annual with gold veined petals of deep rich color in many combinations. Easily grown but likes a sunny location.

200 Salvia, Blue Bedder Farinacea (36)—Tall spikes of the loveliest rich flowers, useful as an everlasting. Fine for beds and cutting.

201 Salvia, America Globe of Fire (18)—The most uniform continuous bloomer of all scarlet sages. Mammoth, brilliant flowers on compact plants.

202 Scabiosa, Mourning Bride (30)—The large flowered hybrids with long stemmed plants and many soft colors, equally fine for garden and cutting. Pick off the faded flowers for continuous bloom.

203 Scabiosa, Black Prince (30)—A showy plant with rich black purple flowers.

204 Scabiosa, Blue Cockade (30)—One of our best continuous blooming annuals. (A lovely blue.)

205 Snow on the Mountain (24)—Euphorbia is one of the showiest ornamental foliage plants. The attractive leaves are edged white and green.

206 Stocks, Finest Double Mixed (15)—Our choice mixture of large flowers in a wonderful range of colors. Bloom profusely in late summer and fall. Like a rich sandy loam.

207 Snapdragon, Finest Mixed (24)—Our rust-proof strain gives the most beautiful and colorful flowers. Make attractive beds and unexcelled for cutting.

208 Snapdragon, New Calif. Rust-Proof (24)—Our new De Luxe mixture gives the finest color range of all the rust-resistant mixtures. Beautiful beds of colors to delight the flower lovers. One of the finest annuals for cutting.

209 Strawflowers, Everlastings, Finest Mixed (12-24)—Our own collection of rich, glittering colors and many kinds. Especially selected for your winter and decorative bouquets.

210 Sunflower, Mammoth Russian (120)—Attractive large heads make a feeding table for many birds in late summer.

211 Sweet Peas, Spencer Mixed—The flower everybody loves. A wide variety of color and such beautiful flowers. Make your planting early for sure success.

Sweet Peas, Early Large Flowering Spencers—A new race of Sweet Peas having the large Spencer type flower, but bloom earlier and last longer. Blossoms have semi-double appearance. Best for planting where spring is late.

212 Blue Bonnet—A fine clear blue.

213 Red Bird—Bright crimson red.

214 Large Flowering Mixed—Pkt 8c, 1 oz. 20c, 2 oz. 35c.

215 Sweet Peas, Everlasting Mix—Similar to annual Sweet peas, but flowers larger and more wax-like. Remove seed pods for continuous bloom. Hardy.

216 Sweet Sultan, Centaurea Mix (30)—Flowers have deeply fringed petals, graceful in form and fragrant. Exquisite colors of rose, lavender, lilac, purple, white, and yellow. Long stems, fine for cutting.

217 Sweet William, Single Mixed (18)—A perennial favorite of the flower lover. Early spring bloom in rich and varied color.

218 Verbena, Mammoth Choice Mixed (10)—One of the most popular flowers, because it can be used so many places. Fine for borders, beds, porch boxes, and among tall growing plants like Lilies. Blooms profusely all summer and fall.

219 Verbena, Beauty of Oxford (8)—Soft rose colored large individual blooms with some tinged salmon. Easy to grow.

220 Vinca, White with Crimson Eye—Glossy dark green foliage, and a profusion of flowers with a crimson eye. This Island of Madagascar flower makes a colorful border in late summer and fall.

221 Tithonia, Golden Flower of the Incas (72)—A flower for the South, resembling single African Marigolds. Orange vermillion flowers with foliage and growing habit like Dahlias. Must be started early for bloom in our section.

222 Torenia, Wishbone Flower (12)—An easily grown annual. Fine for window boxes, borders, and low bedding. Even in dry weather a profusion of light-blue flowers. Useful for rock gardens.

223 Zinnia, California Giants (36)—One of the most popular flowers. Grows everywhere and stands any kind of weather. Graceful and in a wide range of color.

Zinnia, Gold Medal Dahlia Flowered (30)—Immense dahlia-like flowers whose petals seem to be almost piled one upon the other. The most widely planted, with large, double flowers, and in such a wide range of colors.

224 Canary Bird—A very rich canary yellow.

225 Crimson Monarch—The very deepest crimson.

226 Oriole—A choice orange and gold bicolor.

227 Exquisite—Light rose, with a darker center.

228 Finest Mixed—All colors.

229 Zinnia, Pompon or Lilliput (24)—Small, compact flowers of rich, bright colors make this most popular for cut flower use. The surest and most gorgeous annual.

230 Zinnia, Red Riding Hood (20)—A compact, lilliput type covered with double scarlet flowers. A choice border plant.

231 Zinnia, Lilliput Tomb Thumb (6-10)—A dwarf, compact, and very attractive zinnia with small and brightly colored flowers. Must be transplanted for uniform height. Easily grown.

232 Zinnia, Haageana (12)—The Mexican Zinnias have a charm all their own. Small flowers, attractive colors and in many combinations. Fine for bedding or cutting.

223 Zinnia, Fantasy Fine Mixed (24)—A lacy petaled fascinating new flower that is unusually charming. Fine for garden and cutting. Novelty flowers in the delicate shades of red, yellow, orange, pink, and cream.

New Creations and Novelties

Be sure and plant some of these marvelous new creations. Just a few cents will bring you a whole garden of beautiful flowers. Figure following name gives the average height in inches when in bloom. **ALL SEEDS ARE POSTPAID.**

LARKSPUR, Rosamond

251 Balsam, Bush Flowered (10)—Dwarf plants, 8 to 10 inches in height, compact and literally covered with their double flowers. Make a show of color rather than foliage. Pkt. 15c.

252 Coreopsis, Double Sunburst (24)—A new perennial, with large, golden yellow, fully double flowers. Lasts year after year. Plant in early spring or fall. Pkt. 15c.

253 Cosmos, Orange Flare (36)—Vivid orange flowers produced freely on long wiry stems all summer and fall. Easily grown and one of the highest rated Gold Medal Winners. Flowers profusely. Pkt. 10c.

254 Dianthus, Pinks, Fringed Dbl. Mixed (12)—A new strain of Japanese Pinks with extremely large flowers which are deeply cut. Wonderful color markings, mostly in shades of pink and red. Long stems, fine for cutting. Blooms continuously. Pkt. 10c.

255 Dwarf Cup Flower (6)—One of the finest edging, border, or bedding plants. Lovely lavender blue flowers, heightened by a touch of yellow in the center, are charming. Has no equal in a window box or flower pot. Pkt. 15c.

256 Golden Bedder, Cheiranthus (12)—A neat growing plant with good sized flowers in a lovely shade of golden yellow. Especially fine as an edging or rockery plant. A hardy perennial which blooms the first year from seed. Pkt. 15c.

257 Larkspur, Rosamond (20)—Large double florets of a pure deep rose color, blooming two weeks earlier than other varieties. Awarded the All-America Gold Medal. Pkt. 10c.

258 Larkspur, Giant Imperial White King—Given Special Mention in the 1937 All-America selections and the outstanding larkspur in recent years. Pure glistening white flowers with rounded broad petals evenly spaced on the stems are fine for cutting. An early blooming larkspur that you will enjoy. Pkt. 15c.

259 Marigold, Crown of Gold (24)—The new marigold with odorless foliage and flower centers of short curled and quilled petals with an outside collar of flat guard petals. Fragrant orange flowers in profusion all summer and fall. The 1937 Gold Medal Winner. Pkt. 15c.

260 Marigold, Dwarf Dbl. Harmony (15)—A charming, scabiosa-like flower with deep orange center petals flanked by wide dark maroon-brown petals. Free flowering blooming more abundantly in dry weather. Pkt. 10c.

261 Morning Glory, Imp. Heavenly Blue—A glorious vine with lovely, large, blue flowers with lighter throat and often listed as Moonflowers. Plants like coarse gravelly soil, bloom early, and are a mass of open flowers until late in the afternoon. Trained over arches they create a sensation. Pkt. 10c.

262 Pansy, Super Swiss Giants (6)—A special mixture of perfectly blended, choice, rare colors. Compact plants with beautifully frilled flowers. Unsurpassed for size and color. Pkt. 20c.

263 Pansy, Shakespeare's Hearts-ease (4)—A simple, quaint little Pansy suitable for any location in the garden. Similar to our Violet in size and form. Purple, yellow, white or blue colors that are very pleasing. The most popular flower of Shakespeare's time. Pkt. 25c.

264 Petunia, Martha Washington (6)—An Award of Merit winner forming a perfect ball, and literally covered with graceful, ruffled flowers. Blush pink blooms with wine-red veins leading to the throat of dark violet. Pkt. 15c.

265 Petunia, New Rose Gem (8)—A dwarf, compact plant covered all summer with lovely, rich deep rose flowers that have made it so popular. Fine for bed and border plantings. Pkt. 15c.

266 Petunia, Theodosia (10)—Large, fringed, rose pink flowers that look almost double. A clear golden throat makes it unusual. Sturdy plants and a profusion of bloom. Pkt. 15c.

267 Petunia, Dbl. Ruffled Monsters (10)—One of the finest strains of All-Double petunias, perfected for size and color. Likes rich, mellow soil, and gives flowers of unequalled beauty and charm. When resetting use some of the smaller plants too, as many times they produce the best doubles. Pkt. 25c.

268 Phlox, New Rainbow Gigantea (9)—A new strain of Phlox Drummondii with enormous 1 to 1½-inch flowers in a wonderful color range of soft art shades. Soft color combinations never before seen in annual phlox. Given an award of merit. Pkt. 10c.

269 Salpiglossis, Dwf. Giant Flowering (15)—A new dwarf mixture of this colorful and popular annual. The free flowering plants are compact and branching. Ideal for beds and borders. Pkt. 15c.

270 Sweet Peas, Shirley Temple—The most lovely in color and the sweetest perfumed of all the new Sweet Peas. Four beautiful soft rose pink blooms, the largest we have ever seen. Early and continuous flowering, long stemmed fine for cutting. Pkt. 15c.

271 Sweet Peas, Delicious—A lovely, delightful new color reminding one of crushed strawberries and cream blended together in a delicious combination. This is one of the most outstanding sweet pea introductions. Pkt. 25c.

272 Zinnia, Linearis (10)—The most unusual and interesting of the newer zinnia. The single flowers are a lovely shade of golden orange, with a delicate lemon yellow stripe through each petal. Extremely early blooming and valuable for border and edging use. Pkt. 15c.

A ONE DOLLAR VALUE

Inter-State Offers You Two Great Seed Collections

The "Home Garden" Collection gives you just the vegetables you want for an early garden and a supply of beautiful flowers spring, summer and fall. A regular \$1.00 value for just 50c, half price.

The Big "Fill-Basket" Collection is the greatest vegetable seed offer we have ever made. It is a full regular \$2.00 value for only \$1.00, just half price. You get a full pound of beans (2 varieties), a full pound of peas (2 varieties), 2 Extra Large Packets of Sweet Corn, a full ounce each of Beets and Cucumbers and 17 other regular large full size packets, each different. Notice that we put in our best varieties, our most popular. You will have garden-fresh vegetables for table use and plenty to can for winter.

In both collections, we put in our regular large full size packets, exactly the same as used in filling assorted orders. We absolutely guarantee these seeds to please you, not only when you get them, but also after you plant them. We guarantee them TO GROW IN YOUR GARDEN.

Plant Inter-State's Guaranteed Seed and Have a Big Garden

Mrs. Charles Weable, Davis City, Iowa, wrote us on March 6, 1937—"Just received the Fill-Basket garden seed and are certainly pleased with them. I never saw so many seeds for the money. We opened them and found them so bright and clean and they are all seeds, no stems, nor dust and are uniform in size, so we feel that we got a real bargain. I think there's nothing helps to keep the living expenses down like a good garden and am sure if we plant all those seeds we will have an abundance of vegetables for the family all summer and to can for winter use."

Mr. Clay Millam, Jonesburg, Mo., wrote us on April 15, 1937—"I received my vegetable seed order sooner than I expected. Have planted some of the earliest kinds and was surprised and pleased at how quickly they came up and at the fine stand I have."

NEW SASS IRIS

Sass Iris are recognized as being America's finest. We wish you could see them as they bloom in the Sass gardens. Reds such as the eye of man never saw before; pinks that are the world's finest; blends of such beauty that they have set the Iris world afire; pure snow whites; yellows like gleaming gold; blues from deepest indigo to clear azure; royal purple. Every one bred for vigor, free-blooming, strong stems, large flowers. Each season the Sass brothers set aside for us a limited number of these iris from their newest seedlings. We unconditionally guarantee them to please you.

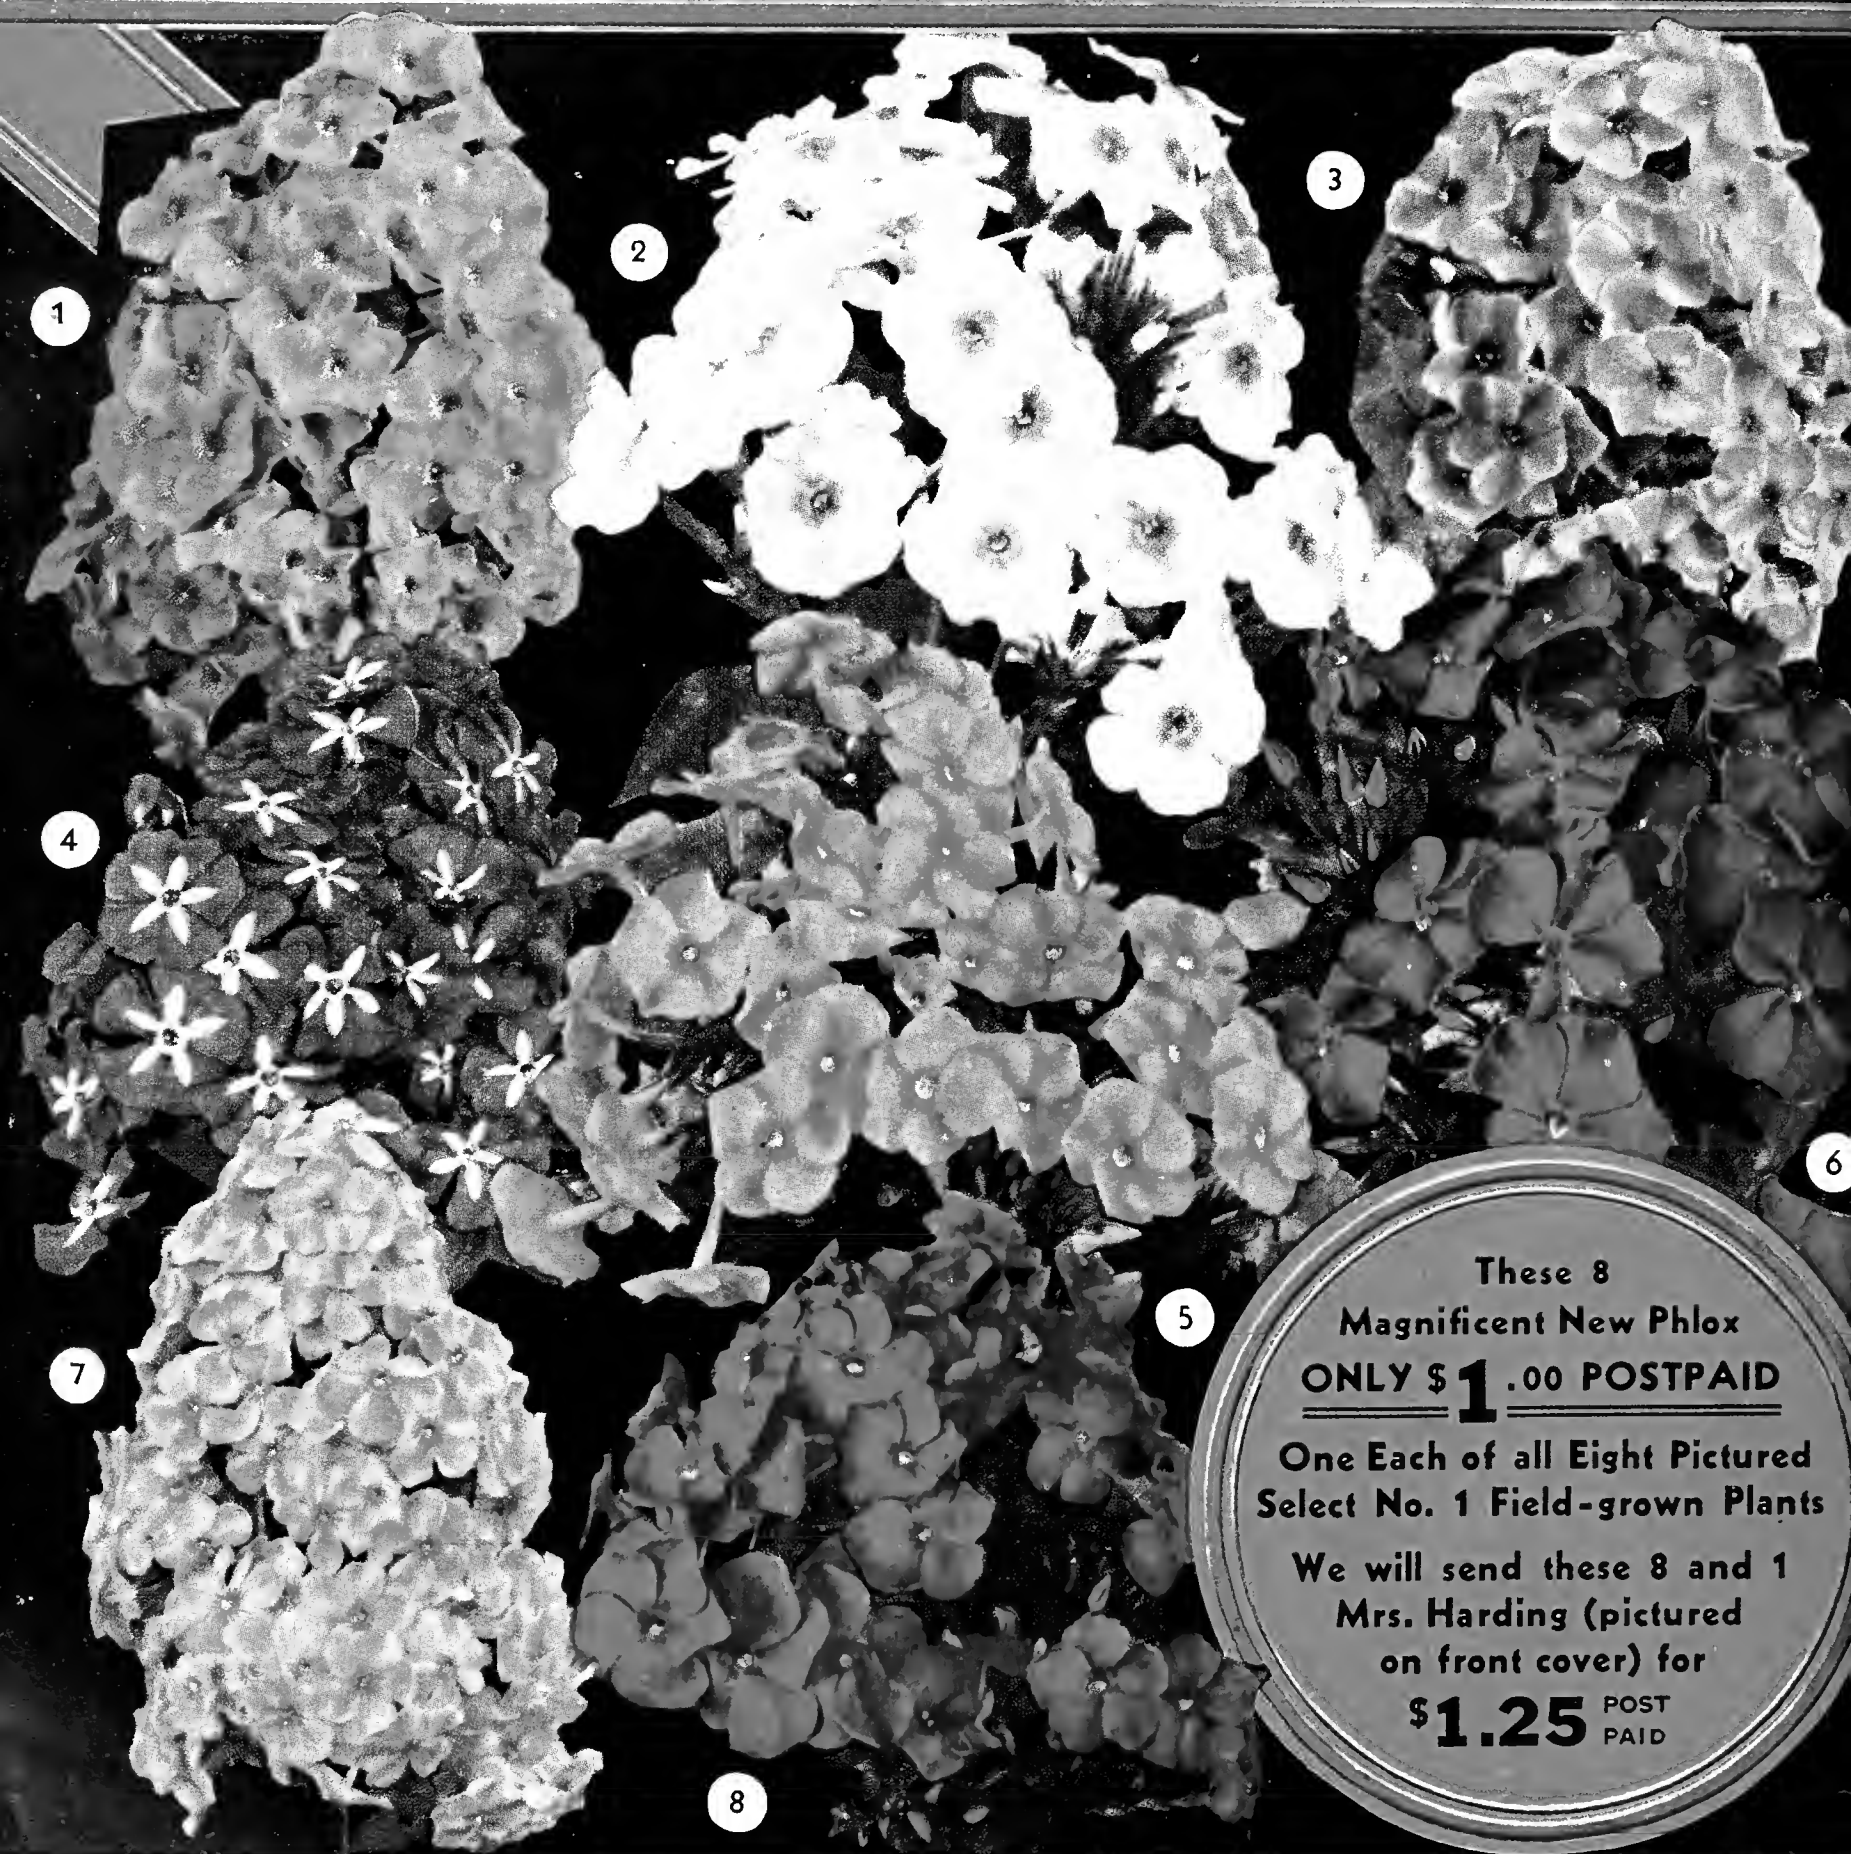

IRIS OFFER No. 9
